4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the upcoming school year. For the 2025-2026 School Year, the SHS ASB will work on promoting the sales of ASB cards, the opportunities this card gets students, and ways to obtain an ASB card if students have financial hardship. The goal next year is to track all participation at ASB events using a tracking system and also reward students for participating. Over the summer and during our back to school days, SHS will be intentional about advertising Sports and Activities Costs, along with resources to help stop barriers to students from participating. Additionally the ASB will work harder to increase marketing of all SHS ASB events and Activities to help increase involvement.
