INDEPENDENT AUDITOR'S REPORT

Governing Board
South San Francisco Unified School District
South San Francisco, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the South San Francisco Unified School District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the South San Francisco Unified School District, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 14, budgetary comparison schedules on pages 73 through 75, schedule of changes in the District's total OPEB liability and related ratios on page 76, schedule of the District's proportionate share of the net OPEB liability - MPP program on page 77, schedule of the District's proportionate share of the net pension liability on page 78, and the schedule of District contributions on page 79, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South San Francisco Unified School District's basic financial statements. The accompanying supplementary information such as the combining and individual non-major fund financial statements and Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2019, on our consideration of the South San Francisco Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of South San Francisco Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering South San Francisco Unified School District's internal control over financial reporting and compliance.

This section of South San Francisco Unified School District's (the District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2019, with comparative information for the year ending June 30, 2018. Please read it in conjunction with the District's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the District (including capital assets), as well as all liabilities (including long-term obligations). Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

The *Fund Financial Statements* include statements for each of the three categories of activities: governmental, proprietary, and fiduciary.

The *Governmental Funds* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The *Fiduciary Funds* are prepared using the economic resources measurement focus and the accrual basis of accounting.

Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by the integrated approach.

The Primary unit of the government is the South San Francisco Unified School District.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's Net Position and changes in them. Net Position is the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources, which is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's Net Position will serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other factors to consider are changes in the District's property tax base and the condition of the District's facilities.

The relationship between revenues and expenses is the District's *operating results*. Since the governing board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the District. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, the District reports all of its services in the following category:

Governmental Activities - This includes the education of kindergarten through grade twelve students, adult education students, the operation of child development activities, and the on-going effort to improve and maintain buildings and sites. Property taxes, State income taxes, user fees, interest income, Federal, State, and local grants, as well as general obligation bonds, finance these activities.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education.

Governmental Funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

THE DISTRICT AS A TRUSTEE

Reporting the Districts Fiduciary Responsibilities

The District is the trustee, or *fiduciary*, for funds held on behalf of others, like our funds for associated student body activities, scholarships, employee retiree benefits, and pensions. The District's fiduciary activities are reported in the *Statement of Fiduciary Net Position*. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL HIGHLIGHTS

Total Net Position decreased 28.2 percent over the course of the year. Overall revenues were \$130,983,789, \$10,165,880 less than expenses. The total cost of basic programs was \$141,149,669. Average daily attendance (ADA) in grades K-12 decreased by 175, or 2.1 percent.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

THE DISTRICT AS A WHOLE

Net Position

The District's Net Position was \$25,888,993 for the fiscal year ended June 30, 2019. Of this amount, \$(20,740,319) was unrestricted. Restricted Net Position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing board's ability to use that Net Position for day-to-day operations. Our analysis below, in summary form, focuses on the Net Position (Table 1) and change in Net Position (Table 2) of the District's governmental activities.

Table 1

	Governmental Activities	
	2019	2018
Assets		
Current and other assets	\$ 96,601,257	\$ 96,430,278
Long-term receivable	21,756,344	25,692,522
Capital assets	204,220,697	207,453,463
Total Assets	322,578,298	329,576,263
Deferred Outflows of Resources	33,385,080	33,158,257
Liabilities		
Current liabilities	5,495,854	6,838,187
Long-term obligations	211,011,542	211,779,879
Aggregate net pension liability	108,408,748	102,753,861
Total Liabilities	324,916,144	321,371,927
Deferred Inflows of Resources	5,158,241	5,307,720
Net Position		
Net investment of capital assets	26,556,725	30,173,053
Restricted	20,072,587	17,403,043
Unrestricted	(20,740,319)	(11,521,223)
Total Net Position	\$ 25,888,993	\$ 36,054,873

The \$(20,740,319) in unrestricted net position of governmental activities represents the accumulated results of all past years' operations. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – decreased by 80.0 percent (\$(20,740,319) compared to \$(11,521,233)).

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Changes in Net Position

The results of this year's operations for the District as a whole are reported in the *Statement of Activities* on page 16. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

Table 2

	<u>Governmental Activities</u>	
	<u>2019</u>	<u>2018</u>
Revenues		
Program revenues:		
Charges for services	\$ 1,551,357	\$ 1,391,404
Operating grants and contributions	16,270,046	14,220,174
General revenues:		
Federal and State aid not restricted	8,281,492	8,017,454

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Governmental Activities

As reported in the *Statement of Activities* on page 16, the cost of all of our governmental activities this year was \$141,369,967. The amount that our taxpayers ultimately financed for these activities through local taxes was only \$102,913,728. The District also collected \$1,551,357 in charges for services from these that benefited from the programs. Other governmental agencies and organizations subsidized certain programs with grants and contributions of \$16,270,046. We paid for the remaining "public benefit" portion of our governmental activities with \$10,468,956 in unrestricted State and Federal funds, and with other revenues and other entitlements.

In Table 3, we have presented the cost and net cost of each of the District's largest functions: instruction including, special instruction programs and other instructional programs, pupil services, administration, plant services, and all other services. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
	2019	2018	2019	2018
Instruction	\$ 80,700,783	\$ 74,161,750	\$ 70,462,737	\$ 65,875,465
Instruction-related	16,080,124	15,499,564	14,086,639	13,791,333
Pupil services	15,410,726	14,544,324	11,994,015	11,388,465
Administration	5,605,775	5,279,668	5,211,326	4,822,401

All other services	10,246,895	10,914,645	8,821,955	9,016,523
Total	\$ 141,369,967	\$ 134,163,113	\$ 123,548,564	\$ 118,551,535

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of \$93,153,577, which is an increase of \$1,463,128 from last year (Table 4).

Table 4

	Balances and Activity			
	July 1, 2018	Revenues	Expenditures	June 30, 2019
General Fund	\$ 49,855,602	\$ 118,660,091	\$ 112,498,192	\$ 56,017,501
Child Development Fund	947,872	2,785,492	3,007,516	725,848
Cafeteria Fund	2,076,581	2,937,972	3,103,150	1,911,403
Special Reserve Fund for Capital Outlay Projects	17,757,603	2,611,672	4,727,429	15,641,846
Adult Education Fund	1,636,662	1,636,537	1,525,304	1,747,895
Building Fund	9,942,054	185,528	3,844,193	6,283,389
Capital Facilities Fund	2,837,350	865,284	89,143	3,613,491
County School Facilities Fund	2	2	-	4
Bond Interest and Redemption Fund	6,537,746	9,580,121	9,005,415	7,112,452
Debt Service Fund for Blended Component Units	98,977	3,939,559	3,938,788	99,748
Total	\$ 91,690,449	\$ 143,202,258	\$ 141,739,130	\$ 93,153,577

The primary reasons for these increases/decreases are:

- The General Fund balance increase of \$6,161,899 is due to an overall net increase in property taxes and RDA revenue, one-time Federal and State categorical grants (i.e. SSAE, CTE, Low Performing Students Block Grant, etc.), employee salary schedule increases, one-time facilities projects (i.e. roofing, flooring, etc.) and transfers to other funds.
- Child Development Fund balance decreased by \$222,024 due to some one-time expenditure.
- Building Fund balance decrease of \$3,658,665 is due to the District's engagement in multiple site repair and modernization projects in accordance with the specifications of the bond funds.
- Special Reserve Fund for Capital Outlay Projects Fund balance decrease of \$2,115,757 is due to one-time projects (athletic fields, HVAC, paving, technology wireless, etc.)
- Adult Education Fund balance increase by \$111,233 due to additional revenue received.
- Cafeteria Fund decreased of \$165,178 is due to one-time equipment purchases.
- Capital Facilities Fund increase of \$776,141 is due to increased developer fees collected.
- Bond Interest and Redemption Fund balance increased by \$574,706. This fund is relatively stable as it serves as a holding fund.
- Debt Service Fund for Blended Component Units Fund increased by \$771. This fund is relatively stable as it services as a holding fund.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

General Fund Budgetary Highlights

Over the course of the year, the District revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted on June 30, 2019. (A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided in our annual report on page 73).

- The District received its share of the proceeds (\$1.3 million) from the City of South San Francisco for the sale of RDA property and transferred it to Fund 40 as required by law.
- Contributions to Deferred Maintenance of \$2.3 million continues in 2018-2019.
- Due to a new requirement from the California Department of Education, districts must contribute an amount equal to three percent of their total projected/actual expenditures during the fiscal year instead of the projected expenditures at Budget Adoption to the Routine Restricted Maintenance Account (RRMA). This resulted in an increase of approximately \$400,000 more per year in contribution to RRMA.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2019, the District had \$204,220,697 in a broad range of capital assets (net of depreciation), including land, buildings, furniture, and equipment. This amount represents a net decrease (including additions, deductions, and depreciation) of approximately \$3,232,766, or 1.56 percent, from last year (Table 5).

Table 5

	Governmental Activities	
	2019	2018
Land and construction in progress	\$ 11,767,133	\$ 64,367,803
Buildings and improvements	186,056,837	135,345,016
Furniture and equipment	6,396,727	7,740,644
Total	\$ 204,220,697	\$ 207,453,463

Additional information can be found in Note 6 to the financial statements.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Long-Term Obligations

At June 30, 2019, the District had \$211,011,542 in long-term obligations outstanding versus \$211,779,879 last year, a decrease of 0.4 percent. Those obligations consisted of:

Table 6

	Governmental Activities	
	2019	2018
General obligation bonds (net of premium)	\$ 162,870,347	\$ 162,634,040
Revenue bonds (net premium)	19,742,140	22,822,853
Certificate of participation	-	48,188
Lease financing	3,585,000	3,785,000
Compensated absences	654,445	699,847
Net OPEB obligation	24,159,610	21,789,951
Total	\$ 211,011,542	\$ 211,779,879

Additional information can be found in Note 10 to the financial statements.

Net Pension Liability (NPL)

At year-end, the District has a net pension liability of \$108,408,748 versus \$102,753,861 last year, an increase of \$5,654,887 or 5.50 percent. Detailed information regarding the plans is disclosed in Note 13 of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the District Budget for the 2019-2020 year, the governing board and management used the following criteria:

The key assumptions in our revenue forecast are:

1. Lottery and Mandated Block Grant revenues are budgeted.
2. Carryover of unspent categorical funds from prior year is budgeted.
3. Federal and State income will remain relatively flat.
4. Other revenue categories were also adjusted as grants became available from the Federal, State, and local agencies.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Expenditures are based on the following forecasts:

1. Increase in employee benefits for State Teacher Retirement System (CalSTRS) from 14.43 percent to 16.28 percent; and Public Employee Retirement System (CalPERS) from 15.53 percent to 18.06 percent of the employees' gross payroll.
2. Budgeted expenditures were adjusted in accordance to the increase in categorical program revenues.
3. Budget for unspent categorical programs (entitlements) with fund balance from the prior year were increased.
4. Other expenditure categories were adjusted to cover any unexpected changes during the year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Assistant Superintendent of Business Services at South San Francisco Unified School District, 398 B Street, South San Francisco, California 94080.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2019

Total Net Change in Fund Balances - Governmental Funds **\$ 1,463,128**

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.

This is the amount by which depreciation expense exceeds capital outlays in the period.

Depreciation expense	\$ (12,142,445)	
Capital outlays	<u>8,909,679</u>	
Net expense adjustment		(3,232,766)

In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows, deferred inflows and net pension liability during the year. (5,732,079)

In the governmental funds, OPEB costs are based on employer contributions made to OPEB plans during the year. However, in the Statement of Activities, OPEB expense is the net effect of all changes in the deferred outflows, deferred inflows and net OPEB liability during the year. (1,442,340)

In the Statement of Activities, certain operating expenses - compensated absences (vacations) - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). Vacation used was more than amounts earned by \$45,402. 45,402

The accompanying notes are an integral part of these financial statements.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES, Continued FOR THE YEAR ENDED JUNE 30, 2019

Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term obligations in the Statement of Net Position and does not affect the Statement of Activities:

Revenue bonds	\$ 2,870,000
Certificates of participation	48,188
Lease financing	200,000

Under the modified basis of accounting used in the governmental funds, expenditure are not recognized for transactions that are normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net change for the following balance:

Amortization of debt premium	630,740
Amortization of deferred amount on refunding	(473,825)

The collection of tax assessments are revenues in the governmental funds, but it reduces the long-term receivable in the Statement of Net Position and does not affect the Statement of Activities.

(3,936,178)

Interest on long-term obligations in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditures in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The interest on the general obligation bonds decreased by \$50,184. Additionally, \$656,334 of accumulated interest was accreted on the District's "capital appreciation" general obligation bonds and bond anticipation notes.

(606,150)

Change in Net Position of Governmental Activities

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The South San Francisco Unified School District was unified on July 1, 1960 under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grades K-12 as mandated by the State and/or Federal agencies. The District operates nine elementary schools, three middle schools, two comprehensive high schools, and one continuation school.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For South San Francisco Unified School District, this includes general operations, food service, and student related activities of the District.

Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units may be other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. For financial reporting purposes, the component units described below have a financial and operational relationship which meets the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and thus are included in the financial statements of the District. The component units, although legally separate entities, are reported in the financial statements using the blended presentation method as if they were part of the District's operations because the governing board of the component units is essentially the same as the governing board of the District.

The South San Francisco Unified School District Schools Financing Authority's (the Authority) financial activity is presented in the financial statements as the Debt Service Fund for Blended Component Units. Revenue Bonds issued by the Authority are included as long-term obligations in the government-wide financial statements.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of the District. All transactions except those accounted for in another fund are accounted for in this fund.

Under the flexibility provisions of current statute that allow certain formerly restricted revenues to be used for any educational purpose, Fund 14, Deferred Maintenance Fund does not currently meet the definition of special revenue funds as these funds are no longer primarily composed of restricted or committed revenue sources.

As the District has not taken formal action to commit the flexed revenues formerly restricted to these programs to the continued operation of the original programs, the revenues within these funds would be considered to be available for general educational purposes, resulting in Fund 14, Deferred Maintenance Fund, being combined with the General Fund for presentation in these audited financial statements.

Two funds currently defined as special revenue funds in the California State Accounting Manual (CSAM) do not meet the GASB Statement No. 54 special revenue fund definition. Specifically, Fund 17, Special Reserve Fund for Other Than Capital Outlay Projects is not substantially composed of restricted or committed revenue sources. While these funds are authorized by statute and will remain open for internal reporting purposes, these funds function effectively as extensions of the General Fund, and accordingly have been combined with the General Fund for presentation in these audited financial statements.

As a result, the General Fund reflects an increase in fund balance of \$25,242,310.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

Cafeteria Fund The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes (*Education Code* Section 42840).

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue Funds are used to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Adult Education Fund The Adult Education Fund is used to account separately for Federal, State, and local revenues that are restricted and committed for adult education programs and is to be expended for adult education purposes only.

Capital Project Funds The Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

Capital Facilities Fund The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approval (*Education Code* Sections 17620-17626 and *Government Code* Section 65995 et seq.). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

County School Facilities Fund The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State Schools Facilities Fund (Proposition 1D), or the 2013 State School Facilities Fund (Proposition 51) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070 et seq.).

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Debt Service Funds The Debt Service Funds are used to account for the accumulation of resources for, and the payment of, principal and interest on general long-term obligations.

Bond Interest and Redemption Fund The Bond Interest and Redemption Fund is used for the repayment of bonds issued for a district (*Education Code* Sections 15125-15262).

Debt Service Fund for Blended Component Units The Debt Service Fund for Blended Component Units is used to account for the accumulation of resources for the payment of principal and interest on bonds issued by Mello-Roos Community Facilities Districts and similar entities that are considered blended component units of the District under generally accepted accounting principles (GAAP).

Fiduciary Funds Fiduciary funds are used to account for assets held in trustee or agent capacity for others that cannot be used to support the District's own programs. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Trust funds are used to account for the assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the District's own programs. The District's trust fund accounts for scholarship activity. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. The District's agency fund accounts for student body activities (ASB).

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared.

The government-wide *Statement of Activities* presents a comparison between expenses, both direct and indirect, of the District and for each governmental function, and excludes fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the *Statement of Activities*, except for depreciation. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

Net Position should be reported as restricted when constraints placed on Net Position are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The Net Position restricted for other activities result from special revenue funds, and the internal service fund and the restrictions on their use.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

Governmental Funds All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the District.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 45 or 60 days. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Unearned Revenue Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

Investments

Investments held at June 30, 2019, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in the County investment pool are determined by the program sponsor.

Prepaid Expenditures (Expenses)

Prepaid expenditures (expenses) represent amount paid in advance of receiving goods or services. The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures when paid.

Stores Inventories

Inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the weighted average basis. The costs of inventory items are recorded as expenditures in the governmental funds when used.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets are long-lived assets of the District. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized but are expensed as incurred.

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide Statement of Net Position. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at acquisition cost on the date donated.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets is the same as those used for the capital assets of governmental funds.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements/infrastructure, five to 50 years; equipment, two to 15 years.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities columns of the Statement of Net Position.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide Statement of Net Position. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the governmental fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and other long-term obligations are recognized as liabilities in the governmental fund financial statements when due.

Debt Issuance Costs, Premiums, and Discounts

In the government-wide financial statements, long-term obligations are reported as liabilities in the applicable governmental activities. Debt premiums and discounts, as well as issuance costs related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of Net Position that applies to a future period and so will not be recognized as an expense or expenditure until then. The District reports deferred outflows of resources for pension related items and for OPEB related items.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for pension related items.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the California State Teachers Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' Fiduciary Net Position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District Plan and the CalSTRS Medicare Premium Payment (MPP) Program and additions to/deductions from the District Plan and the MPP's fiduciary net position have been determined on the same basis as they are reported by the District Plan and the MPP. For this purpose, the District Plan and the MPP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Fund Balances - Governmental Funds

As of June 30, 2019, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

The governing board adopted a minimum fund balance policy for the General Fund in order to protect the district against revenue shortfalls or unpredicted on-time expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than three percent of General Fund expenditures and other financing uses.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Net Position

Net Position represents the difference between assets and liabilities. Net Position net of investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted Net Position is available. The government-wide financial statements report \$20,072,587 of restricted Net Position restricted by enabling legislation.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are food sales. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Change in Accounting Principles

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO.

The District has implemented the provisions of this Statement as of June 30, 2019.

In April 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

The District has implemented the provisions of this Statement as of June 30, 2019.

New Accounting Pronouncements

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all State and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2018. Early implementation is encouraged.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2019. Early implementation is encouraged.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

In August 2018, the GASB issued Statement 90, *Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 60*. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

A conduit debt obligation is defined as a debt instrument having all of the following characteristics:

- There are at least three parties involved: (1) an issuer, (2) a third-party obligor, and (3) a debt holder or a debt trustee.
- The issuer and the third-party obligor are not within the same financial reporting entity.
- The debt obligation is not a parity bond of the issuer, nor is it cross-collateralized with other debt of the issuer.
- The third-party obligor or its agent, not the issuer, ultimately receives the proceeds from the debt issuance.
- The third-party obligor, not the issuer, is primarily obligated for the payment of all amounts associated with the debt obligation (debt service payments).

All conduit debt obligations involve the issuer making a limited commitment. Some issuers extend additional commitments or voluntary commitments to support debt service in the event the third party is, or will be, unable to do so.

An issuer should not recognize a conduit debt obligation as a liability. However, an issuer should recognize a liability associated with an additional commitment or a voluntary commitment to support debt service if certain recognition criteria are met. As long as a conduit debt obligation is outstanding, an issuer that has made an additional commitment should evaluate at least annually whether those criteria are met. An issuer that has made only a limited commitment should evaluate whether those criteria are met when an event occurs that causes the issuer to reevaluate its willingness or ability to support the obligor's debt service through a voluntary commitment.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

This Statement also addresses arrangements—often characterized as leases—that are associated with conduit debt obligations. In those arrangements, capital assets are constructed or acquired with the proceeds of a conduit debt obligation and used by third-party obligors in the course of their activities. Payments from third-party obligors are intended to cover and coincide with debt service payments. During those arrangements, issuers retain the titles to the capital assets. Those titles may or may not pass to the obligors at the end of the arrangements.

Issuers should not report those arrangements as leases, nor should they recognize a liability for the related conduit debt obligations or a receivable for the payments related to those arrangements. In addition, the following provisions apply:

- If the title passes to the third-party obligor at the end of the arrangement, an issuer should not recognize a capital asset.
- If the title does not pass to the third-party obligor and the third party has exclusive use of the entire capital asset during the arrangement, the issuer should not recognize a capital asset until the arrangement ends.
- If the title does not pass to the third-party obligor and the third party has exclusive use of only portions of the capital asset during the arrangement, the issuer, at the inception of the arrangement, should recognize the entire capital asset and a deferred inflow of resources. The deferred inflow of resources should be reduced, and an inflow recognized, in a systematic and rational manner over the term of the arrangement.

This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2020. Early implementation is encouraged.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2019, are classified in the accompanying financial statements as follows:

Governmental activities	\$ 92,107,253
Fiduciary funds	1,288,250
Total Deposits and Investments	<u>\$ 93,395,503</u>

Deposits and investments as of June 30, 2019, consist of the following:

Cash on hand and in banks	\$ 2,421,028
Cash with fiscal agent	531
Cash collection awaiting deposit	507,400
Cash in revolving	34,558
Investments	90,431,986
Total Deposits and Investments	<u>\$ 93,395,503</u>

Policies and Practices

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the San Mateo County Treasury Investment Pool and having the Pool purchase a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Specific Identification

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

Investment Type	Reported Amount	Average Maturity in Days
San Mateo County Treasury Investment Pool	\$ 90,313,125	307
Local Agency Investment Fund	19,113	173
First American Treasury Obligations, Class D	99,748	24
Total	\$ 90,431,986	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the San Mateo County Treasury Investment Pool is rated AAA by Standard & Poor's. In addition, the First American Treasury Obligation Money Market Funds is rated Aaa by Moody's Investor Service. The investment with Local Agency Investment Fund is not required to be rated, nor have been rated as of June 30, 2019.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California *Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2019, the District's bank balance of \$1,950,227 was exposed to custodial credit risk because it was uninsured and uncollateralized.

JUNE 30, 2019

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the San Mateo County Treasury Investment Pool and Local Agency Investment Funds/State Investment Pools are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements are as follows at June 30, 2019:

Investment Type	Reported Amount	Fair Value Measurements Using	Uncategorized
		Level 2 Inputs	
San Mateo County Treasury Investment Pool	\$ 90,313,125	\$ -	\$ 90,313,125
Local Agency Investment Fund	19,113	-	19,113
First American Treasury Obligations, Class D	99,748	99,748	-
Total	<u>\$ 90,431,986</u>	<u>\$ 99,748</u>	<u>\$ 90,332,238</u>

All assets have been valued using a market approach, with quoted market prices.

NOTE 7 - INTERFUND TRANSACTIONS

Interfund Receivables/Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivable and payable balances at June 30, 2019, between major and non-major governmental funds, and internal service funds are as follows:

Due To	Due From					Total
	General Fund	Child Development Fund	Cafeteria Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	
General Fund	\$ -	\$ 291,381	\$ 520,785	\$ 2	\$ 21,353	\$ 833,521
Child Development Fund	59,952	-	-	-	-	59,952
Cafeteria Fund	104,624	-	-	-	-	104,624
Non-Major Governmental	-	-	-	-	95	95
Total	\$ 164,576	\$ 291,381	\$ 520,785	\$ 2	\$ 21,448	\$ 998,192

The balance of \$291,381 due to the General Fund from the Child Development Fund resulted from reimbursement of health and welfare benefits and other operating costs.

The balance of \$520,785 due to the General Fund from the Cafeteria Fund resulted from reimbursement of health and welfare benefits.

All remaining balance resulted from the time lag between the date that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transaction are recorded in the accounting system, and (3) payments between funds are made.

2015 General Obligation Bonds, Series B

On June 24, 2015, South San Francisco Unified School District issued the 2015 General Obligation Bonds, Series B in the amount of \$26,000,000. The Series B represents the second series of the authorized bonds not to exceed \$162,000,000 to be issued under the measure as approved by the voters. The Series B bonds were issued as both current interest and capital appreciation bonds, with the value of the capital appreciation bonds accreting to \$4,165,000. The bonds have an aggregate principal debt service balance of \$30,165,000. The bonds were issued at an aggregate price of \$27,879,487 (representing the principal amount of \$26,000,000 plus an original issue premium of \$2,110,776 less cost of issuance and underwriter's discount of \$168,369 and \$62,920, respectively). The bonds have a final maturity to occur on September 1, 2040 and interest rates of 2.00 to 5.00 percent. Proceeds from the sale of bonds were used to defease the remaining balance on the District's 2012 General Obligation Bonds Anticipation Notes, Series C. At June 30, 2019, the principal outstanding, including accreted interest, was \$23,679,778. Unamortized premium received on issuance amounted to \$1,773,052.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

2016 General Obligation Bonds, Series C

On June 21, 2016, South San Francisco Unified School District issued the 2016 General Obligation Bonds, Series C in the amount of \$128,999,061. The Series C represents the third series of the authorized bonds not to exceed \$162,000,000 to be issued under the measure as approved by the voters. The Series C bonds were issued as current interest bonds and capital appreciation bonds with the value of the capital appreciation bonds accreting to \$4,440,939, and an aggregate principal debt service balance of \$133,440,000. The bonds were issued at an aggregate price of \$136,654,530 (representing the principal amount of \$128,999,061 plus an original issue premium of \$8,389,896 less cost of issuance of \$315,000 and underwriter's discount of \$419,247).

The bonds have a final maturity which occurs on September 1, 2041 and interest rates of 2.00 to 5.00 percent. A portion of the proceeds from the sale of Series C bonds will be used to pay and defease the District's outstanding General Obligation Bond Anticipation Notes Series D, Series E, Series F, and Series G. The remaining proceeds will be used to finance the renovation, acquisition, and construction of District buildings and facilities. At June 30, 2019, the principal outstanding was \$130,034,409. Unamortized premium received on issuance amounted to \$7,383,108.

The bonds mature through September 1, 2042 as follows:

Fiscal Year	Principal	Accreted Interest	Interest to Maturity	Total
2020	\$ 100,000	\$ -	\$ 5,068,238	\$ 5,168,238
2021	225,000	-	5,063,863	5,288,863
2022	400,000	-	5,054,488	5,454,488
2023	600,000	-	5,036,488	5,636,488
2024	1,000,000	-	5,004,488	6,004,488

2006 Revenue Bonds

On January 2006, South San Francisco Unified School District School Facilities Financing Authority issued the 2006 Revenue Bonds in the amount of \$39,035,000. The revenue bonds were issued as current interest bonds. The bonds were issued at an aggregate price of \$42,053,827 (representing the principal amount of \$39,035,000 plus an original issue premium of \$3,582,125 less cost of issuance of \$563,298). The bonds have a final maturity to occur on September 1, 2023 and interest rates of 4.00 to 5.25 percent. Proceeds from the revenue bonds were used to purchase the 2006 General Obligation Refunding Bonds, to finance the new construction and renovation of District's facilities, and to cover the cost arising from the issuance of the bonds.

The 2006 Revenue Bonds were issued simultaneously with 2006 General Obligation Refunding Bonds. Under the financing agreement, tax receipts from the General Obligation Bonds will be pledged to pay the debt service on the revenue bonds until the bonds are fully defeased. At June 30, 2019, the principal outstanding was \$19,110,000. Unamortized premium received on issuance amounted to \$632,140.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

The revenue bonds mature through September 1, 2024 as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest to Maturity</u>	<u>Total</u>
2020	\$ 3,175,000	\$ 915,963	\$ 4,090,963
2021	3,495,000	744,844	4,239,844

2023	4,225,000	340,069	4,565,069
2024	4,365,000	114,581	4,479,581
Total	<u>\$ 19,110,000</u>	<u>\$ 2,667,495</u>	<u>\$ 21,777,495</u>

2004 Refunding Certificates of Participation

On January 29, 2004, the South San Francisco Unified School District, pursuant to a lease/purchase agreement with the California School Boards Association Finance Corporation, issued \$1,037,000 in Certificates of Participation. The certificates were issued to defease the remaining balance of 1994 Certificates of Participation and pay for the costs of issuance incurred in connection with the execution and delivery of the certificates. The certificates were issued at a fixed interest rate of 4.88 percent and the certificates have a final maturity to occur on December 1, 2018. At June 30, 2019, there was no outstanding balance.

Lease Financing

On November 1, 2016, the South San Francisco Unified School District entered into a lease/purchase agreement with the South San Francisco Unified School District School Facilities Financing Authority (the Authority). The terms of the agreement stipulates that the District would lease a property owned by the District to the Authority and the Authority would sublease the property back to the District, including the energy efficiency renovations performed on the property. Lease payment period commences on September 1, 2017 and the final lease payment is set to occur on September 1, 2034. At June 30, 2019, the principal balance outstanding was \$3,585,000.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The lease payments are due through September 1, 2034 as follows:

Fiscal Year	Principal	Interest to Maturity	Total
2020	\$ 195,000	\$ 78,886	\$ 273,886
2021	205,000	74,482	279,482
2022	205,000	69,911	274,911
2023	210,000	65,283	275,283
2024	210,000	60,600	270,600
2025-2029	1,140,000	229,356	1,369,356
2030-2034	1,285,000	95,110	1,380,110
2035	135,000	1,505	136,505
Total	<u>\$ 3,585,000</u>	<u>\$ 675,133</u>	<u>\$ 4,260,133</u>

Compensated Absences

Compensated absences (unpaid employee vacation) for the District at June 30, 2019, amounted to \$654,445.

Net Other Postemployment Benefit (OPEB) Liability

For the fiscal year ended June 30,2019, the District reported net OPEB liability, deferred outflows of resources and OPEB expense for the following plans:

OPEB Plan	Net OPEB Liability	Deferred Outflows of Resources	OPEB Expense
District Plan	\$ 23,589,403	\$ 927,319	\$ 1,484,683
Medicare Premium Payment (MPP) Program	570,207	-	(42,343)
Total	<u>\$ 24,159,610</u>	<u>\$ 927,319</u>	<u>\$ 1,442,340</u>

The details of each plan are as follows:

District Plan

Plan Administration

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses. No assets are accumulated in a trust that meets the criteria in paragraph four of GASB Statement No. 75.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Plan Membership

At June 30, 2019, the Plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits payments	415
Active employees	964
	<hr/>
	1,379
	<hr/>

Benefits Provided

The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan. The District's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

Total OPEB Liability of the District

The District's total OPEB liability of \$23,589,403 was measured as of June 30, 2019, and the total OPEB liability was determined by an actuarial valuation as of June 30, 2019.

Actuarial Assumptions

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75 percent
Salary increases	2.75 percent, average, including inflation
Discount rate	3.50 percent
Healthcare cost trend rates	4.00 percent for 2018

The discount rate was based on the Bond Buyer 20-bond General Obligation Index.

Mortality rates were based on the 2009 CalSTRS Mortality Table for certificated employees and the 2014 CalPERS Active Mortality for Miscellaneous Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reduction. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actual experience study for the period July 1, 2017 to June 30, 2018.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

<u>Healthcare Cost Trend Rates</u>	<u>Total OPEB Liability</u>
1% decrease (3.00%)	\$ 20,300,011
Current healthcare cost trend rate (4.00%)	23,589,403
1% increase (5.00%)	27,915,950

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

OPEB Expense and Deferred Outflows of Resources related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of \$1,484,683. At June 30, 2019, the District reported deferred outflows of resources for changes of assumptions of \$927,319.

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Deferred Outflows of Resources
2020	\$ 106,589
2021	106,589
2022	106,589
2023	106,589
2024	106,589
Thereafter	394,374
	<u>\$ 927,319</u>

Medicare Premium Payment (MPP) Program

Plan Description

The Medicare Premium Payment (MPP) Program is administered by the California State Teachers' Retirement System (CalSTRS). The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (OPEB) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (THBF).

A full description of the MPP Program regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2017 annual actuarial valuation report, Medicare Premium Payment Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided

The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the State Teachers Retirement Plan (STRP) Defined Benefit (DB) Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A. The payments are made directly to the Centers for Medicare and Medicaid Services (CMS) on a monthly basis.

The MPP Program is closed to new entrants as members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The MPP Program is funded on a pay-as-you go basis from a portion of monthly District benefit payments. In accordance with California *Education Code* Section 25930, benefit payments that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

Net OPEB Liability and OPEB Expense

At June 30, 2019, the District reported a liability of \$570,207 for its proportionate share of the net OPEB liability for the MPP Program. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017. The District's proportion of the net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB Plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively, was 0.1490 percent, and 0.1456 percent, resulting in a net increase in the proportionate share of 0.0034 percent.

For the year ended June 30, 2019, the District recognized OPEB expense of \$(42,343).

Actuarial Methods and Assumptions

The June 30, 2018 total OPEB liability was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2017, and rolling forward the total OPEB liability to June 30, 2018, using the assumptions listed in the following table:

Measurement Date	June 30, 2018	June 30, 2017
Valuation Date	June 30, 2017	June 30, 2016
Experience Study	July 1, 2010 through June 30, 2015	July 1, 2010 through June 30, 2015
Actuarial Cost Method	Entry age normal	Entry age normal
Investment Rate of Return	3.87%	3.58%
Medicare Part A Premium Cost Trend Rate	3.70%	3.70%
Medicare Part B Premium Cost Trend Rate	4.10%	4.10%

For the valuation as of June 30, 2017, CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' age increases. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 459 or an average of 0.27 percent of the potentially eligible population (171,593).

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2018, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer.

Discount Rate

The discount rate used to measure the total OPEB liability as of June 30, 2018, is 3.87 percent. The MPP Program is funded on a pay-as-you-go basis as described in Note 1, and under the pay-as-you-go method, the OPEB Plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, a discount rate of 3.87 percent, which is the Bond Buyer 20-Bond GO Index from Bondbuyer.com as of June 30, 2018, was applied to all periods of projected benefit payments to measure the total OPEB liability. The discount rate increased 0.29 percent from 3.58 percent as of June 30, 2017.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the current discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net OPEB Liability
1% decrease (2.87%)	\$ 630,678
Current discount rate (3.87%)	570,207
1% increase (4.87%)	515,607

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 12 - RISK MANAGEMENT

Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2019, the District contracted with San Mateo County Schools Insurance Group risk pool for property and liability insurance coverage.

Workers' Compensation

For fiscal year 2019, the District participated in San Mateo County Schools Insurance Group (SMCSIG) entity risk pool. The intent of SMCSIG is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the SMCSIG. The workers' compensation experience of the participating district is calculated as one experience and a common premium rate is applied to all districts in the SMCSIG. Each participant pays its workers' compensation premium based on its individual rate.

Employee Medical Benefits

The District has contracted with the California Public Employees' Retirement System (CalPERS) to provide employee medical insurance and San Mateo County Schools Insurance Group (SMCSIG) for dental and vision benefits. CalPERS and SMCSIG are shared risk pools. Rates are set through an annual calculation process. The District pays a monthly contribution, which is placed in a common fund from which claim payments are made for all participating districts.

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

For the fiscal year ended June 30, 2019, the District reported net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

Pension Plan	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 76,279,006	\$ 23,377,046	\$ 4,997,347	\$ 9,482,047
CalPERS	32,129,742	9,080,715	160,894	6,685,065
Total	\$ 108,408,748	\$ 32,457,761	\$ 5,158,241	\$ 16,167,112

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2017, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The STRP provisions and benefits in effect at June 30, 2019, are summarized as follows:

	<u>STRP Defined Benefit Program</u>	
	On or before	On or after
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	16.28%	16.28%
Required State contribution rate	9.828%	9.828%

Contributions

Required member District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the District's total contributions were \$7,440,316.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total Net Pension Liability, Including State Share:

District's proportionate share of net pension liability	\$ 76,279,006
State's proportionate share of the net pension liability associated with the District	43,673,298
Total	<u>\$ 119,952,304</u>

The net pension liability was measured as of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively, was 0.0830 percent and 0.0804 percent, resulting in a net increase in the proportionate share of 0.0026 percent.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

For the year ended June 30, 2019, the District recognized pension expense of \$9,482,047. In addition, the District recognized pension expense and revenue of \$5,130,628 for support provided by the State. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 7,440,316	\$ -
Net change in proportionate share of net pension liability	3,850,043	952,128
Differences between projected and actual earnings on pension plan investments	-	2,937,224
Differences between expected and actual experiences in the measurement of the total pension liability	236,538	1,107,995
Changes of assumptions	11,850,149	-
Total	<u>\$ 23,377,046</u>	<u>\$ 4,997,347</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2020	\$ 637,754
2021	(462,771)
2022	(2,464,216)
2023	(647,991)
Total	<u>\$ (2,937,224)</u>

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL measurement period is seven years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2020	\$ 2,560,713
2021	2,560,713
2022	2,560,714
2023	2,796,996
2024	3,118,002
Thereafter	279,469
Total	<u>\$ 13,876,607</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2017, and rolling forward the total pension liability to June 30, 2018. The financial reporting actuarial valuation as of June 30, 2017, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 2010 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2018, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-term Expected Real Rate of Return
Global equity	47%	6.30%
Fixed income	12%	0.30%
Real estate	13%	5.20%
Private equity	13%	9.30%
Absolute Return/Risk Mitigating Strategies	9%	2.90%
Inflation sensitive	4%	3.80%
Cash/liquidity	2%	-1.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount rate	Net Pension Liability
1% decrease (6.10%)	\$ 111,739,818
Current discount rate (7.10%)	76,279,006
1% increase (8.10%)	46,878,552

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2017 annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2019, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 Years of Service	5 Years of Service
Benefit payments	Monthly for Life	Monthly for Life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.00%	7.00%
Required employer contribution rate	18.062%	18.062%

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the total District contributions were \$2,994,717.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2019, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$32,129,742. The net pension liability was measured as of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively, was 0.1205 percent and 0.1189 percent, resulting in a net increase in the proportionate share of 0.0016 percent.

For the year ended June 30, 2019, the District recognized pension expense of \$6,685,065. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Pension contributions subsequent to measurement date	\$ 2,994,717	\$ -
Net change in proportionate share of net pension liability	508,140	160,894
Differences between projected and actual earnings on pension plan investments	263,536	-
Differences between expected and actual experiences in the measurement of the total pension liability	2,106,309	-
Changes of assumptions	3,208,013	-
Total	<u>\$ 9,080,715</u>	<u>\$ 160,894</u>

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2020	\$ 958,538
2021	229,226
2022	(734,586)
2023	(189,642)
Total	<u>\$ 263,536</u>

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, and differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 4.0 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows (Inflows) of Resources
2020	\$ 2,420,471
2021	2,470,101
2022	770,996
Total	<u>\$ 5,661,568</u>

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2017, and rolling forward the total pension liability to June 30, 2018. The financial reporting actuarial valuation as of June 30, 2017, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 1997 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90 percent of scale MP-2016.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global equity	50%	5.98%
Fixed income	28%	2.62%
Inflation assets	0%	1.81%
Private equity	8%	7.23%
Real assets	13%	4.93%
Liquidity	1%	-0.92%

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount rate</u>	<u>Net Pension Liability</u>
1% decrease (6.15%)	\$ 46,779,368
Current discount rate (7.15%)	32,129,742
1% increase (8.15%)	19,975,780

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of \$6,962,792 (9.828 percent of annual payroll). Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been included in the calculation of available reserves, but have not been included in the budgeted amounts reported in the *General Fund - Budgetary Comparison Schedule*.

Senate Bill 90 (Chapter 33, Statutes of 2019), which was signed by the Governor on June 27, 2019, appropriated for an additional 2018–2019 contribution on behalf of school employers of \$2.246 billion for CalSTRS and \$904 million for CalPERS. A proportionate share of these contributions has been recorded in these financial statements. On behalf payments related to these additional contributions have been excluded from the calculation of available reserves and have not been included in the budgeted amounts reported in the *General Fund – Budgetary Comparison Schedule and Major Special Revenue Fund – Budgetary Comparison Schedule*.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2019.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2019.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Construction Commitments

As of June 30, 2019, the district had the following commitments with respect to the unfinished capital projects:

<u>Capital Project</u>	<u>Remaining Construction Commitment</u>	<u>Expected Date of Completion</u>
Roof replacement - Alta Loma Middle School	\$ 1,619,431	December, 2019
Athletic Field - Buri Buri Elementary School	1,353,064	February, 2020
Athletic Field - El Camino High School	1,700,000	April, 2020
Athletic Field - South San Francisco High School	4,859,000	May, 2020
Renovation - Martin Elementary School	6,351,000	March, 2020
	<u>\$ 15,882,495</u>	

NOTE 15 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS, JOINT POWERS AUTHORITIES AND OTHER RELATED PARTY TRANSACTIONS

The District is a member of the San Mateo County Schools Insurance Group (SMCSIG) and California Public Employees' Retirement System (CalPERS) public entity risk pools. The District pays an annual premium to be applicable entity for its workers' compensation, property and liability, and health coverage. The relationship between the District and the JPA's are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the Districts are included in these statements. Audited financial statements are generally available from the respective entities.

During the year ended June 30, 2019, the District made payments of \$3,833,815 and \$8,081,449 to SMCSIG and CalPERS, respectively.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2019

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedules

The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America as prescribed by the Governmental Accounting Standards Board and provisions of the California *Education Code*. The governing board is required to hold a public hearing and adopt an operating budget no later than July 1 of each year. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

These scheduled present information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

At June 30, 2009, the District major fund exceeded the budgeted amount in total as follows:

	Expenditures and Other Uses		
	Budget	Actual	Excess
Cafeteria Fund	\$ 2,931,412	\$ 3,103,150	\$ 171,738

Schedule of Changes in the District's Total OPEB Liability and Related Ratios

This schedule presents information on the District's changes in the total OPEB liability, including beginning and ending balances. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes to benefit terms.

Changes of Assumptions – The discount rate changed from 3.80 percent to 3.50 percent since the previous valuation.

Schedule of the District's Proportionate Share of the Net OPEB Liability - MPP Program

This schedule presents information on the District's proportionate share of the net OPEB Liability – MPP Program and the plans' fiduciary net position. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes in the benefit terms since the previous valuation.

Changes of Assumptions – The plan rate of investment return assumption was changed from 3.58 percent to 3.87 percent since the previous valuation.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2019

Schedule of the District's Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes of Assumptions – There were no changes in economic assumptions for either the CalSTRS or CalPERS plan from the previous valuations.

Schedule of District Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

LOCAL EDUCATION AGENCY ORGANIZATION STRUCTURE JUNE 30, 2019

ORGANIZATION

The South San Francisco Unified School District was unified on July 1, 1960, under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grades K-12 as mandated by the State and/or Federal agencies. The District operates nine elementary schools, three middle schools, two comprehensive high schools, and one continuation school. There were no boundary changes during the year.

GOVERNING BOARD

<u>MEMBER</u>	<u>OFFICE</u>	<u>TERM EXPIRES</u>
Mr. John C. Baker	President	2022
Mrs. Patricia A. Murray	Vice President	2020
Mrs. Diana R. Lujan	Clerk	2020
Mr. Eddie Flores	Member	2022
Mrs. Mina A. Richardson	Member	2022

ADMINISTRATION

<u>NAME</u>	<u>TITLE</u>
Dr. Shawnterra Moore	Superintendent
Mr. Ted O	Assistant Superintendent, Business Services
Mr. Keith Irish	Assistant Superintendent, Educational Services
Dr. Jay Spaulding	Assistant Superintendent, Human Resources and Student Services

Total Expenditures and Other Uses	109,368,589	110,823,007	107,127,432	118,975,223
INCREASE (DECREASE) IN FUND BALANCE	\$ (2,907,926)	\$ 76,496	\$ (3,754,707)	\$ (16,741,230)
ENDING FUND BALANCE	\$ 27,867,265	\$ 30,775,191	\$ 30,698,695	\$ 34,453,402
AVAILABLE RESERVES²	\$ 9,878,288	\$ 12,787,325	\$ 9,583,501	\$ 10,228,481
AVAILABLE RESERVES AS A PERCENTAGE OF TOTAL OUTGO	9.03%	11.54%	8.95%	8.60%
LONG-TERM OBLIGATIONS	N/A	\$ 211,011,542	\$ 211,779,879	\$ 213,564,318
K-12 AVERAGE DAILY ATTENDANCE AT P-2	7,998	8,174	8,349	8,472

The General Fund balance has decreased by \$3,678,211 over the past two years. The fiscal year 2019-2020 budget projects a further decrease of \$2,907,926 (9.45 percent). For a district this size, the State recommends available reserves of at least three percent of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating deficits in two of the past three years and anticipates incurring an operating deficit during the 2019-2020 fiscal year. Total long-term obligations have decreased by \$2,552,776 over the past two years.

Average daily attendance has decreased by 298 over the past two years. Additional decline of 176 ADA is anticipated during fiscal year 2019-2020.

¹ Budget 2020 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained with the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects.

³ General Fund amounts do not include activity related to the consolidation of the Fund 14, Deferred Maintenance Fund and the Fund 17, Special Reserve Fund for Other than Capital Outlay Project as required by GASB Statement No. 54.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2019

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the 10 percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances, and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amount consists primarily of Medi-Cal Billing Option funds that in the previous year were recorded as revenues but were unspent. These unspent balances have been expended in the current period.

Description	CFDA Number	Amount
Total Federal Revenues From the Statement of Revenues, Expenditures and Changes in Fund Balances:		\$ 6,042,412
Medi-Cal Billing Option	93.778	<u>9,329</u>
Total Schedule of Expenditures of Federal Awards		<u>\$ 6,051,741</u>

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2019

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The District has met its target funding. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46206.

Districts must maintain their instructional minutes at 1986-1987 requirements, as required by *Education Code* Section 46201.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

INDEPENDENT AUDITOR'S REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board
South San Francisco Unified School District
South San Francisco, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of South San Francisco Unified School District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise South San Francisco Unified School District's basic financial statements, and have issued our report thereon dated December 14, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered South San Francisco Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of South San Francisco Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of South San Francisco Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs, as items 2019-001, and 2019-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether South San Francisco Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*

We noted certain matters that we reported to management of South San Francisco Unified School District in a separate letter dated December 14, 2019.

South San Francisco Unified School District's Response to Findings

South San Francisco Unified School District's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. South San Francisco Unified School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rancho Cucamonga, California
December 14, 2019

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Governing Board
South San Francisco Unified School District
South San Francisco, California

Report on Compliance for Each Major Federal Program

We have audited South San Francisco Unified School District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of South San Francisco Unified School District's major Federal programs for the year ended June 30, 2019. South San Francisco Unified School District's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of South San Francisco Unified School District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about South San Francisco Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of South San Francisco Unified School District's compliance.

Opinion on Each Major Federal Program

In our opinion, South San Francisco Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of South San Francisco Unified School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered South San Francisco Unified School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of South San Francisco Unified School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Governing Board
South San Francisco Unified School District
South San Francisco, California

Report on State Compliance

We have audited South San Francisco Unified School District's (the District) compliance with the types of compliance requirements as identified in the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* that could have a direct and material effect on each of the South San Francisco Unified School District's State government programs as noted below for the year ended June 30, 2019.

Management's Responsibility

Management is responsible for compliance with the requirements of State laws, regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the South San Francisco Unified School District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs noted below. An audit includes examining, on a test basis, evidence about South San Francisco Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of South San Francisco Unified School District's compliance with those requirements.

Basis for Qualified Opinion on Attendance and Unduplicated Local Control Funding Formula Pupil Counts

As described in the accompanying Schedule of Findings and Questioned costs as items 2019-003 and 2019-004, South San Francisco Unified School District did not comply with requirements regarding *Attendance and Unduplicated Local Control Funding Formula Pupil Counts*, respectively. Compliance with such requirements is necessary, in our opinion, for South San Francisco Unified School District to comply with the requirements applicable to that program.

Qualified Opinion on Attendance and Unduplicated Local Control Funding Formula Pupil Counts.

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, South San Francisco Unified School District complied, in all material respects, with the types of compliance requirements referred to above for the year ended June 30, 2019.

Unmodified Opinion on Each of the Other Programs

In our opinion, South San Francisco Unified School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the government programs noted below that were audited for the year ended June 30, 2019, except as described in the Schedule of State Awards Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs.

In connection with the audit referred to above, we selected and tested transactions and records to determine the South San Francisco Unified School District's compliance with the State laws and regulations applicable to the following items:

	<u>Procedures Performed</u>
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Independent Study	No, see below
Continuation Education	No, see below
Instructional Time	Yes
Instructional Materials	Yes
Ratios of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	No, see below
Gann Limit Calculation	Yes
School Accountability Report Card	Yes
Juvenile Court Schools	No, see below
Middle or Early College High Schools	Yes
K-3 Grade Span Adjustment	Yes
Transportation Maintenance of Effort	Yes
Apprenticeship: Related and Supplemental Instruction	No, see below
Comprehensive School Safety Plan	Yes
District of Choice	No, see below
SCHOOL DISTRICTS, COUNTY OFFICES OF EDUCATION, AND CHARTER SCHOOLS	
California Clean Energy Jobs Act	No, see below
After/Before School Education and Safety Program:	
General Requirements	No, see below
After School	No, see below
Before School	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control Accountability Plan	Yes
Independent Study - Course Based	No, see below
CHARTER SCHOOLS	

	<u>Procedures Performed</u>
Attendance	No, see below
Mode of Instruction	No, see below
Nonclassroom-Based Instruction/Independent Study for Charter Schools	No, see below
Determination of Funding for Nonclassroom-Based Instruction	No, see below
Annual Instruction Minutes Classroom-Based	No, see below
Charter School Facility Grant Program	No, see below

We did not perform testing for Independent Study Program because the ADA was below the required threshold for testing.

The District does not offer a Work Experience Program; therefore, we did not perform procedures related to the Work Experience Program within the Continuation Education Attendance Program.

The District did not offer an Early Retirement Incentive Program during the current year; therefore, we did not perform procedures related to the Early Retirement Incentive Program.

The District does not have any Juvenile Court Schools; therefore, we did not perform any procedures related to Juvenile Court Schools.

The District does not offer an Apprenticeship Program; therefore, we did not perform any procedures for the Apprenticeship Program.

The District does not offer a District of Choice Program; therefore, we did not perform any procedures for the District of Choice Program.

The District does not offer a After/Before School Education and Safety Program; therefore, we did not perform any procedures related to the After/Before School Education and Safety Program.

The District does not offer an Independent Study – Course Based Program; therefore, we did not perform any procedures related to the Independent Study – Course Based Program.

The District does not have any Charter Schools; therefore, we did not perform any procedures for Charter School Programs.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

**SUMMARY OF AUDITOR'S RESULTS
FOR THE YEAR ENDED JUNE 30, 2019**

FINANCIAL STATEMENTS

Type of auditor's report issued:	<u>Unmodified</u>
Internal control over financial reporting:	
Material weakness identified?	<u>No</u>
Significant deficiency identified?	<u>Yes</u>
Noncompliance material to financial statements noted?	<u>No</u>

FEDERAL AWARDS

Internal control over major Federal programs:	
Material weakness identified?	<u>No</u>
Significant deficiency identified?	<u>None reported</u>
Type of auditor's report issued on compliance for major Federal programs:	<u>Unmodified</u>
Any audit findings disclosed that are required to be reported in accordance with Section 200.516(a) of the Uniform Guidance?	<u>No</u>

Identification of major Federal programs:

<u>CFDA Numbers</u>	<u>Name of Federal Program or Cluster</u>
<u>84.027, 84.173, and 84.173A</u>	<u>Special Education (IDEA) Cluster</u>

Dollar threshold used to distinguish between Type A and Type B programs:	<u>\$ 750,000</u>
Auditee qualified as low-risk auditee?	<u>Yes</u>

STATE AWARDS

Type of auditor's report issued on compliance for State programs:	<u>Unmodified</u>
Unmodified for all programs except for the following program which was qualified:	

<u>Name of Programs</u>
<u>Attendance</u>
<u>Unduplicated Local Control Funding</u>
<u>Formula Pupil Counts</u>

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

FINANCIAL STATEMENT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

The following findings represent significant deficiencies related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*. The findings have been coded as follows:

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
30000	Internal Control

2019-001 30000

Criteria or Specific Requirements

Under the modified basis of accounting used for governmental funds, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the fiscal period. In addition, the application of the completeness assertion in financial statements generally requires management to record all assets and liabilities that should have been included as ending balances on the financial statements.

Condition

The following conditions were identified:

- 1) The District over-reported year-end unearned revenue in the amount of \$41,319. Specifically, the amount in question was associated with the State's categorial aid recorded in the District's Child Development Fund.
- 2) The District under-reported year-end accrued liabilities in the amount of \$346,081. Specifically, the amounts in question were associated with goods received or services rendered but not paid related to the District's Cafeteria Fund (\$15,481) and Special Reserve Fund for Capital Outlay Projects (\$330,600).
- 3) The District did not correctly report year-end inventory balances related to the District's Cafeteria Fund. As a result, reported inventory balance at year-end was understated by \$62,507.

Questioned costs

There were no questioned costs associated with the condition identified.

Context

The condition related to differences in liabilities were identified during the course of performing our audit procedures designed to identify unrecorded revenues and expenditures.

Additionally, the condition related to inventory was identified during the course of performing our audit procedures to substantiate balances recorded on the District's Unaudited Actuals.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

FINANCIAL STATEMENT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

Effect

The effect of the items identified above on the ending fund balances of the District's Child Development Fund and Cafeteria Fund resulted in increases to the ending fund balance of \$41,419 and \$47,206, respectively. Additionally, the District's Special Reserve Fund for Capital Outlay Projects balance decreased by \$330,600 in comparison to the reported balances on the District's Unaudited Actuals as of June 30, 2019.

Cause

The cause appears to be the deficiency in the District' internal control and review system as it was not able to prevent the misstatement to the financial statement.

Recommendation

In light of condition identified, the District should exercise care during its annual year-end closing process. The District should implement a process to review all invoices, deposits, and balances during its year-end closing process to determine the proper cut-off period.

Corrective Action Plan

During 2018-2019, both the Accounting Services and Nutrition Services Departments experienced multiple staff turnovers. The remaining staff did the best they could to close the books by the required deadline. In addition, the District was without a Director of Business Services, who normally would oversee the entire year-end closing of the books. As a result, some processes in the year-end close were not thoroughly completed. Since then, the District has filled the vacant Director position as well as multiple vacant staff positions.

2019-002 30000

Vacation/Sick Time Reporting

Criteria or Specific Requirements

Management is responsible for the design, implementation, and maintenance of internal controls to ensure the financial statements are free from material misstatement, whether due to error or fraud. Such procedures should ensure that sick/vacation days are properly tracked and reported to reduce the possibility of employees receiving benefits that are in excess of what they are entitled to.

Condition

Currently, the District utilizes manual time cards to approve the vacation/sick time for the employees. Due to the large volume of these documents, the manual time cards that are intended to track and document employee sick/vacation days are not sent to the District's payroll department in a timely manner. Due to this condition, many employees are granted vacation/sick time without proper approval or verification that the employees have sufficient balance on their vacation/sick time.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

FINANCIAL STATEMENT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

Questioned Costs

There were no question costs associated with the condition identified.

Context

The condition identified resulted from our review of procedures over sick/vacation usage and accruals.

Effect

The District can potentially over-compensate employees as a result of the District being unable to identify employees that have exhausted all of their sick/vacation days. We observed over-payment to employees ranging from \$293 to \$4,394 linked to this condition.

Cause

While there are systems in place to substitute manual time sheets, the District has not fully implemented its usage. Additionally, much of the exceptions are as a result of sites and various departments liberally following established payroll procedures which require manual time sheets to be remitted in a timely manner.

Recommendation

In order to ensure accuracy and completeness of the sick/vacation time records, it is encouraged that the District records the sick/vacation time cards using an automated system. This would assist in preventing any employees to use vacation/sick time in excess of accrued amounts.

Corrective Action Plan

District staff is aware of this concern. The District finally filled the vacant Director of Business Services position after a year of searching. The new Director will be working with the Payroll and Benefits Supervisor and Budget/Position Control Analyst to identify options to address this issue.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

**FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019**

None reported.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

**STATE AWARDS FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019**

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations. The findings have been coded as follows:

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
10000	Attendance
40000	State Compliance

Attendance

2019-003 10000

Criteria or Specific Requirements

Pursuant to California Education Code Section 42238.02, the Second Principal (P2) and Annual attendance reports submitted to the California Department of Education must reconcile back to supporting documents that the Local Educational Agency (LEA) has prepared in connection with the calculation of its Average Daily Attendance (ADA) reported on each of the reporting line items.

Condition

The District reported the following numbers on its Second Period and Annual attendance reports:

	<u>Second Period</u>	<u>Annual</u>
	(P2)	
Extended Year Special Education		
Fourth through sixth	8.13	8.13
Seventh through eighth	15.75	15.75
Ninth through twelfth	59.50	59.50
Special Education, Nonpublic, Nonsectarian Schools		
Fourth through sixth	6.67	6.67
Seventh through eighth	1.94	1.94
Ninth through twelfth	8.22	8.22
Extended Year Special Education, Nonpublic, Nonsectarian Schools		
Fourth through sixth	5.87	5.87
Seventh through eighth	2.00	2.00
Ninth through twelfth	4.57	4.57

However, the District did not have supporting documents to substantiate that the ADA reported is accurate.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2019

Questioned Costs

There were no questioned costs associated with the condition identified. Additionally, the District is a basic aid District and as a result, there was no impact on current year's revenues.

Context

The condition was identified during our review of the District's P2 and Annual attendance reports. Cumulative attendance summary reports supporting each of the reported line items were generated from the District's attendance system and the reports were compared with spreadsheets used by the District to prepare its P2 and Annual attendance reports.

Effect

The following summary of overstatements were noted on the District's Period 2 and Annual attendance reports:

- Extended Year Special Education: 83.83 ADA
- Special Education, Nonpublic, Nonsectarian Schools: 16.83 ADA
- Extended Year Special Education, Nonpublic, Nonsectarian Schools: 12.44 ADA

Since the District is a basic aid District, there was no impact on current year's revenues.

Cause

The cause of the condition identified materialized due to a sudden departure of an employee that was responsible for accumulating and compiling the District attendance reports. Additionally, the abrupt transition of responsibility combined with inadequate training did not allow the newly designated employee to properly prepare the attendance reports.

Recommendation

Since there was a significant shift in personnel that's responsible for attendance reporting, we recommend the District to consider engaging a third party to provide meaningful attendance training. Additionally, the District should consider training a secondary/alternate employee to ensure the continuity of attendance reporting in situations where the primary employee cannot perform the task.

Corrective Action Plan

The employee who is responsible for accumulating, compiling and completing the attendance reports unexpectedly went on medical leave and finally retired. Existing staff with limited knowledge tried their best to complete the report to meet the State reporting deadline. Staff agrees with the auditor's recommendation to bring in a knowledgeable staff to train two or more staff on attendance reporting. This will allow for coverage should one employee leave the district unexpectedly.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

**STATE AWARDS FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019**

Unduplicated Local Control Funding Formula Pupil Counts

2019-004 40000

Criteria or Specific Requirements

Per California *Education Code* Section 42238.02(b)(4), Local Educational Agencies (LEAs) should revise their submitted data on English learners, foster youth, and free or reduced-price meal eligible pupil counts to ensure the accuracy of information reported on the California Longitudinal Pupil Achievement Data System (CALPADS).

Condition

It appears that the District erroneously classified a total of 40 students as having English learner designations.

Questioned Costs

The questioned costs associated with this condition resulted in a decrease of \$20,969 in the Local Control Funding Formula (LCFF). The auditor was able to determine the penalty by recalculating the LCFF funding formula excluding 40 students.

Context

The condition was identified as a result of selecting a sample of students from the “1.18-FRPM/English Learner/Foster Youth – Student List” CALPADS report in accordance to the Standards and Procedures for Audits of California K-12 Local Education Agencies 2018-2019 Section 19849(a)(1). The initial sample was selected from five school sites, which resulted in exceptions noted for two of these sites. Specifically based on the review of supporting documentation it was identified that ten students had already been pre-designated fluent English proficient. It appears the District did not upload the appropriate information to have CALPADS be updated. The auditor requested a full list of all students who were re-designated to English proficient but still having the English learner eligibility on the CALPADS report. The District’s search criteria yielded a total of 40 students that were incorrectly designated as having “1.18 – English Learner – Student List” report.

Effect

As a result of our testing, it appears that the District did not update the "1.18 – FRPM/English Learner/Foster Youth – Student List" CALPADS report for pupils that did not have documentation supporting a "Free" or "Reduced" designation on the "1.18 – FRPM/English Learner/Foster Youth-Student List" CALPADS report. The results of our testing have been documented as follows:

Total Enrollment	Unduplicated FRPM/EL/Foster Youth Total	Adjustment by Auditor	Adjusted Total Unduplicated Pupil Count	Total Adjusted Enrollment
8,485	4,134	(40)	4,094	8,485

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2019

Cause

The cause is unknown.

Recommendation

The District should emphasize the importance of completing the Form 1.18 accurately, which would include ensuring that all changes are accurately and timely updated based on new eligibility documentation received. In addition, the District should identify and evaluate key CALPADS calendar dates to ensure that appropriate and necessary measure are taking place to ensure that CALPADS information is being updated.

Corrective Action Plan

CALPADS reporting is done in the Education Services Department. Similar to Accounting Services and Nutrition Services Departments, there were multiple staff turnovers in the department. Existing staff were not familiar with reporting in CALPADS, resulting in this audit finding. The Assistant Superintendent in Educational Services will be getting the current staff the trainings they need to properly report in CALPADS.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior years Schedule of Findings and Questioned Costs.

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
30000	Internal Control

Financial Statement Findings

2018-001 30000

Criteria or Specific Requirements

To ensure that revenues and expenditures have been properly recorded in the correct accounting period, accounting accruals are used to recognize these activities in the corresponding accounting period. Following the set-up of accrual entries, the District can elect to post reversing entries in accordance to California School Accounting Manual Procedure 205 (Reversing Entries) or manually reverse or clear the established accruals in the subsequent accounting period as activities triggering the reversals occur. Regardless of the method used to clear the accounting accruals, the District must properly clear prior year's accounting accruals to ensure that current year's revenues and/or expenditures are correctly stated on the District's financial statements.

Condition

The following observations were made during our review of the District's account balances (Object 9xxx), we noted the following:

- 1) While the observed amounts were not significant or material to the financial statement, we observed that the District reestablished numerous prior year accruals without properly examining if there were transactions that would have cleared these balances. These observations include balances for accounts receivables and accounts payables.
- 2) The District appears to be utilizing object codes 956x and 957x for all funds with payroll activities as holding accounts to record its insurance activities. Effectively, these object codes serve to accumulate the necessary cash to pay obligations arising from monthly insurance premiums. We noted that actual insurance premiums are paid strictly from the General Fund. However, the District appears not to be reconciling or reviewing the impact of these accounts in other funds (Funds 11, 12, 13 & 21) with payroll activities present.

Questioned costs

There were no questioned costs associated with the condition identified.

Context

The condition was identified through the course of review and assessment of the District's account balances and general ledger activities related to insurance holding accounts.

SOUTH SAN FRANCISCO UNIFIED SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

Effect

Due to the condition identified, the District's current year revenues and expenditures are likely to be overstated. Additionally, due to the lack of reconciliation taking place over the District's insurance holding accounts, the General Fund has subsidized all insurance obligations arising from other funds with payroll activities.

Cause

The District's financial operation has been experiencing a shortage of individuals with adequate accounting knowledge to address the District's operational needs. Given the limited resources and the time constraints, the District appears to have prioritized its accounting function to address only the essential tasks and placed all ancillary tasks on hold. Moreover, it appears that the District's problem with chronic changes in personnel does not facilitate the corrective actions necessary to remedy the condition identified.

Recommendation

If the District does not have adequate resources or cannot allocate adequate human resources to correct this condition, we recommend the District to consider hiring a 3rd party consultant to address the condition identified. Specifically, the District should take immediate corrective action on its insurance holding accounts (object codes 956x and 957x) since these balances appear to be growing year-over-year.

Current Status

Implemented.

Management
South San Francisco Unified School District
South San Francisco, California

In planning and performing our audit of the financial statements of South San Francisco Unified School District, for the year ended June 30, 2019, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we noted matters that are opportunities for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated December 14, 2019, on the government-wide financial statements of the District.

INTERNAL CONTROLS

Revolving Account Reconciliation

Observation

Based on testing performed, it appears that the District was not adhering to the established procedure to reconcile its revolving cash account back to the imprest amount of \$33,000 on a regular basis. In addition, the bank reconciliation was not being reviewed by an independent party to verify the accuracy and appropriateness of the reconciliation.

Recommendation

District's revolving cash should be reconciled at two different levels. First the District should reconcile back to the balance reflected on the ledger using ending bank statement balances. Secondly, the District should reconcile back to imprest amount established by the District by taking into account those expenditure transactions that have yet to be reimbursed. Both level of reconciliations should be performed on a monthly basis and reviewed independently, preferably by an administrator with accounting knowledge, to ensure proper monitoring of the District's revolving cash transactions.

Credit Card Purchases

Observation

Based on our review of the credit card purchases procedure, the purchases made with credit card were not always accompanied by supporting documents to substantiate the transactions being made. The lack of supporting documents increases the chance of unallowed activities and misappropriations to take place.

Recommendation

Regular transactions for District's day-to-day operations should be processed following established purchasing procedures. By substituting credit cards in place of following the District's purchasing procedures, the District is circumventing established controls that are intended to protect the District and its employees. Credit cards may be required and should be used for certain travel related expenditures. However, due to the high volume of credit card transactions, the statement should be closely reviewed by an independent administrator. This will ensure that the credit card will be utilized for District activities and not for personal reasons. Additionally, all credit card transactions must be accompanied by supporting documents to properly document that transactions are made in relation to the District's operation and not for personal reasons.

Direct Payments and Purchase Requisitions/Orders

Observations

The following conditions were identified based on our review and assessment of the District's purchasing procedures:

- 1) It appears that the District is not always following its established purchasing procedures. Specifically, we observed frequent direct payments being made by the District. Direct payments are an alternative method to pay vendors that do not following the prescribed purchasing procedures and are generally used only in urgent/emergency circumstances.
- 2) It appears that the District's sites/departments are regularly engaging vendors prior to the processing and approval of purchase requisitions/orders. Specifically, we observed purchase orders being created on dates subsequent to vendor invoice date which is indicative that the vendor was engaged prior to approval/authorization of the purchase request.

Recommendation

The District's should centralize all purchasing related activities and responsibilities should be directly delegated to the District's Purchasing Department. More importantly, the District should consider recruiting an employee that has a comprehensive knowledge of regulations and procedures pertaining to purchasing and any additional employees to have an effective purchasing function at the District. If additional personnel cannot be part of the remedy, we strongly encourage the District to provide an immediate training to all impacted personnel on the District's proper purchasing protocol, which includes the effective use of purchase requisitions/orders. Furthermore, we recommend the District's Business Services Department to make an effort to enforce its purchasing procedures in an effort to discourage sites/departments from continuing to engage in similar business practices.

Duplicate Invoices

Observation

Vendor invoices are not canceled upon payment to prevent their reuse which could result in double payment of an invoice.

Recommendation

To avoid the possibility that invoices could be used to prepare duplicate payment, we recommend that all vendor invoices be canceled using a stamp or other form of cancellation to indicate the payment was made.

ASSOCIATED STUDENT BODY

El Camino High School

Observation

Ticket sales reports are not reviewed before submission to the student body bookkeeper for deposit of the funds relating to the report. We noted discrepancies between the extensions of the tickets sold and the money submitted for deposit with no explanation of the shortage.

Recommendation

The sales report should be carefully reviewed before it is forwarded to the bookkeeper. The mathematical accuracy of the sales recap should be double checked, and the cash shortage and overage should be clearly documented. Should the cash variance be large, an explanation should be stated on the form.

Observation

ASB disbursements are not consistently being approved prior to transactions taking place. Auditor noted 24 out of 25 disbursements tested were not pre-approved by the ASB. This could potentially lead to spending in excess of available funds. Additionally, expenditures of questionable nature could arise if disbursements are not pre-approved.

Recommendation

In order to ensure proper internal controls over the ASB disbursements, the site should ensure that all disbursement transactions are pre-approved by authorized administrative personnel and the student council (if applicable). This would allow the reviewing administrator and/or the student council to determine if the proposed activities are appropriate and to determine if sufficient funding is available to finance the activities or the purchases.

West Borough Middle School

Observation

A master ticket log is not being used by the sites to account for all tickets on hand and used during the year. In addition, a ticket sales recap form is not prepared which calculates the number of tickets sold and the total revenue generated based on the selling price per ticket.

Recommendation

A master ticket log should be maintained which notes the type of ticket, color, and current beginning ticket number in the role. The tickets should be safeguarded as if they were cash because stolen tickets would equate to lost revenue for the site because these tickets could be presented for admission rather than an individual paying for admission. When ticket rolls are issued, they should be logged out noting the beginning ticket number in the roll and to whom the roll was issued. When the ticket sales recap form is returned, the form should be reconciled to the log.

Observation

ASB disbursements are not consistently being approved prior to transactions taking place. Auditor noted four out of eight disbursements tested were not pre-approved by the ASB. This could potentially lead to spending in excess of available funds. Additionally, expenditures of questionable nature could arise if disbursements are not pre-approved.

Recommendation

In order to ensure proper internal controls over the ASB disbursements, the site should ensure that all disbursement transactions are pre-approved by authorized administrative personnel and the student council (if applicable). This would allow the reviewing administrator and/or the student council to determine if the proposed activities are appropriate and to determine if sufficient funding is available to finance the activities or the purchases.

Observation

ASB disbursements were being made without explicit receiving documentation for goods being ordered. One out of eight disbursements tested did not have receiving documentation. As a result, vendor invoices were being paid without the direct knowledge of whether or not the goods being ordered have been received by the ASBs.

Recommendation

All goods being ordered should be documented with explicit receiving documentation. Documentation should indicate the date that the goods have been received and documentation regarding whether or not the goods have been received intact, undamaged, and in the correct quantities. Payments for vendor invoices should only be made once the receiving documentation is available.

We will review the status of the current year comments during our next audit engagement.
