Comments:

The libraries at our elementary schools provide students access to books in order to promote reading enjoyment as well as to support and supplement classroom learning. By providing both fictional and informational books, our students are inspired to learn and create. But their opportunities are limited because the libraries are only open for part of the school day. Library Media Assistants at the elementary level work only 3.5 hours a day. Our libraries should be open for the entire school day and should be staffed for the same amount of time.
