Comments:

The Infinite Campus training was disappointing. The district knew that they were getting rid of school loop for a long time, yet there was no training or preview to the new system at the end of last year. Since there was no training, there were high expectations at the welcome back. They did not meet the needs of any of us. Features were promised that weren't there. There were two versions, so everyone had a hard time following. We were left confused and anxious to an already stressful start of the year. The district should offer flexible support. Don't offer it after school and blame us for not attending. Our time is valuable too. Support should be provided during work hours. This needs to be remedied because it affects students.
