

Dear Families of Haine Elementary,

Haine Elementary receives Federal Title I funds to support our district's academic intervention programs. The primary goal of Title I is to ensure that all students have access to a high-quality education that prepares them for success.

It is our intent to form a strong partnership with parents and guardians and involve parents/guardians in our school community. Your involvement is crucial to the success of our Title I program. We invite you to participate in various ways, including:

- Attending school events
- Providing input on our school's Title I plan and how funds are utilized
- Participating in workshops and training sessions to support your child's learning at home

We value your feedback and input as we continue to enhance our Title I program. We kindly request you review the attached parent/guardian Right to Know Letter as well as the following documents located on the district website. These documents will soon be finalized for the 2025-2026 school year. Should you choose to provide feedback, please complete the feedback form.
