

SUBJECT: USE OF INTERNET-ENABLED DEVICES DURING THE SCHOOL DAY

The Glens Falls Common School District consulted with local stakeholders including employee organizations, parents, and students to develop this policy to prohibit the use of Internet-enabled devices by students during the school day on school grounds. - b) "School day" means the entirety of every instructional day as required by subdivision 7 of the Education Law Section 3604 during all instructional time and non-instructional time, including but not limited to homeroom periods lunch, recess, study halls, and passing time.
- c) "School grounds" means in or on or within any building, structure, athletic playing field, playground, or land contained within the real property boundary line of the Glens Falls Common School District.

Students are generally prohibited from using Internet-enabled devices during the school day anywhere on school grounds.

Students must store their Internet-enabled devices in designated on-site storage areas during the school day. The designated on-site storage areas must be easily accessible to students and provide adequate security to ensure the safekeeping of the student's devices. The District will communicate the procedures for storing and retrieving devices, ensuring that students understand their responsibilities in using the on-site storage facilities provided.

Methods for Parents to Contact Students During the School Day

To accommodate necessary communication, parents or persons in parental relation may call the school's main office, and the office staff can relay messages to the student or call the student to the office to speak with their parent or person in parental relation.
