

Ashley Hernandez, PCAC

Victoria County Tax Assessor-Collector

Debt Certification required by Truth-In-Taxation Procedures

July 26, 2025

Nursery ISD,

Truth-in-Taxation procedures require the Victoria County Tax Assessor Collector to certify the excess debt tax collections. As your tax collector, I hereby certify the Nursery ISD has an excess debt collection of **0**.

Recap:

Current and delinquent I & S collected July 1, 2024 thru June 30, 2025:

\$273,631.34

2024 calculated Anticipated debt: \$276,324

Total Excess/Difference: (\$2692.66)

2024 EXCESS DEBT (\$2,692.66)

The same laws also require a certified anticipated collection rate for the upcoming tax year.

I Ashley Hernandez, hereby certify **99%** as the anticipated collection rate to be used in the 2025 voter-approval tax calculation so long as it is not lower than each of the three prior year's collection rates. Should it be lower than all three prior years; the lowest rate of the three prior years will have to be used in the calculation per Texas Property Tax Code.

Respectfully,

Ashley Hernandez
