Good afternoon 9th graders and 9th grade families! We have finally processed the 9th grade Chromebook request. We appreciate your patience during this process.

Starting Wednesday August 20, 2025 through Thursday August 21, 2025 Chromebooks will be assigned to those students who filled out the request form. This will happen during the 9th grade Science classes, zero through sixth.

The 9th grade science teachers will send the students down to the library during class from a list provided by Admin. Admin and technology will then assign a Chromebook to each 9th grader that requested one and send them back to class.

Starting Friday August 22, 9th graders that still needs a Chromebook can visit room 6102 on Monday, Wednesday and Friday from 8:00am – 8:30am to get a one issued.

Thank you!

Kenny Knoop, M.Ed.

Principal, John Burroughs High School
