Process for Resolving a Concern or Complaint

The following steps are to be followed by parents/guardians, students or the public when concerns or complaints arise regarding the operation of the school district that cannot be addressed through other established policies or procedures.

1. Concerns or complaints should first be addressed to the teacher or employee directly involved.
2. Unsettled matters from (1) above or concerns or complaints regarding individual schools should be presented in writing to the principal of the school. The principal will provide a written response to the individual raising the concern ("complainant") within five business days of receiving the complaint or concern unless additional time is necessary to investigate or extenuating circumstances exist.
3. Unsettled matters from (2) above or concerns or complaints regarding the school district in general should be presented to the superintendent or designee in writing. The superintendent or designee will provide a written response to the complainant within five business days of receiving the concern or complaint, unless additional time is necessary to investigate or extenuating circumstances exist.
4. If the matter cannot be settled satisfactorily by the superintendent or designee, a member of the public may request that the board or at the discretion of the Board president, a subcommittee of the board of Education, will be appointed to investigate their grievance and render a decision. The Board subcommittee will review the grievance documents and either render a final decision regarding the matter or decide to hear the grievance with all parties present, and render a final decision thereafter. The decision of the Board subcommittee shall be final unless it is determined by the subcommittee that the grievance should be formally heard by the entire board.

Prohibition against Retaliation

The Board strictly prohibits discrimination or retaliation against any person for bringing a concern to the attention of the district or participating in the complaint process. This prohibition extends to relatives and others associated with the person who brought the concern or complaint. The Board directs all district employees to cooperate in investigations of complaints.
