### Student Accident Insurance for 2025-2026 School Year (Purchased by Parents on Voluntary Basis)

Dear Parents:

Student Accident Insurance is available, on a voluntary enrollment basis, to cover your child in his or her school activities. The *Student School Time Accident Insurance* insures from the time the child leaves home until returning at the close of the school day. It covers all school sponsored activities including class trips and will be in effect until the end of the school term in June of 2026. *24-Hour Accident Coverage* is also available and provides coverage until the first day of school for the next school year and provides protection any time or any place.

You may obtain a Student Accident brochure/enrollment form on our webpage at [Student Accident/Sports Information](#). There will be a link on the webpage: *Student Accident Brochure/Enrollment Form*. The brochure describes the coverage and conditions of the insurance and also includes the application for the coverage of your choice. You may also obtain a brochure/enrollment form from the school office. Claim forms may also be obtained from our webpage or the school office.

This insurance is primary excess of over \$100 and covers usual and reasonable expenses for most medical treatment related to the covered injury. Benefits are payable for the first \$100 of covered expenses, without regard to other insurance. Thereafter, benefits are payable for covered expenses above \$100 that are not recoverable from another plan providing medical expense benefits to the applicable maximum. If the insured is not covered by another plan providing medical expense benefits, the excess provision shall not apply, and benefits are payable to the limits described in the policy.

This voluntary Student Accident Insurance does not cover interscholastic sports injuries. The School District has purchased an excess insurance policy for all interscholastic sports injuries.

The annual cost for students in grades K through 12, for \$250,000 in coverage for one-year of benefit is:

School Time: \$28.00

24-Hour: \$124.00

The enrollment form for all coverages should be completed and signed. Checks should be made payable to United States Fire Insurance Company. A separate check and enrollment form for each student should be enclosed in the enrollment envelope.
