

Thomas Jefferson High School

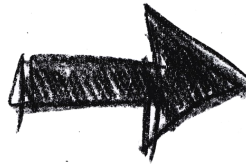

Schedule Change Requests

Schedules are viewable on StudentVue.

Please be aware that changes to the master schedule may impact schedule changes throughout the summer.

If you are in special programs, such as Full IB, IBCP, AVID, ML, or SPED, please see your advisor first to approve the change, then see your counselor.

Use the QR code to make your request.

Please note, counselors are off throughout the summer and will start working on requests when we return on August 18th.

If you would like to talk with your counselor, **please come in on 8/29.**

Acceptable Requests:

- You are missing a class required for graduation; especially English, Math, Social Studies or Science
- You are in a class you already passed
- You are in a class you have not met the prerequisites for
- You are scheduled for the same class twice
- You have a hole in your schedule or two classes during the same period

Unacceptable Requests:

- You want a class with a friend
- You want a different lunch
- You want it at a different time
- You want to switch the teacher
- You don't like your elective

We can not honor all requests due to class size, schedule conflicts, and other variables.
