Dear Lagway Families,

I want to take a moment to help clarify some common questions regarding transportation changes for students.

- If you are wanting to change your child's transportation for the day (for example, your child normally rides the bus, but you need him/her to be a car rider), please submit your change [HERE](#) and watch this short video for step-by-step directions: [Video](#).
- If you would like your child to begin riding the bus regularly, a route and bus stop will need to be established first. Please submit your request [HERE](#).

We hope this helps clear up the process so your child gets home safely and smoothly each day. Thank you for your partnership and for helping us ensure student safety.

Mrs. Wilder
