

Agricultural Science II

Instructor

Ms. Lee klee@braymerc4.net

Course Description

Agriculture is a field that comprises many different disciplines. In this course you will learn about biotechnology, plant science, soil science, FFA, and many other areas. Classroom, SAE and FFA make up agricultural education; they are integral to the success of any agricultural program. With that said, the three circles (Classroom, SAE and FFA) are all considered intercurricular. This means that any of these circle models can be taught in and out of the classroom for credit.
