

How to Sign Into the Visitation School App

Click the Settings Gear in the upper right corner of the Home screen on the app.

Enter your username and password to sign in.

Parents

To access the Student/Parent Directory on the Visitation School App, your username is the email address that is used during registration.

If you do not have a password, please click on [this link](#) to create a password using your email as the username by clicking the Forgot Password link.

Student/Staff

To access the Student/Parent Directory on the Visitation School App, please click on this [link](#)

Enter your vischool.org email when asked for an email.

You should receive an email from the system including your username for the app and a link to reset/create your password.

This username and the password should be used on the app to login to the Student/Parent Directory found on the More page of the app.
