

Annual Fund

Cardinal Newman

FREQUENTLY ASKED QUESTIONS

WHAT IS THE ANNUAL FUND?

Cardinal Newman is a nonprofit, mission-driven school.

While tuition covers much of the day-to-day, it is support through the Annual Fund that allows us to thrive—not just operate. These gifts sustain the programs, people, and experiences that make Cardinal Newman more than just a school.

WHAT DOES THE ANNUAL FUND SUPPORT?

The Annual Fund directly benefits every student. It makes tuition assistance possible, supports strong academic programs, helps us offer competitive salaries for our brilliant and dedicated faculty, and funds the co-curricular experiences - like retreats, athletics, arts, and clubs - that define the Cardinal Newman experience.

TUITION VS. TOTAL COST

We understand tuition is a major commitment for many families. That's why we don't raise it to cover everything. Instead, we ask our community to support the Annual Fund—so we can keep tuition accessible, offer financial aid, and provide the values-based education that sets us apart. Every gift—no matter the size—helps sustain this mission together.

FLEXIBILITY FUELS EXCELLENCE

While restricted gifts support specific areas like athletics, the arts, or capital projects — unrestricted giving, such as to the Annual Fund, is what keeps everything running. These essential funds allow the school to maintain excellent academic and co-curricular programs, to meet urgent needs, and provide as much tuition assistance as possible. Without the freedom unrestricted giving provides, we couldn't deliver a community built on tradition and possibility.

YOUR GIFT. THEIR FUTURE.

When you give to the Annual Fund, you do more than support programs - you invest in people. Your participation signals belief in our mission, pride in our community, and commitment to every student's success.

Every gift-no matter the size- makes a difference. And when we all give, we all grow stronger. Help us reach 100% participation and show that Cardinal Newman families stand together.
