

# Welcome to Music Class

## My name is Ms. Gretchen Throm

### DEAR FAMILIES,

I am so excited to be joining the Iroquois Central School District as the new K-3 music teacher. This year, I will have the wonderful opportunity to teach at all three primary schools, bringing music to every young learner in our district. My goal is to create a joyful, engaging, and supportive classroom where students can explore, create, and grow through music. I look forward to making music together and sharing in all the wonderful experiences this year will bring.

### THE MUSIC ROOM

This year marks my 8th year of teaching music, and I have had the privilege of working with students from kindergarten all the way through 12th grade. For the past six years, I taught at Global Concepts Charter School, where I directed chorus and provided general music instruction to a wide range of grade levels. Those experiences have given me a deep appreciation for how music supports growth at every stage of learning, and I am excited to focus on nurturing the very beginning of that journey here at Iroquois.

### MY FAVORITES

- ❁ I love animals! I have two dogs, two cats and a rabbit at home!
- ❁ I play many instruments but my favorites are violin, ukulele, and singing!
- ❁ My favorite kinds of music are Jazz and Folk!
- ❁ In my spare time I love to play Pickleball
