Policy 0460: Local Control And Accountability Plan

Status: ADOPTED

Original Adopted Date: 10/01/2017 | **Last Revised Date:** 12/01/~~2023~~2024 | **Last Reviewed Date:** 12/01/~~2023~~2024

The Governing Board desires to ensure the most effective use of available funding to improve outcomes for all students. A comprehensive, data-driven planning process shall be used to identify annual goals and specific actions which are aligned with the district budget and facilitate continuous improvement of district practices.

The Board shall adopt a districtwide local control and accountability plan (LCAP) and an annual update to the LCAP, based on the most up-to-date template adopted by the State Board of Education (SBE), that addresses the state priorities in Education Code 52060 and any local priorities adopted by the Board. The LCAP and the annual update shall be adopted or updated, as required, on or before July 1 of each year. (Education Code 52060, 52064; 5 CCR 15494-15497)

The LCAP and the annual update shall focus on improving outcomes for all students, particularly those who are "unduplicated students" or are part of any numerically significant student subgroup that is at risk of or is underperforming. (Education Code 52060, 52064)

An "unduplicated student" is a student who is eligible for free or reduced-price meals, who is an English learner, or who is a foster youth, as defined in Education Code 42238.01. (Education Code 42238.02)

Numerically significant student subgroups include ethnic subgroups, socioeconomically disadvantaged students, English learners, long-term English learners, students with disabilities, foster youth, and students experiencing homelessness, when there are at least 30 students in the subgroup or at least 15 foster youth, students experiencing homelessness, or long-term English learners. (Education Code 52052)

The LCAP shall also include focused goals, as specified in Education Code 52064, for each school generating local control funding formula (LCFF) equity multiplier funds.

Beginning July 1, 2027, if the district is identified by the California Department of Education (CDE) as needing an improvement plan pursuant to 34 CFR 300.600-300.647, the Board shall adopt, and update on an annual basis, an Individual with Disabilities Education Act (IDEA)
Addendum, based on the template adopted by SBE. However, if the district adopts an improvement plan after being identified, but before July 1, 2027, the IDEA Addendum shall be developed upon expiration of the adopted improvement plan, but no later than July 1, 2030, whichever occurs first. The IDEA Addendum shall be developed, reviewed, and approved in conjunction with and in the same

manner as the LCAP and the annual update, and shall be submitted to CDE within 15 days of adoption by the Board. (Education Code 52064.3)

The Superintendent or designee shall review the school plan for student achievement (SPSA) submitted by each district school pursuant to Education Code 64001 to ensure that the specific actions included in the LCAP are consistent with strategies included in the SPSA. (Education Code 52062)

The LCAP shall also be aligned with other district and school plans, to the extent possible, in order to minimize duplication of effort and provide clear direction for program implementation.

As part of the adoption of the LCAP and the annual update, the Board shall separately adopt a LCFF budget overview for parents/guardians, based on the template developed by SBE, which includes specified information relating to the district's budget. The budget overview shall be adopted, reviewed, and approved in the same manner as the LCAP and the annual update. (Education Code 52064.1)

Advisory Committees

The Board shall establish a parent advisory committee, which shall be composed of a majority of parents/guardians and shall include parents/guardians of unduplicated students and parents/guardians of students with disabilities. (Education Code 52063; 5 CCR 15495)

Whenever district enrollment includes at least 15 percent English learners, with at least 50 students who are English learners, the Board shall establish an English Learner Parent Advisory Committee, which shall be composed of a majority of parents/guardians of English learners. (Education Code 52063; 5 CCR 15495)

The District English Learner Advisory Committee (DELAC) may serve as the district's LCAP English Learner Parent Advisory Committee, as specified in Administrative Regulation 6174 – Education for English Learners.

Unless a student advisory committee is established to provide advice to the Board and Superintendent, two students shall be included as full members of the parent advisory committee. The students shall serve for a renewable term of one full school year. (Education Code 52063)

Student members of the parent advisory committee or the student advisory committee shall represent the diversity of the district's students, including geographical, socioeconomic, cultural, physical, and educational diversity, and particular effort shall be made to reach out to at-risk or disadvantaged students to serve as members of such committees. (Education Code 52063)

The Superintendent or designee shall present the LCAP and the annual update to each of these committee(s) before they are submitted to the Board for adoption, and shall respond in writing to comments received from the committee(s).

LCAP Development and Consultation

The Superintendent or designee shall gather data and information needed for effective and meaningful development of the LCAP and present it to the Board and community. Such data and information shall include, but not be limited to, data regarding the number of students in student subgroups, disaggregated data on student achievement levels, and information about current programs and expenditures.

The Board shall consult with teachers, principals, administrators, other school personnel, employee bargaining units, parents/guardians, and students in developing the LCAP and the annual update. Consultation with students shall enable unduplicated students and other numerically significant student subgroups to review and comment on LCAP development and may include surveys of students, student forums and committees, and/or meetings with student government bodies or other groups representing students. (Education Code 52060; 5 CCR 15495)

As part of the parent/guardian and community engagement process, the district shall solicit input on effective and appropriate instructional methods, including, but not limited to, establishing language acquisition programs to enable all students, including English learners and native English speakers, to have access to the core academic content standards and to become proficient in English. (Education Code 305-306)

The Superintendent or designee shall consult with the administrator(s) of the special education local plan area of which the district is a member to ensure that specific actions for students with disabilities are included in the LCAP and are consistent with strategies included in the annual assurances support plan for the education of students with disabilities. (Education Code 52062)

The Superintendent or designee shall notify members of the public of the opportunity to submit written comments regarding the specific actions and expenditures proposed to be included in the LCAP and the annual update. The notification shall be provided using the most efficient method of notification possible, which may not necessarily include producing printed notices or sending notices by mail. All written notifications related to the LCAP and the annual update shall be provided in the primary language of parents/guardians when required by Education Code 48985.
(Education Code 52062)

The Board shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP and the annual update. The public hearing shall be held at the same meeting as the budget hearing required pursuant to Education Code 42127 and Board Policy 3100 - Budget. (Education Code 52062)

Adoption and Submission

The Board shall adopt the LCAP and the annual update prior to adopting the district budget, but at the same public meeting. This meeting shall be held after the public hearing described above, but not on the same day as the hearing. (Education Code 52062)

Not later than five days after adoption of the LCAP, the annual update, the district budget, and the budget overview for parents/guardians, the Board shall file the LCAP, the annual update, the budget, and the budget overview with the County Superintendent of Schools. (Education Code 42127, 52064.1, 52070)

If the County Superintendent sends, by August 15, a written request for clarification of the contents of the LCAP and the annual update, the Board shall respond in writing within 15 days of the request. If the County Superintendent then submits recommendations for amendments within 15 days of receiving the Board's response, the Board shall consider those recommendations in a public meeting within 15 days of receiving the recommendations. (Education Code 52070)

If the County Superintendent does not approve the district's LCAP and the annual update, the Board shall accept technical assistance from the County Superintendent focused on revising the LCAP and the annual update so that they can be approved. (Education Code 52071)

If the Board is unable to review local indicator data due to any emergency specified in Education Code 46392, the local indicator data shall be reviewed at the next Board meeting, and a resolution describing the emergency event and the date on which the local indicator data was reviewed shall be adopted and submitted to CDE. (Education Code 52064.5)

Revisions

The Board may adopt revisions to the LCAP and the annual update at any time during the period in which it is in effect, provided the Board follows the process to adopt the LCAP and the annual update pursuant to Education Code 52062 and the revisions are adopted in a public meeting.

The district budget shall be developed in accordance with state criteria and standards specified in 5 CCR 15440-15450 as they relate to projections of average daily attendance (ADA), enrollment, ratio of ADA to enrollment, LCFF revenue, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. In addition, the Superintendent or designee shall provide the supplemental information specified in 5 CCR 15451, which addresses the methodology and budget assumptions used, contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, status of collective bargaining agreements, the LCAP, and LCAP expenditures. (Education Code 33128, 33129, 42127.01; 5 CCR 15440-15451)

The district budget shall provide for increased or improved services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students in accordance with 5 CCR 15496. Unduplicated students are students who are eligible for free or reduced-price meals, English learners, and/or foster youth. (Education Code 42238.07; 5 CCR 15496)

Additionally, the district budget shall provide for increased or improved services for each school which generates LCFF equity multiplier funding. (Education Code 42238.024, 52064)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated

increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

Fund Balance

The district shall classify fund balances in compliance with Governmental Accounting Standards Board (GASB) Statement 54, as follows:

1. Nonspendable fund balance includes amounts that are not expected to be converted to cash, such as resources that are not in a spendable form (e.g., inventories and prepaids) or that are legally or contractually required to be maintained intact.

2. Restricted fund balance includes amounts constrained to specific purposes by their providers or by law.

3. Committed fund balance includes amounts constrained to specific purposes by the Board.

   For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

4. Assigned fund balance includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

   The Board delegates authority to assign funds to the assigned fund balance to the Superintendent and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. The Superintendent shall have discretion to further delegate the authority to assign funds.

5. Unassigned fund balance includes amounts that are available for any purpose.

When multiple types of funds are available for an expenditure, the district shall first utilize funds from the restricted fund balance as appropriate, then from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

The Board intends to maintain a minimum assigned and unassigned fund balance in an amount the Board deems sufficient to maintain fiscal solvency and stability and to protect the district against unforeseen circumstances.

If the assigned and unassigned fund balance falls below the level set by the Board due to an emergency situation, unexpected expenditures, or revenue shortfalls, the Board shall develop a plan to recover the fund balance which may include dedicating new unrestricted revenues, reducing expenditures, and/or increasing revenues or pursuing other funding sources.

Reserve Balance

The district budget shall include a minimum reserve balance for economic uncertainties that is consistent with the percentage or amount specified in 5 CCR 15450.

In any year following the fiscal year in which the district is notified by the SPI that the amount of monies in the state Public School System Stabilization Account equals or exceeds three percent of the combined total of general fund revenues appropriated for school districts and allocated local proceeds of taxes, the district budget shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10 percent of these funds, unless the requirement is waived in accordance with Education Code 42127.01. (Education Code 42127.01)

Long-Term Financial Obligations

The district's current-year budget and multiyear projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

The Board may approve a plan for meeting the district's long-term obligations to fund contributions to the California Public Employees' Retirement System (CalPERS) or other defined pension plans such as the California State Teachers Retirement System which, to the extent possible, minimizes significant increases in annual general fund expenditures towards pension obligations. The plan may include prefunding required pension contributions through the California Employers' Pension Prefunding Trust Program pursuant to Government Code 21710-21716.

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of OPEBs. As a separate agenda item at the same meeting, the Board shall disclose whether it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of workers' compensation claims and the actuarial reports upon which the estimated costs are based. As a separate agenda item at the same meeting, the Board shall disclose

whether it will reserve in the budget sufficient amounts to fund the present value of accrued but unfunded workers' compensation claims or if it is otherwise decreasing the amount in its workers' compensation reserve fund. The Board shall annually certify to the County Superintendent the amount, if any, that it has decided to reserve in the budget for these costs. The Board shall submit to the County Superintendent any budget revisions that may be necessary to account for this budget reserve. (Education Code 42141)

Budget Amendments

No later than 45 days after the Governor signs the annual Budget Act, the Superintendent or designee shall make available for public review any revisions in budgeted revenues and expenditures which occur as a result of the funding made available by that Budget Act. (Education Code 42127)

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval as necessary when collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.

The budget and supporting data shall be maintained and made available for public review. (Education Code 42127)

If the County Superintendent disapproves or conditionally approves the district's budget, the Board shall review and respond to his/her recommendations at a public meeting on or before October 8. (Education Code 42238.07; 5 CCR 15496)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

   For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

4. *Assigned fund balance* includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

When the Superintendent or designee presents a report to the Board on the estimated accrued but unfunded cost of OPEBs, the Board shall disclose, as a separate agenda item at the same meeting, whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)
When the Superintendent or designee presents a report to the Board on the estimated accrued but unfunded cost of workers' compensation claims, the Board shall disclose, as a separate agenda item at the same meeting, whether or not it will reserve in the budget sufficient amounts to fund the present value of accrued but unfunded workers' compensation claims or if it is otherwise decreasing the amount in its workers' compensation reserve fund. The Board shall annually certify to the County Superintendent the amount, if any, that it has decided to reserve in the budget for these costs. Policy 3280: Sale Or Lease Of District-Owned Real Property

Status: ADOPTED

Original Adopted Date: 07/01/2011 | **Last Revised Date:** ~~10~~12/01/~~2020~~2024 | **Last Reviewed Date:** ~~10~~12/01/~~2020~~2024

The Governing Board believes that district facilities and resources should be utilized in an economical and practical manner. The Superintendent or designee shall periodically study the current and projected use of all district facilities to ensure the efficient utilization of space for the effective delivery of instruction.

Prior to the sale or lease of any surplus real property, the Board shall appoint a district advisory committee to advise the Board regarding the use or disposition of schools or school building space which is not needed for school purposes. The Board may elect not to appoint a district advisory committee for any of the following: (Education Code 17388, 17391)

1. A rental of property for a period of time not exceeding 30 days

2. A lease or rental of surplus property to a private educational institution for the purpose of offering summer school

3. A sale, lease, or rental of surplus property to be used for teacher or other employee housing

In addition, to ensure that the proposed disposition of the property conforms with any general plan adopted by the local planning agency that affects or includes the area where the surplus property is located, the Board shall submit a report to the local planning agency describing the location of the surplus property and the purpose and extent of the proposed sale or lease. (Government Code 65402)

The Board shall determine whether the sale or lease of the surplus property is subject to review under the California Environmental Quality Act. (Public Resources Code 21000-21177; 14 CCR 15061-15062)

The Board may meet in closed session with its real property negotiator prior to the sale or lease of real property by the district in order to grant its negotiator authority regarding the minimum price or rent and terms of the sale or lease. (Government Code 54956.8)

Before taking action to dispose of any land, the Board shall declare, at a regular meeting, supported by written findings that, under the Surplus Land Act, the land is either (1) surplus land or (2) exempt surplus land. (Government Code 54221)

However, if the land involved is exempt surplus land as specified in Government Code 54221(f)(1), the Board, at its discretion, may decide not to make such a declaration. Instead of the declaration, the Board may identify the land as exempt surplus land in a notice that is published and available for public

comment and to the entities identified in Government Code 54222 at least 30 days before the exemption takes effect. (Government Code 54221)
Additionally, at least 30 days prior to disposing of exempt surplus land, the district shall provide the Department of Housing and Community Development (HCD) a copy of the Board's declarations and findings supporting the Board's determination that the land is exempt surplus land using the form prescribed by HCD. (Government Code 54221)

If the district has received notification from HCD that the district has violated the Surplus Land Act pursuant to Government Code 54230.5, the Board shall not pursue a final action to ratify or approve the proposed disposal of surplus land unless the Board holds an open and public meeting in compliance with Government Code 54230.7 to review and consider the substance of the notice.

When selling or leasing district real property, the Board shall comply with applicable procedures and give priority to specified public agencies as required by law. (Education Code 17230, 17464, 17485, 17500; Government Code 54221-54234)

Resolution of Intention to Sell or Lease

Before ordering the sale or lease of any real property, the Board shall adopt a resolution by a two thirds vote of all of its members at a regularly scheduled open meeting. The resolution shall describe the property proposed to be sold or leased in such a manner as to identify it, specify the minimum price or rent, describe the terms upon which it will be sold or leased, and specify the commission or rate, if any, which the Board will pay to a licensed real estate broker out of the minimum price or rent. The resolution shall fix a time, not less than three weeks thereafter, for a public meeting, held at the Board's regular meeting place, at which sealed proposals to purchase or lease will be received and considered. (Education Code 17466)

The Superintendent or designee shall provide notice of the adoption of the resolution and of the time and place of the meeting that will be held to consider bids by posting copies of the resolution, signed by the Board, in three public places not less than 15 days before the date of the meeting. In addition, the notice shall be published at least once a week for three successive weeks before the meeting, in a newspaper of general circulation published in the county in which the district is located, if such a newspaper exists. (Education Code 17469)

At least 60 days prior to the public meeting, the Superintendent or designee shall take reasonable steps to provide written notification of the public meeting, by certified mail, to the former owner from whom the district acquired the property. (Education Code 17470)

Acceptance/Rejection of Bids

At the public meeting specified in the resolution of intention to sell or lease property, the Board shall open, examine, and declare all sealed bids. Before accepting a written proposal, the Board shall call for oral bids in accordance with law. (Education Code 17472, 17473)

The Board may reject any and all bids, either written or oral, and withdraw the properties from sale when the Board determines that rejection is in the best public interest. If no proposals are submitted or the submitted proposals do not conform to all the terms and conditions specified in the resolution of intention to lease, the Board may lease the property in accordance with Education Code 17477. (Education Code 17476, 17477)

Of the proposals submitted by responsible bidders which conform to all terms and conditions specified in the resolution of intention to sell or lease, the Board shall finally accept the highest bid after deducting the commission, if any, to be paid to a licensed real estate broker, unless the Board accepts a higher oral bid or rejects all bids. (Education Code 17472)

The final acceptance of the bid may be made either at the same meeting specified in the resolution or at any adjourned/continued meeting held within 10 days. Upon acceptance of the bid, the Board may adopt a resolution of acceptance that directs the Board president, or any other Board member, to execute the deed or lease and to deliver the document upon performance and compliance by the successful bidder of all of the terms and conditions of the contract. (Education Code 17475-17478)

Use of Proceeds

The Superintendent or designee shall ensure that the proceeds from the sale or lease with an option to purchase of surplus district property are used for one-time expenditures and not for ongoing expenditures such as salaries and general operating expenses. (Education Code 17462; 2 CCR 1700)

Proceeds from a sale of surplus district property shall generally be used for capital outlay or maintenance costs that the Board determines will not recur within a five-year period. Proceeds from a lease of district property with an option to purchase may be deposited into a restricted fund for the routine repair of district facilities, as defined by the State Allocation Board (SAB), for up to a five-year period. (Education Code 17462)

However, if the Board and SAB determine that the district has no anticipated need for additional sites or building construction for the next 10 years and no major deferred maintenance requirements, the proceeds from the sale or lease with an option to purchase may be deposited in a special reserve fund for the future maintenance and renovation of school sites or in the district's general fund. (Education Code 17462)

Whenever the district sells real property that was purchased, improved, or modernized with funds that were received from a state school facilities funding program within the previous 10 years, the district shall notify OPSC within 90 calendar days of the sale of the property if the proceeds from the sale are not used for capital outlay and the property is not sold to a charter school, another school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services. If SAB subsequently makes a finding that the sale is subject to Education Code 17462.3, the district shall return the funds to the SAB within 90 calendar days of the finding. (2 CCR 1702)

To do so, the property must not or will not be needed by the district and the district must follow the procedures stated in Education Code 17387-17391.

Pursuant to Education Code 17219, when the district has not used a previously used site for school purposes within the preceding five years, or has not used a newly acquired site within five years of acquisition for any of grades K-8 or seven years of acquisition for any of grades 7-12, the State Allocation Board (SAB) is authorized to charge an "unused site fee" pursuant to Education Code 17219-17224. In addition, to ensure that the proposed disposition of the property conforms with any general plan adopted by the local planning agency that affects or includes the area where the surplus property is located, the Board shall submit a report to the local planning agency describing the location of the surplus property and the purpose and extent of the proposed sale or lease. (Government Code 65402)

The Board shall determine whether the sale or lease of the surplus property is subject to review under the California Environmental Quality Act. (Public Resources Code 21000-21177; 14 CCR 15061-15062)

In addition, until July 1, 2024, if district surplus property was purchased entirely with local funds, the proceeds from the sale or lease of the property, together with any personal property located on the property, may be deposited into the general fund of the district and may be used for any one-time general fund purpose. Before exercising this authority, the Board shall: (Education Code 17463.7)

1. Submit to SAB documents certifying that the sale of real property does not violate the provisions of a local bond act and the real property is not suitable to meet projected school construction needs for the next 10 years

2. At a public meeting, adopt a plan for expending one-time resources from the sale or lease of the property

which identifies the source and intended use of the surplus property proceeds and describes the reasons that the expenditure will not result in ongoing fiscal obligations for the district

Whenever the district sells real property that was purchased, improved, or modernized with funds that were received from a state school facilities funding program within the previous 10 years, the district shall notify OPSC within 90 calendar days of the sale of the property if the proceeds from the sale are not used for capital outlay and the property is not sold to a charter school, another school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services. If SAB subsequently makes a finding that the sale is subject to Education Code 17462.3, the district shall return the funds to the SAB within 90 calendar days of the finding. (2 CCR 1702)

(Government Code 911.6)

Policy 5113.1: Chronic Absence And Truancy

Status: ADOPTED

Original Adopted Date: 11/01/2012 | **Last Revised Date:** ~~10~~12/01/~~2020~~2024 | **Last Reviewed Date:** ~~10~~12/01/~~2020~~2024

The Governing Board believes that absenteeism, whatever the cause, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district, and that students who are identified as chronically absent or truant receive appropriate support services and interventions as early as possible.

The Superintendent or designee shall establish a system to accurately track student attendance in order to identify individual students who are chronic absentees and truants, as defined in law and administrative regulation, and to identify patterns of absence throughout the district.

The Superintendent, attendance supervisor, or designee shall consult with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy, including in relation to grade level and student subgroup patterns of chronic absence and truancy.

The Superintendent, attendance supervisor, or designee shall develop a tiered approach to reducing chronic absence. Such an approach shall include strategies for preventing attendance problems, which may include, but are not limited to, efforts to provide a safe and positive school environment~~,~~; relevant and engaging learning experiences~~,~~; school activities that help develop students' feelings of connectedness with the school, including personalized relationships between students and teachers and/or support staff; school-based health services~~,~~; letters alerting parents/guardians to the value of regular school attendance, including the use of bilingual aides and communication in the primary language used by parents/guardians; and incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance.

The tiered approach shall also provide for early outreach to students as soon as they show signs of poor attendance or if they were chronically absent in the prior school year. Early intervention may include personalized outreach, individual attendance plans, and/or mentoring to students with moderate levels of chronic absence, with additional intensive, interagency wrap-around services for students with the highest level of absence.

Students with serious attendance problems shall be provided with interventions specific to their needs, which may include, but are not limited to, health care referrals~~,~~; transportation assistance~~,~~; counseling, including trauma-informed practices, for mental or emotional difficulties~~,~~; academic supports~~,~~; efforts to address school or community safety concerns~~,~~; discussions with the student and parent/guardian

about their attitudes regarding schooling,; or other strategies to remove identified barriers to school attendance. The Superintendent, attendance supervisor, or designee may collaborate with child welfare services, law enforcement, courts, public health care agencies, other government agencies, and/or medical, mental health, and oral health care providers to make alternative educational programs and support services available for students and families.

The Superintendent or designee shall ensure that staff assigned to fulfill attendance-related duties are trained in implementing a trauma-informed approach to chronic absence and receive information about the high correlation between chronic absence and exposure to adverse childhood experiences.

Students who are identified as chronically absent or truant shall be subject to the interventions specified in law and administrative regulation.

To provide students with an opportunity to make up lost instructional time and offset absences, the Superintendent or designee may implement an attendance recovery program for students in grades transitional kindergarten-12. Any such attendance recovery program shall be operated in accordance with Education Code 46211 and as specified in the accompanying administrative regulation.

A student's truancy, tardiness, or other absence from school shall not be the basis for suspension or expulsion. Alternative strategies and positive reinforcement for attendance shall be used whenever possible.

The Superintendent, attendance supervisor, or designee shall periodically report to the Board regarding student attendance patterns in the district, including rates of chronic absence and truancy districtwide and for each school, grade level, and numerically significant student subgroup as defined in Education Code 52052. Such information shall be used to evaluate the effectiveness of strategies implemented to reduce chronic absence and truancy and to develop annual goals and specific actions for student attendance and engagement to be included in the district's local control and accountability plan and other applicable school and district plans. As appropriate, the Superintendent or designee shall engage school staff in program evaluation and improvement and in the determination of how to best allocate available community resources.

Policy 5113.1: Chronic Absence And Truancy

Status: ADOPTED

Original Adopted Date: 03/13/2014 | **Last Revised Date:** 09/21/2023 | **Last Reviewed Date:** 09/21/2023

Note: The following optional policy addresses both chronic absence, which refers to students missing an excessive number of school days for any reason, whether excused or unexcused, and truancy, which refers to students missing school and/or being tardy without a valid excuse. Education Code 48260 defines a "valid excuse" for purposes of classifying students as truants; see the accompanying administrative regulation. Also see BP/AR 5113 - Absences and Excuses for information about methods of verification of student absences.

The Governing Board believes that absenteeism, whatever the cause, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district.

Note: The following paragraph may be revised to reflect district practice. Districts must track student attendance for the purpose of reporting chronic absenteeism for the state accountability system (the California School Dashboard) and identifying students who are classified as truants pursuant to Education Code 48260-48273. Tools to calculate chronic absence, such as the District Attendance Tracking Tool and School Attendance Tracking Tool, are available from Attendance Works.

The Superintendent or designee shall establish a system to accurately track student attendance in order to identify individual students who are chronic absentees and truants, as defined in law and administrative regulation, and to identify patterns of absence throughout the district.

Note: In developing strategies for addressing chronic absence and truancy, districts may consider reasons for absences given by individual students as well as survey data using tools such as the California Healthy Kids Survey and/or the California School Climate, Health, and Learning Survey System available from WestEd.

The Superintendent, attendance supervisor, or designee shall consult with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy.

The Superintendent, attendance supervisor, or designee shall develop a tiered approach to reducing chronic absence. Such an approach shall include strategies for preventing attendance problems, which may include, but are not limited to, efforts to provide a safe and positive school environment, relevant and engaging learning experiences, school activities that help develop students' feelings of connectedness with the school, school-based health services, letters alerting parents/guardians to the value of regular school attendance, and incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance.

The tiered approach shall also provide for early outreach to students as soon as they show signs of poor attendance or if they were chronically absent in the prior school year. Early intervention may include personalized outreach, individual attendance plans, and/or mentoring to students with moderate levels of chronic absence, with additional intensive, interagency wrap-around services for students with the highest level of absence.

Students with serious attendance problems shall be provided with interventions specific to their needs, which may include, but are not limited to, health care referrals, transportation assistance, counseling for mental or emotional difficulties, academic supports, efforts to address school or community safety concerns, discussions with the student and parent/guardian about their attitudes regarding schooling, or other strategies to remove identified barriers to school attendance. The Superintendent, attendance supervisor, or designee may collaborate with child welfare services, law enforcement, courts, public health care agencies, other government agencies, and/or medical, mental health, and oral health care providers to make alternative educational programs and support services available for students and families.

The Superintendent or designee shall ensure that staff assigned to fulfill attendance-related duties are trained in implementing a trauma-informed approach to chronic absence and receive information about the high correlation between chronic absence and exposure to adverse childhood experiences.

Note: State law establishes a series of interventions that the district is required or authorized to impose depending on the number of truancies committed by a student; see the accompanying administrative regulation. Habitually truant students, as defined in Education Code 48262, may be referred to a school attendance review board (SARB) if established by the county office of education or to a SARB established by the district Governing Board pursuant to

Education Code 48321; see BP/AR 5113.12 - District School

Attendance Review Board. Instead of the SARB process, students may be referred to a truancy mediation program operated by the county's district attorney or probation officer pursuant to Education Code 48260.6. Education Code 48264.5 authorizes, but does not require, students who continue to be truant after receiving these interventions to be referred to a juvenile court. Parents/guardians of students who are identified as truant may be subject to penalties pursuant to Education Code 48293, Penal Code 270.1, and/or Penal Code 272.

Students who are identified as chronically absent or truant shall be subject to the interventions specified in law and administrative regulation.

Note: Education Code 48900 expresses legislative intent that alternatives to suspension or expulsion be used with students who are truant, tardy, or otherwise absent from assigned school activities; see BP 5144 - Discipline and BP 5144.1 - Suspension and Expulsion/Due Process.

A student's truancy, tardiness, or other absence from school shall not be the basis for suspension or expulsion. Alternative strategies and positive reinforcement for attendance shall be used whenever possible.

Note: Education Code 52060 requires districts to include the rates of school attendance, chronic absence, dropout, and graduation, as applicable, in their local control and accountability plan (LCAP); see BP/AR 0460 - Local Control and Accountability Plan.

The California School Dashboard includes measures of district and school performance in each priority area addressed in the LCAP, including chronic absence for grades K-8. The Dashboard reports the degree to which districts and schools meet performance criteria as well as changes in performance from year to year. See BP 0500 - Accountability. For grades 9-12, chronic absence rates are available through the California Department of Education's DataQuest.

The Superintendent, attendance supervisor, or designee shall periodically report to the Board regarding student attendance patterns in the district, including rates of chronic absence and truancy districtwide and for each school, grade level, and numerically significant student subgroup as defined in Education Code 52052. Such information shall be used to evaluate the effectiveness of strategies implemented to reduce chronic absence and truancy and to develop annual goals and specific actions for student attendance and engagement to be included in the district's local control and accountability plan and other applicable school and district plans. As appropriate, the Superintendent or designee shall engage school staff in program evaluation and improvement and in the determination of how to best allocate available community resources.

The Governing Board desires to provide learning opportunities for students beyond the regular school day that support the regular education program in a supervised environment. The content of such programs shall be coordinated with the district's vision and goals for student learning, local control and accountability plan, curriculum, and academic standards.

Each program offered by the district shall be planned through a collaborative process as required by law. (Education Code 8422, 8482.5, 8484.75, 46120)

The district shall prioritize offering Expanded Learning Opportunities Programs (ELO) at school sites in the lowest income communities, as determined by prior year percentages of students eligible for free and reduced-price meals, while maximizing the number of schools and neighborhoods with ELOs across their attendance area. (Education Code 46120)

To the extent feasible, the district shall give priority to establishing expanded learning opportunities beyond the regular school day in low-performing schools and/or programs that serve low-income and other at-risk students.

The Governing Board recognizes the value of high-quality preschool experiences to enhance children's social-emotional development and acquisition of instructional knowledge, skills, and abilities. The Board desires to provide a supervised and cognitively rich learning environment designed to facilitate the transition to kindergarten for two-, three-, and four-year-old children.

The Superintendent or designee shall collaborate with the local child care and development planning council, the county office of education, other public agencies, organizations, and/or private preschool providers to assess the availability of preschool programs in the community and the extent to which the community's preschool needs are being met. The Board encourages the development of a comprehensive districtwide and/or countywide plan to increase children's access to high-quality preschool programs.

The Superintendent or designee shall provide information about preschool options in the community to parents/guardians upon request. 17745

Superintendent or designee shall provide information to the Board regarding facilities financing options for preschool classrooms and/or facilities available through partnering organizations or agencies.

Because parents/guardians are essential partners in supporting the development of their children, the Superintendent or designee shall involve them in program planning.

The Superintendent or designee shall coordinate the district's preschool program, transitional kindergarten program (TK), and elementary education program to provide a developmental continuum that builds upon children's growing skills and knowledge. In order to provide families with the option of a full-day, high-quality instructional program, the district may enroll children who are in a TK or kindergarten program in a California State Preschool Program (CSPP) before and/or after the regular school day.

The Superintendent or designee shall recommend strategies to link the district's preschool program with other available child care and development programs in the district or community in order to assist families whose child care needs extend beyond the length of time that the district's preschool program is offered.

The Superintendent or designee shall ensure that the plan to provide access to full-day learning programs the year before kindergarten addresses the needs of preschool children and their families as specified in Board Policy 6170.1 - Transitional Kindergarten. (Education Code 8281.5)

If an early enrollment child is enrolled in the district's TK program, the district shall concurrently offer the child enrollment in the district's CSPP, subject to available space. (Education Code 48000.15)

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or child care program. (Education Code 8205, 48000)

The district's program shall be aligned with preschool learning foundations and curriculum frameworks developed by CDE which identify the knowledge, skills, and competencies that children typically attain as they complete their first or second year of preschool. The program shall be designed to facilitate children's development in essential skills in the areas of language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

The Superintendent or designee shall identify dual language learners in district preschool programs, and shall collect and report related data to CDE as required by Education Code 8241.5. The district's preschool program shall include activities and services that meet the needs of dual language learners for support in the development of their home language and English. (Education Code 8203)

The district's preschool program shall serve children with exceptional needs as required by Education Code 8208. Children with exceptional needs attending any CSPP shall be educated in the least restrictive environment in accordance with 20 USC 1412.

The district's preschool program shall provide appropriate services to support the needs of at-risk children.

To maximize the ability of children to succeed in the preschool program, the program shall support children's health through proper nutrition and physical activity and shall provide or make referrals to available health and social services as needed.

The district shall encourage volunteerism by families participating in the program and shall communicate frequently with parents/guardians of enrolled children regarding their child's progress.

Staffing

The Superintendent or designee shall ensure that administrators, teachers, and paraprofessionals in district preschool programs possess the appropriate permit(s) issued by the Commission on Teacher Credentialing, meet any additional qualifications established by the Board, and participate in professional development opportunities designed to continually enhance their knowledge and skills.

Eligibility, Enrollment, and Disenrollment

Preschool admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and a health examination requirement. (5 CCR 17743; 22 CCR 101218.1)

The Superintendent or designee shall ensure that subsidized preschool is provided to eligible families to the extent that state and/or federal funding is available and shall establish enrollment priorities in accordance with Education Code 8208, 8210, and 8211 and 5 CCR 17746-17748.

To receive preschool services, a child and the child's parent(s)/guardian(s) shall be required to provide evidence of residency in California, which may be established by providing evidence of a California street or post office address. However, any person identified as experiencing homelessness shall only be required to submit a declaration that the person resides in California. (5 CCR 17745)

Preschool eligibility determinations shall be made without regard to a child's immigration status or that of the child's parent(s)/guardian(s) unless the child or the child's parent(s)/guardian(s) are under a final order of deportation from the U.S. Department of Homeland Security. (5 CCR 17745)

The district's program shall not expel or unenroll a child or persuade or encourage a child's parents/guardians to voluntarily unenroll from the program based on the child's behavior, unless the expulsion or unenrollment is in accordance with the procedures specified in the accompanying administrative regulation.

When necessary due to a reduction in state reimbursements, families shall be disenrolled as specified in the accompanying administrative regulation.

Program Evaluation

The Superintendent or designee shall develop and implement an annual plan of evaluation which conforms to state requirements. (5 CCR 17709-17711)

The Superintendent or designee shall regularly report to the Board regarding enrollment in district preschool programs and the effectiveness of the programs in preparing preschoolers for transition into the elementary education program.

However, licensed programs shall refer complaints alleging health and safety violations to the California Department of Social Services. (Education Code 8212; 5 CCR 4610, 4611, 4690-4694, 17781)

Original Adopted Date: 03/01/2005 | **Last Revised Date:** ~~09~~12/01/~~2022~~2024 | **Last Reviewed Date:** ~~09~~12/01/~~2022~~2024

The Governing Board authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered for short- or long-term placements, on a full-time or part-time basis, and/or in conjunction with part- or full-time classroom study.

The Board shall hold a public hearing when considering the scope of its existing or prospective use of independent study as an instructional strategy, its purposes in authorizing independent study, and factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students or adult education students. (Education Code 51747; 5 CCR 11701)

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, a charter school, an alternative school or program of choice, ~~a charter school,~~ and/or an online course.

Student participation in independent study shall be voluntary and no student shall be required to participate. (Education Code 51747, 51749.5, 51749.6)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

An independent study student shall not be credited with more than one day of attendance per calendar day.
(Education Code 46300)

A nutritionally adequate breakfast and lunch shall be made available at no cost to any independent study student scheduled for educational activities lasting two or more hours at a school site, resource center, meeting space, or other satellite facility, who requests a meal. (Education Code 49501.5)

General Independent Study Requirements

The Superintendent or designee may offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for participation and is likely to succeed as well as or better than the student would in the regular classroom setting.

The minimum instructional minutes shall be the same for all students at each school including students participating in independent study, except as otherwise permitted by law. (Education Code 46100)

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of programs. When necessary, based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due. However, in no event shall the due date of an assignment be extended beyond the termination date specified in the student's written agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060

2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments

3. Learning of required concepts, as determined by the supervising teacher

4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California (UC) or the California State University (CSU) as creditable under the A-G admissions criteria. (Education Code 51747)

The Superintendent or designee shall ensure that all students participating in independent study for ~~15~~16 school days or more in a school year receive the following throughout the school year:
(Education Code 51747)

1. For students in grades transitional kindergarten~~, kindergarten, and grades 1 to~~ (TK)-3, opportunities for daily synchronous instruction

2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction

3. For students in grades 9-12, opportunities for at least weekly synchronous instruction

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students participating in an independent study program for ~~15~~16 school days or more in a school year who are: (Education Code 51747)

1. Not generating attendance for more than ten percent of required minimum instructional time over four continuous weeks of the district's approved instructional calendar

2. Not participating in synchronous instructional offerings pursuant to Education Code 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span

3. In violation of their written agreement

The Superintendent or designee shall, for students who participate in an independent study program for ~~15~~16 school days ~~of~~or more in a school year, develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days. (Education Code 51747)

When any student enrolled in classroom-based instruction is participating in independent study due to necessary medical treatment or inpatient treatment for mental health or substance abuse under the care of appropriately licensed professionals, the student shall be exempt from the live interaction and/or synchronous instruction, tiered reengagement strategies, and transition back to in-person instruction

requirements specified above. In such cases, evidence from appropriately licensed professionals, of the student's need to participate in independent study, shall be submitted to the Superintendent or designee. (Education Code 51747)

The Governing Board desires to offer a high-quality transitional kindergarten (TK) program for eligible children who do not yet meet the minimum age criterion for kindergarten. The TK program shall assist students in developing the academic, social, and emotional skills needed to succeed in kindergarten and beyond.

The district's TK program shall be the first year of a two-year kindergarten program. (Education Code 48000)

2. For the 2025-26 school year, and in each school year thereafter, children who turn four by September 1

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or child care program, including, but not limited to, a Head Start program, a child care center serving children through an alternative payment program, a general child care and development program, a California State Preschool Program (CSPP), a migrant child care and development program, child care and development services for children with special needs, or a program serving children through a CalWORKs Stage 1, Stage 2, or Stage 3 program. At any time during the school year, the district may admit into the TK program a child whose fifth birthday is after the date specified for admittance for the applicable year as described above, provided that upon the recommendation of the Superintendent or designee, the Board determines that enrollment in a TK program is in the child's best interest and the child's parents/guardians approve. Prior to such enrollment, the child's parents/guardians shall be provided information regarding the advantages and disadvantages and any other explanatory information about the effect of early admittance. (Education Code 48000)

1. Courses in the core curriculum areas of reading/language arts, mathematics, science, and history/social science, courses required to meet state and local high school graduation requirements, or courses required for middle school grade promotion

   However, a middle or high school student who is a newcomer student or an immigrant child or youth, as defined in 20 USC 7011, or is a student participating in a program designed to meet the academic and transitional needs of newcomer students and that has as its primary objective the development of English language proficiency, may be denied enrollment in any of the courses stated above if the course of study provided to the student is designed to remedy academic deficits incurred during participation and is reasonably calculated to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

2. A full course load of courses specified in Item #1 above

3. Other courses that meet the "A-G" course requirements for college admission or are advanced courses such as honors or Advanced Placement courses, on the sole basis of the student's classification as an English learner

Language Acquisition Programs

The district shall offer research-based language acquisition programs that are designed to ensure

English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards. (Education Code 306; 5 CCR 11300)

At a minimum, the district shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. (Education Code 305-306; 5 CCR 11309)

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

In addition, language acquisition programs offered by the district may include, but are not limited to, the following: (Education Code 305-306)

1. A dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding

2. A transitional or developmental program for English learners that provides literacy and academic instruction in English and a student's native language and that enables an English learner to achieve English proficiency and academic mastery of subject matter content and higher order thinking skills, including critical thinking, in order to meet state academic content standards

The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

In establishing the district's language acquisition programs, the Superintendent or designee shall consult with parents/guardians and the community during the LCAP development process. The Superintendent or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program. (Education Code 305)

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Education Code 310; 5 CCR 11310)

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent

possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the parents/guardians of 20 or more students at any grade level shall be offered by the school. (Education Code 310; 5 CCR 11311)

Reclassification/Redesignation

When an English learner ~~is~~has acquired a reasonable level of English proficiency, as determined based on state and district reclassification criteria ~~to have acquired a reasonable level of English proficiency~~ pursuant to Education Code ~~313 and~~ 52164.6, or upon the request ~~by~~of the ~~student's~~ parent/guardian of an English learner, the student shall be transferred from a language acquisition program into an English language mainstream classroom.

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The criteria for determining whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC

2. Evaluation by the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student, including, but not limited to, a review of the student's curriculum mastery and academic performance

3. Parent/guardian involvement, including:

    a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate

    b. Encouragement of parent/guardian participation in the district's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process

    c. Provision of an interpreter for the parent/guardian, when necessary

4. Comparison of student performance on an objective assessment of basic skills in English against an empirically established range of performance in basic skills, based on the performance of English proficient students of the same age, which demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English

The student's language proficiency assessments, the participants in the reclassification process, and any decisions regarding reclassification shall be retained in the student's permanent record. (5 CCR 11305)

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The Superintendent or designee shall monitor students for at least four years following their reclassification to ensure the students have not prematurely exited, any academic deficit incurred through participation in the English learner program has been remedied, and the students are meaningfully participating in the standard instructional program compared to students who had never participated in an English learner program. (5 CCR 11304; 20 USC 6841)

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

Policy 6174: Education For English Learners

Status: ADOPTED

Original Adopted Date: 02/24/2016 | **Last Reviewed Date:** 02/24/2016

The Governing Board intends to provide English learners with challenging curriculum and instruction that develop proficiency in English as rapidly and effectively as possible while facilitating student achievement in the district's regular course of study.

The district shall identify in its local control and accountability plan (LCAP) specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

English learners shall be provided English language development instruction targeted to their English proficiency level and aligned with the state content standards and curriculum framework. The district's program shall be based on sound instructional theory, use standards-aligned instructional materials, and assist students in accessing the full educational program.

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

The Superintendent or designee shall provide to teachers, administrators, and other school staff research-based professional development that is designed to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. (20 USC 6825)

The Superintendent or designee shall encourage parent/guardian and community involvement in the development, implementation, and evaluation of English language development programs. In addition, to support students' English language development, the Superintendent or designee may provide an adult literacy training program that leads to English fluency for parents/guardians and community members.

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the accurate identification of English learners and an assessment of their proficiency and needs in the areas of listening, speaking, reading, and writing in English.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in the accompanying administrative regulation.

English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with allowable testing variations in accordance with 5 CCR 853.5 and 853.7. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law. (Education Code 60603, 60640; 5 CCR 853.5, 853.7)

Placement of English Learners

Students who are English learners shall be educated through "structured English immersion" (also known as "sheltered English immersion"), as defined in law and the accompanying administrative regulation, for a temporary transition period not normally intended to exceed one year. Nearly all of the classroom instruction in the district's structured English immersion program shall be in English, but with the curriculum and presentation designed for students who are learning the language. (Education Code 305-306)

"Nearly all," for the purpose of determining the amount of instruction to be conducted in English, means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

When an English learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education, any district assessments, and/or other criteria adopted by the Board, he/she shall be transferred from a structured English immersion classroom to an English language mainstream classroom in which the instruction is overwhelmingly in English. (Education Code 305-306; 5 CCR 11301)

An English learner has acquired a "reasonable level of English proficiency" when he/she has achieved the following:

An English learner has acquired a "reasonable level of English proficiency" when he/she has achieved an identified English Learner level of Early Advanced (4) or Advanced (5) on the English Language Development Test (CELDT) or any locally developed assessments and using other criteria developed by South San Francisco Unified School District.

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English language mainstream program. (5 CCR 11301)

Parental Exception Waivers

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law. (Education Code 310-311)

Each waiver request shall be considered on its individual merits with deference given to the parent/guardian's preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student's overall educational development. (5 CCR 11309)

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the decision in writing to the Board. The Board may consider the matter at its next regular Board meeting. The Board may decide not to hear the appeal, in which case the Superintendent's decision shall be final. If the Board hears the appeal, the Superintendent shall send the Board's decision to the parent/guardian within seven working days.

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. Progress of English learners towards proficiency in English
2. The number and percentage of English learners reclassified as fluent English proficient
3. The number and percentage of English learners who are or are at risk of being classified as long-term English learners in accordance with Education Code 313.1
4. The achievement of English learners on standards-based tests in core curricular areas
5. Progress toward any other goals for English learners identified in the district's LCAP
6. A comparison of current data with data from at least the previous year.

The Superintendent or designee also shall provide the Board with regular reports from any district or schoolwide English learner advisory committees.

Additionally, a Board member shall abstain from voting on personnel matters that uniquely affect the Board member's relatives. However, a Board member may vote on collective bargaining agreements and personnel matters that affect a class of employees to which the Board member's relative belongs. Relative means an adult who is related to the Board member by blood or affinity within the third degree, as determined by ~~the~~ common law, or an individual in an adoptive relationship within the third degree. The conflict of interest code shall be submitted to the district's code reviewing body for approval, in accordance with Government Code 87303 and within the deadline for submission established by the code reviewing body.

Upon direction by the code reviewing body, the Board shall review its conflict of interest code and submit any changes to the code reviewing body or, if no change is required, the Board shall submit a written statement to that effect. (Government Code 87306.5)

When a change in the district's conflict of interest code is necessitated due to changed circumstances, such as the creation of new District Officials or changes to the duties of District Officials, the Board shall amend the code, which shall then be submitted to the code reviewing body within 90 days after the changed circumstances necessitating the amendments have become apparent. (Government Code 87306)

When reviewing and preparing the district's conflict of interest code, the Superintendent or designee shall provide officers, employees, consultants, and members of the community adequate notice and a fair opportunity to present their views.

(Government Code 87311)

A District Official shall not make, participate in making, or in any way use or attempt to use an official position to influence a governmental decision in which the District Official knows or has reason to know that there is a disqualifying conflict of interest. A disqualifying conflict of interest exists if the decision will have a "reasonably foreseeable material financial effect," which is distinguishable from the effect on the public generally, on the District Official's immediate family, or any financial interest described in 2 CCR 18700. (Government Code 87100, 87101, 87103; 2 CCR 18700-18707)

However, if a Board member or the Superintendent does accept, solicit, or direct such a contribution during those 12 months but did not do so knowingly or willingly, the Board member or the Superintendent may cure the violation by ensuring that the contribution, or the portion exceeding $500, is returned within 30 days of accepting, soliciting, or directing the contribution. The Board member or Superintendent shall maintain records of curing the violation.

Relative means an adult who is related to the Board member by blood or affinity within the third degree, as determined by the common law, or an individual in an adoptive relationship within the third degree. (Education Code 35107)

A relationship within the third degree includes an individual's parents, grandparents, great-grandparents, children, grandchildren, great-grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, and the similar family of the individual's spouse/registered domestic partner unless the individual is widowed or divorced.

The Board shall adopt for the district a conflict of interest code that incorporates the provisions of 2 CCR 18730 by reference, specifies the district's designated positions, and provides the disclosure categories required for each position. The conflict of interest code shall be submitted to the district's code reviewing body for approval, in accordance with Government Code 87303 and within the deadline for submission established by the code reviewing body. (Government Code 87303)

Upon direction by the code reviewing body, the Board shall review the district's conflict of interest code and submit any changes to the code reviewing body or, if no change is required, the Board shall submit a written statement to that effect. (Government Code 87306.5)

When a change in the district's conflict of interest code is necessitated due to changed circumstances, such as the creation of new designated positions, changes to the duties assigned to existing positions, amendments, or revisions, the amended code shall be submitted to the code reviewing body within 90 days after the changed circumstances necessitating the amendments have become apparent. (Government Code 87306)

When reviewing and preparing the district's conflict of interest code, the Superintendent or designee shall provide officers, employees, consultants, and members of the community adequate notice and a fair opportunity to present their views. (Government Code 87311)

Board members and designated employees shall annually file a Statement of Economic Interest/Form 700 in accordance with the disclosure categories specified in the district's conflict of interest code. A Board member who leaves office or a designated employee who leaves district employment shall, within 30 days, file a revised statement covering the period of time between the closing date of the last required statement and the date of leaving office or district employment. (Government Code 87302, 87302.6)

Conflict of Interest under the Political Reform Act

A district official, including a Board member, designated employee, or other person in a designated position shall not make, participate in making, or in any way use or attempt to use an official position to influence a governmental decision in which the district official knows or has reason to know that there is a disqualifying conflict of interest. A disqualifying conflict of interest exists if the decision will have a "reasonably foreseeable material financial effect," which is distinguishable from the effect on the public generally, on the district official, the district official's immediate family, or any financial interest described in 2 CCR 18700. (Government Code 87100, 87101, 87103; 2 CCR 1870018707)

A district official makes a governmental decision when, within the authority of the office or position, the district official authorizes or directs any action on a matter, votes or provides information or opinion on it, contacts or appears before another district official for the purpose of affecting the decision, or takes any other action specified in 2 CCR 18704.

However, a district official shall participate in the making of a contract in which the district official has a financial interest if such participation is required by the rule of necessity or legally required participation pursuant to Government Code 87101 and 2 CCR 18705.

Conflict of Interest from Campaign Contributions

To avoid improper influence over the Board's decision-making involving the issuance of a license, permit, or other entitlements for use, including a contract, district officers, which includes Board members or agency heads, shall comply with Government Code 84308, including the following: (Government Code 84308)

1. A district officer is prohibited from accepting, soliciting, or directing a contribution of more than $250 from any party or participant to a proceeding involving a license, permit, or other entitlement for use, including a contract, or from that person's agent, while the proceeding is pending before the Board and for 12 months following the date a final decision is rendered in the proceeding, if the Board member knows or has reason to know that the party or participant has a financial interest in the Board's decision.

2. Any district officer who received a contribution of more than $250 from a party or participant in the preceding 12 months shall disclose that fact on the record of the proceeding prior to the Board rendering a decision in the proceeding. If the district officer willfully or knowingly received the contribution and knows or has reason to know that the participant has a financial interest in the Board's decision, the district officer shall not make, participate in making, or in any way attempt to use the official position to influence the Board's decision.

3. A district officer who receives a contribution that would otherwise require disqualification as described in Item #2 above may participate in the proceeding if the contribution is returned within 30 days from the time the district officer knows or should have known about the contribution and the proceeding.

4. A district officer who unknowingly accepts, solicits, or directs a contribution of more than $250 during the 12 months after the date of the Board's final decision on the proceeding may cure the violation by returning the contribution, or the portion exceeding $250, within 14 days of accepting, soliciting, or directing the contribution, provided the district officer did not knowingly or willfully accept, solicit, or direct the prohibited contribution. The district officer shall maintain records of curing the violation.

The provisions in Government Code 84308 as specified above do not apply to labor contracts, competitively bid contracts, and personal employment contracts. (Government Code 84308)

Additional Requirements for Boards that Manage Public Investments

Any Board member who manages public investments pursuant to Government Code 87200 and who has a financial interest in a decision shall, upon identifying a conflict or potential conflict of interest and immediately prior to the consideration of the matter, do all of the following: (Government Code 87105; 2 CCR 18707)

1. Publicly identify each financial interest that gives rise to the conflict or potential conflict of interest in detail sufficient to be understood by the public, except that disclosure of the exact street address of a residence is not required.

2. Not discuss or vote on the matter, or otherwise act in violation of Government Code 87100. The Board member shall not be counted toward achieving a quorum while the item is discussed.

   However, the Board member may speak on the issue during the time that the general public speaks on it and may leave the dais to speak from the same area as members of the public. The Board member may listen to the public discussion and deliberations of the matter with members of the public.

3. Leave the room until after the discussion, vote, and any other disposition of the matter is concluded, unless the matter has been placed on the portion of the agenda reserved for uncontested matters.

   If the item is on the consent calendar, the Board member shall either make a motion to remove the item from the consent calendar or the Board member shall abstain from voting on the consent calendar. In any event, the Board member shall refrain from discussing or voting on the item. However, the Board member is not required to leave the room during consideration of the consent calendar.

4. If the Board's decision is made during closed session, disclose the interest orally during the open session preceding the closed session. This disclosure shall be limited to a declaration that the recusal is because of a conflict of interest pursuant to Government Code 87100. The Board member shall not be present when the

item is considered in closed session and shall not knowingly obtain or review a recording or any other nonpublic information regarding the Board's decision

Conflict of Interest under Government Code 1090 - Financial Interest in a Contract

Board members, employees, or district consultants shall not be financially interested in any contract made by the Board on behalf of the district, including in the development, preliminary discussions, negotiations, compromises, planning, reasoning, and specifications and solicitations for bids. If a Board member has such a financial interest in a contract made by the Board, the contract is void. (Government Code 1090)

A Board member shall not be considered to be financially interested in a contract in which there is only a "remote interest," as specified in Government Code 1091, if the interest is disclosed during a Board meeting and noted in the official Board minutes. The affected Board member shall not vote or debate on the matter or attempt to influence any other Board member or district official to enter into the contract. (Government Code 1091)
In addition, a Board member shall not be considered to be financially interested in a contract in which the interest is a "noninterest" as defined in Government Code 1091.5. Noninterest includes a Board member's interest in being reimbursed for actual and necessary expenses incurred in the performance of official duties, in the employment of a spouse/registered domestic partner who has been a district employee for at least one year prior to the Board member's election or appointment, or in any other applicable circumstance specified in Government Code 1091.5.

Common Law Doctrine Against Conflict of Interest

A Board member shall abstain from any official action in which the Board member's private or personal interest may conflict with official duties.

Incompatible Offices and Activities

Board members shall not engage in any employment or activity or hold any office which is inconsistent with, incompatible with, in conflict with, or inimical to the Board member's duties as an officer of the district. (Government Code 1099, 1126)

Gifts

Board members and designated employees may accept gifts only under the conditions and limitations specified in Government Code 89503 and 2 CCR 18730.

The limitation on gifts does not apply to wedding gifts and gifts exchanged between individuals on birthdays, holidays, and other similar occasions, provided that the gifts exchanged are not substantially disproportionate in value. (Government Code 89503)

In addition, the limitation on gifts does not apply to informational materials such as books, reports, pamphlets, calendars, and periodicals. (Government Code 82028)

Gifts of travel and related lodging and subsistence shall be subject to the current gift limitation, except when: (Government Code 89506)

1. The travel is in connection with a speech given by a Board member or designated employee, provided the lodging and subsistence expenses are limited to the day immediately preceding, the day of, and the day immediately following the speech and the travel is within the United States.
2. The travel is provided by a person or agency specified in Government Code 89506, including a government, governmental agency or authority, bona fide public or private educational institution, as defined in Revenue and Taxation Code 203, or nonprofit organization exempt from taxation under section 501(c)(3) of the Internal Revenue Code.

Gifts of travel exempted from the gift limitation, as described in Items #1 and 2 above, shall nevertheless be reportable on the recipient's Statement of Economic Interest/Form 700 as required by law.
A gift of travel does not include travel provided by the district for Board members and designated employees. (Government Code 89506)

Honoraria

Board members and designated employees shall not accept any honorarium, which is defined as any payment made in consideration for any speech given, article published, or attendance at any public or private conference, convention, meeting, social event, meal, or like gathering. (Government Code 89501, 89502)
The term honorarium does not include: (Government Code 89501)

1. Earned income for personal services customarily provided in connection with a bona fide business, trade, or profession, unless the sole or predominant activity of the business, trade, or profession is making speeches
2. Any honorarium which is not used and, within 30 days after receipt, is either returned to the donor or delivered to the district for donation into the general fund without being claimed as a deduction from income for tax purposes

The Governing Board recognizes the responsibility of Board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, Board members are expected to respect the authority of the Board to choose its representatives, to communicate its positions, and to abide by established protocols.

Board Spokesperson

All public statements authorized to be made on behalf of the Board shall be made by the Board president or, if appropriate, by the Superintendent or, with respect to a specific issue or topic, other representative as designated by the Board or Board president.

When speaking for the Board, a spokesperson shall exercise restraint and tact and communicate in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board or by law. (Government Code 54963)

Statements by Individual Board Members

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify when a viewpoint is held by an individual Board member rather than the Board as a whole. For example, a Board member may include a disclaimer on the Board member's personal social media account that the Board member is expressing personal viewpoints and not those of the Board or the district.

Board members who opt to express their opinions on district matters, whether in-person, to the press or online, are expected to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community.

The Governing Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information with each other, district staff, and members of the public. Board members shall exercise caution to ensure compliance with the Brown Act, the Public Records Act, and other applicable laws.

A majority of the Board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Examples of permissible electronic communications concerning district business include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent, and reminders regarding meeting times, dates, and places.

Board members may engage in separate conversations or communications with members of the public on a social media platform to answer questions, provide information, or solicit information regarding a matter that is within the subject matter jurisdiction of the Board as long as a majority of the Board does not use the platform to discuss among themselves any business of a specific nature that is within the subject matter jurisdiction of the Board. Additionally, Board members are prohibited from using digital icons, such as "likes" or "emojis," that express reactions to communications made by other Board members regarding matters within the subject matter jurisdiction of the Board. When any such communication is transmitted through a Board member's personal device or account, the Board member shall copy the communication to a district electronic storage device for easy retrieval.

BOARD MEMBER ELECTRONIC COMMUNICATIONS

The Governing Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information within the district and with members of the public. Board members shall exercise caution so as to ensure that electronic communications are not used as a means for the Board to deliberate outside of an agendized Board meeting nor to circumvent the public's right to access records regarding district business.

(cf. 1100 - Communication with the Public)
(cf. 9000 - Role of the Board)
(cf. 9322 - Agenda/Meeting Materials)

A majority of the Board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication. A Board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that his/her response does not necessarily reflect the views of the Board as a whole.
