Student/Staff Survey

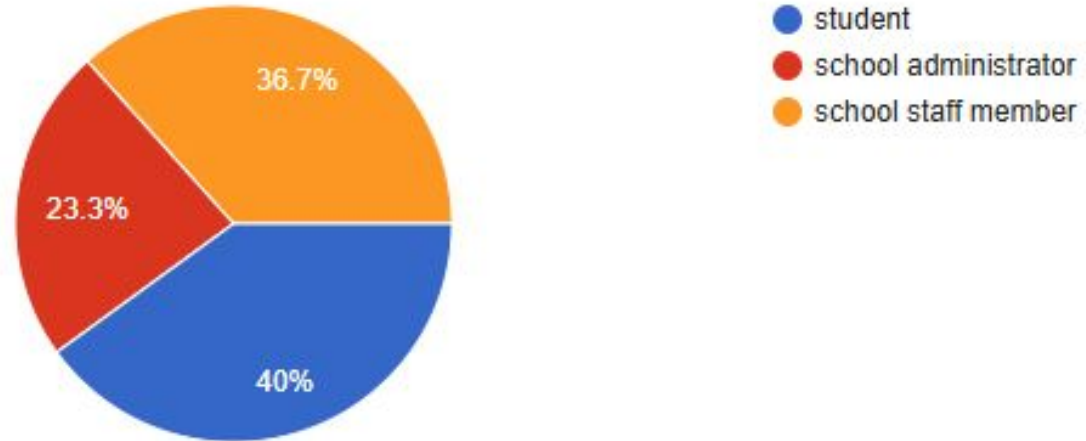

- Per the terms of the MOU, Section X (Program Evaluation, Assessment, and Report):
- “An internal survey of school administration, staff, and student representatives who have had interactions with law enforcement officers on campus will be conducted. The number of student representatives whose input will be sought will vary according to grade level. The survey will be primarily concerned with perceptions of safety and security relative to the Program.”
- Survey sent to students, staff, and administrators in contact with law enforcement via School Liaison Officer (SLO) involvement
- Student surveys were sent through parents to ensure awareness and consent
- School teams encouraged participation, explained that the purpose is improve the program and ensure we are monitoring our relationship with SSFPD
- Also expressed that we are not labelling students but rather giving them an opportunity to give their opinion about their interactions.
- 30 survey responses received:
- 12 Students, 11 School Staff, 7 School Administrators

Student/Staff Survey (continued)

Do you have any additional feedback you wish to share about your perceptions of safety and security pertaining to the School Liaison Officers Program?

- I highly value our partnership with SSFPD and the SLO program. The interactions students have with these specialists are far more positive, supportive, and community-oriented than are possible for the busy officers who are jumping between unrelated calls can provide.
- My perception only sheds positive light on the relationship and the support. The School Liaison Officer is present for school events and participates in our faculty vs. students games (volleyball, basketball, softball) when available. I do appreciate the collaboration.
- it would be nice if the officer followed up on welfare checks that we ask help with and not wait 2 weeks to follow up.
- They've been greatly helpful and supportive in partnering with admin and counseling whenever we need. I appreciate you!

Student/Staff Survey (continued)

- It is imperative we have SSFPD visiting our campus.
 1. To get to know our students, mainly those with social challenges. When they see them in other areas in our city they will know specific needs of a person as a teenager and later as an adult.
 2. Our students will understand SSFPD are people too and help not fear or challenge their authority.
 3. Our SSFPD can help prevent our youngsters who make bad choices and promote reasoning and critical of thinking.
- I don't have any additional feedback I wish to share about my perceptions of safety and security pertaining to the School Liaison Officers Program. I just want them to be less scary when they talk to us.
- Our SRO continues to provide the support that school needs when it comes to providing another level of support. For example, in the past we have asked the SROs to help us conduct welfare checks with our families with a high absenteeism rate. It is also great to see our police officers support the school with activities, acting as part of the community and not to "police" event. Thank you.

Student/Staff Survey (continued)

- Our school liaison has great conversations with our students, not only about discipline related events, but general information about becoming a police officer or answering questions that a student may have. Officer Morales and our previous liaison, Officer Valdes, both held parent education nights and our parents were very thankful for their support and the information provided. They both have had great conversations with students who are truant and gave them insightful tips and suggestions about reintegrating into school. They have been invaluable to our school, our students and our community.
- He was nice and calm.
- I always appreciate their help. It is clear they have been trained to deal with our students. I also appreciate that they do not come on campus in full bullet proof vests unless it is necessary. This humanizes them more in the eyes of the whole community.
- We did not have an officer on campus this year and I only had to consult with one on the phone a time or two this year.

2. Growth Partnership Improvement

Growth, Partnership & Improvement

Every 15 Minutes Program

- 2-day anti-drunk driving education program
- Held annually for several years at our high schools
- Reenactment of a drunk driving traffic accident with real-time emergency response
- Assembly on day 2: Students see film crew presentation from day 1, guest speakers and a funeral reenactment
- Endorsed/sponsored by MADD (Mothers Against Drink Driving), California Highway Patrol, and CA Office of Traffic Safety.
- Funded by a grant made available by the CA Office of Traffic Safety, facilitated by the California Highway Patrol. SSFPD applies for the grant on behalf of SSFUSD.

Growth, Partnership & Improvement

Youth Enrichment Series (YES) Program

- 5-week program for 5th grade classrooms
- Addresses bullying, communication, positive decision-making, online dangers, and substance abuse.
- SSFPD provides instructional materials and awards students with a show-and-tell of the department's fleet and specialty assignments (K-9, motorcycle officers, etc.).

911 For Kids

- Provides guidance for children in 5th grade to understand when it is appropriate to call 911, and to be aware of what kinds of questions will be asked.
- SSFPD provides instructional materials and important phone numbers for parents to post at home.

Training Opportunities for SSFUSD Staff

- Prevention of social media/electronic financial and personal info exploitation
- Reporting procedures/best practices for cases of sexual assault, exploitation, misconduct
- Improving emergency response drills and procedures
- Guidance for making calls to the School Liaison Officer vs calling dispatch or the general line

Thank you!
