

# Kindergartner Bus Stop Expectation Form

Dear Parent/Guardian,

Our number one priority at the Transportation Department is to safely transport students to and from school each day. Richland School District’s policy requires Kindergarten students to have a parent or authorized caregiver at the school bus stop in order for the driver to release the student(s). Please complete the below form for each of your kindergarten students. This form will allow the below individuals to pick up your student from the school bus. If you have any questions regarding this form, please feel free to contact the Transportation Department at (509) 967-6150.

\*\*\*\*\* REMINDER \*\*\*\*\*

I understand my kindergartner must be met at the bus stop unless I give permission for them to walk from the bus stop alone. If a sibling is not on the bus, and does not meet my student, my kindergartner will be returned to the school and/or Transportation, and I am responsible for arranging for them to be picked up as quickly as possible.
