4.1 Change Chemical Awareness Committee to Student Leadership Committee (ByLaw change)
Several years ago, NYSPHSAA formally changed the naming of its *Chemical Awareness Committee* to *Student Leadership Committee*. Section VI did not follow suit at the time, but the Executive Committee agreed that Section VI should remain consistent and update the naming as well.

4.2 Appeal Upheld
At the January 15, 2025 athletic council meeting, Falconer/Cassadaga/Maple Grove Girls Soccer was approved to be placed in Class A for the 2025 fall season. Falconer appealed the decision, which the Section VI Appeals Committee upheld. Therefore, Falconer/Maple Grove/Cassadaga Valley Girls Soccer will play in Class B for the fall 2025 season.

4.10 Indoor Track State Travel Friday/Sat vs Thurs/Fri/Sat
Indoor track state championships were held Saturday, March 8, 2025. Section VI traveled Friday, March 7 and returned March 8 following the competition. Division 2 relays unexpectedly went long, thus prompting discussion at the state level regarding the format including changing the competition to two days, limiting the number of participants to allow for a one-day meet etc. Updates will be provided as they become available.

4.11 Change all Executive Committee meetings to a standard start time
Moving forward, a 9:30am start time was agreed to for all Executive Committee meetings.

This item will be referred to J. Graczyk and D. Ames, Sportsmanship Co-Chairs, to review with their committee over the summer months and provide a recommendation to the Executive Committee.

4.13 The January 2025 athletic council minutes reflect an approved merger of IPrep/Riverside/Lafayette in the sport of boys volleyball. Executive Committee Meeting – February 5, 2025

3-Region Concept

____ Action Item
____ Discussion Item
__X__ Informational Item

Presenter:
Dr. Robert Zayas, NYSPHSAA Executive Director

Details:
As shared with the Executive Committee in October, the NYSPHSAA Championship Philosophy Committee voted to support additional exploration and examination of a 3-Region concept to address long standing membership concerns related to regional rotations.

The basis of the 3-Region Concept is for Sections to have consistent geographic opponents, to reduce regional travel, school time missed, and travel expenses associated with regional participation. It is important to note that any regional rotation format will have challenges; no format will be perfect.

The NYSPHSAA staff is currently working to identify issues with the 3 Region Concept and potential solutions.

DRAFT

3 Region Rotation Process

Regional Rotation Format for Post-Season Play

The following format establishes regional rotations for sports/ classification with 9 or more teams for post-season play, dividing sections into three regions with specific guidelines:

Region Assignments

Region 1:

- Includes Section 4, Section 5, and Section 6.
- Note: Section 4 will host the at-large team when required to complete the bracket (e.g., Class AAA and AA).

Region 2:

- Includes Section 2, Section 3, Section 7, and Section 10.

Region 3:

- Includes Section 1, Section 8, Section 9, and Section 11.

Key Guidelines

- Sections will maintain consistent geographic opponents to minimize disruptions and ensure fairness.
- The specific post-season format will be declared annually during an Executive/ Central Committee meeting (Fall – May meeting, Winter – July meeting, and Spring – October meeting) prior to its implementation in the following school year.
- Formats will be based on the number of participating sections and may be adjusted annually to reflect changes in participation.
- The 3 Region format will only be used for sports/ classification with 9 or more teams.

DRAFT

Sports and Classification Declarations and Representation Policy

Sections will be required to declare the sports and classifications in which they will have representation. During this meeting, the Regional Rotation format will be determined and approved by the Executive Committee based on these declarations.

Sections must finalize their declarations prior to the meeting listed below for each sports season. After this deadline, Sections will not be permitted to add teams to any sport or classification.

Fall Sports

February - Fall Sports Classification Cut-Off Numbers approved
May - Section Declaration for Fall Sports & Classifications

Winter Sports

May - Winter Sports Classification Cut-Off Numbers approved
July - Section Declaration for Winter Sports & Classifications

Spring Sports

July - Spring Classification Cut-Off Numbers approved
October - Section Declaration for Spring Sports & Classifications

If a Section determines, after the declaration meeting but before the start of the season, that they will no longer have representation in a specific sport or classification, the gap in the format will be filled by an At-Large team. The At-Large team will be selected through the established "At-Large" process, which rotates among Sections with four or more participating teams in the respective sport or classification.

In cases where an At-Large team is already part of the format, travel considerations will be taken into account. To reduce unnecessary travel, the At-Large team will be assigned to the closest Section competing against the At-Large team.

If a Section withdraws representation in a sport or classification after the declaration meeting and after the season has started, the format will accommodate this by introducing a bye.

To ensure Sections can make sport and classification declarations based on the most accurate information, all revisions to classification numbers must be approved at the meeting prior to the declaration meeting (e.g., February Executive Committee meeting for Fall sports).

DRAFT

At-Large Selection

At-large selections will rotate among Sections with four or more teams participating in a specific sport and classification. The NYSPHSAA staff will oversee and maintain this rotation for each sport and classification. Annually, at the declaration meeting, Sections must report the number of teams participating in each sport and classification to determine their eligibility for the rotation.

The rotation will proceed in chronological order (e.g., Sections 1 through 11) and will be updated each year based on the reported data. If a Section qualifies for inclusion, it will receive the At-Large selection when its position in the order is reached.

At-large teams will not host a sub-regional or regional final. The At-Large team will be the Sectional runner-up.

If a Section falls below the required threshold of four participating teams following the declaration meeting, including during Sectional tournament play, the At-Large selection will automatically advance to the next eligible Section in the established rotation. If a Section chooses not to accept the At-Large selection, it will automatically be offered to the next Section in line. This ensures a seamless and equitable reassignment of the At-Large selection.

No changes will be made if a Section increases the number of participating teams to four or more after the declaration meeting. Similarly, if a Section moves a non-public or charter school to a higher classification or approves a merged team for a higher classification after the declaration, the pre-determined at-large rotation will remain unchanged.

CHAMPIONSHIP ADVISORY COMMITTEE: Establish Three (3) Night's Rest Rule for Regional Competition

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
NYSPHSAA Championship Advisory Committee (Greg Ransom, Chair)

Proposal:
The NYSPHSAA Championship Advisory Committee is seeking approval to establish a three-nights rest rule for all regional competition for all sports. The following language is being proposed for this rule.

Regional rounds immediately following Sectional Finals shall be scheduled, in advance of the postseason, with a minimum of three nights rest. Each subsequent round of regional games shall be scheduled, in advance of the postseason, with a minimum of three nights rest. Weather related issues shall not change any of the scheduled regional contests and delays may result in less than three nights rest. It is also recommended to conclude regional play the Saturday prior to the state final four.

Sample Schedule Set Up in Advance of Postseason:
Saturday or Sunday – Sectional Final
Tuesday or Wednesday – Sub-Regional
Saturday – Regional Final

Effective Start Date:
2025-26 school year

Rationale:
Three nights rest would allow for teams to get proper rest, schedule practice and be able to plan travel for regional competition.

Proposal Originated:
The number of nights rest a team gets in regional competition was brought forward as a concern by Section 1 at the Executive Committee meting in May 2024. The CAC formed a sub-committee to discuss this on September 11th then present it to the full CAC on October 10th and January 16th.

Budgetary Impact:
None

CAC Feedback:
CAC voted 7-1 in support of this proposal at is January 16th meeting.

DATE REVISED: January 18, 2025

Pathways to Promote Diversity on Committees

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Dr. Carlos Cotto, DEI Committee Chair

Proposal:
Consider approval for NYSPHSAA Constitutional revisions to address representation on the Central and Executive Committees, as well as NYSPHSAA Sport Committees, Standing Committees, and Ad Hoc Committees.

Effective Start Date:
Fall 2025

Rationale:
The current NYSPHSAA committee structure requires Sections to elect representatives to serve on the Executive and Central Committees, sport committees, standing committees, and ad hoc committees. As an association working for the betterment of all students within the structure of NYSPHSAA, providing representation for the Big 5 to have a voice on NYSPHSAA committees will ensure all students truly represented.

The Big 5 currently has representatives from the five city school districts of Buffalo, New York City, Rochester, Syracuse and Yonkers and Affiliate Members Albany, Mount Vernon and Utica. Note: New York City schools would not have the ability to serve on NYSPHSAA committees since New York City schools are not part of the NYSPHSAA membership structure.

Proposal Originated:
NYSPHSAA DEI Committee.

Budgetary Impact:
Additional representation at 3 Executive Committee meetings and 1 Central Committee per year; approximately $3000-$4000 annually.

Any expenses associated with Sport Committee representation will be incurred by the Big Five as the NYSPHSAA Constitution states:

> *"Necessary expenses for each delegate to attend sports committee meetings shall be paid by the section."*

Notes:
This proposal would require a revision to the NYSPHSAA Constitution. The procedures for revisions to the Constitution are clearly stipulated in the NYSPHSAA Constitution (Article VIII):

> ***"ARTICLE VIII***
> *Constitutional Amendments*
>
> *1.A majority vote of the Central Committee or Executive Committee at any duly authorized meeting is required to propose an amendment to the Constitution.*
>
> *Amendments may be initiated by the Central Committee, Executive Committee, a section athletic council, or the officers of the NYSPHSAA, Inc. Proposals shall be submitted to the executive director by January 15 to allow sectional athletic councils adequate time for their consideration.*
>
> *2. A referendum is required to approve amendments. During a referendum, each school shall have one vote on a signed ballot. To be valid, this vote shall represent the collective judgment of and include the signatures of the chief school officer, principal, and the director of athletics. An Executive Committee member representing the section shall serve as teller to canvass all ballots to amend the Constitution or amend any other rule or regulation, which was put forth for the referendum.*
>
> *3. During the referendum, a majority vote of the member schools voting in each section shall be required for the adoption of the amendment in the section. Approval of at least seven sections and approval of two-thirds of the member schools casting valid ballots shall be required for the final adoption of the amendment as a statewide rule or policy or as an amendment to the Constitution, as the case may be.*
>
> *4. All amendments to this Constitution, which are approved by a referendum vote, shall not become effective until August 1 of the next school year."*

The Conference of the Big 5 currently has voting representation on the New York State School Boards Association as well as the New York State Coalition of School Superintendents.

The Conference of Big 5 School Districts was founded in 1958 as a membership organization representing the school systems of New York State's five largest cities of Buffalo, New York City, Rochester, Syracuse and Yonkers. The Big 5 organization was expanded in 2014 to include Affiliate Members that are other urban school districts with comparable student demographics and local fiscal capacity issues.

The Conference of Big 5 School Districts was founded for the purpose of identifying both the common and unique problems of the city school districts and to advance solutions to such problems. Central to the Big 5's uniqueness is the diversity among the students they serve, the high concentrations of poverty in which they live, and the fiscal constraints imposed to meet their educational needs.

The Conference of Big 5 School Districts seeks to promote a more equitable and adequate funding system and the delivery of a high quality education to all children.

The Big 5 mission is accomplished by a strong advocacy and public information campaign representing the needs of urban education systems. Advocacy efforts include representation before all appropriate governmental entities as a proactive organization presenting budget initiatives and policy recommendations and reactive in analyzing and responding to various proposals.

In carrying out their mission, the Conference of Big 5 School Districts also acts as a public relations center communicating with State and local media and networking with other advocacy organizations in the promotion of urban school districts. The Big 5 maintains a data information center for collection and dissemination of information for member districts and act as a research center conducting fiscal and programmatic analyses and reporting on urban education issues.

Representatives of the five city school districts of Buffalo, New York City, Rochester, Syracuse and Yonkers and Affiliate Members Albany, Mount Vernon and Utica, work together through the organization of the Conference of Big 5 School Districts to speak with one voice on the needs and strengths of urban education in New York State.

Championship Philosophy: Regional Plaques

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Dr. Robert Zayas, NYSPHSAA Executive Director

Proposal:
Consider approval of consistent approach for awards at Regional Championship events in team sports by standardizing the presentation of only the Regional Champion plaque.

Effective Start Date:
2025-2026

Rationale:
Historically, both a Regional Champion plaque and a Regional Finalist plaque have been awarded at Regional Championship events. The Championship Philosophy Committee believes only the champion should be awarded at regional rounds.

Proposal Originated:
Championship Philosophy Committee

Budgetary Impact:
There is no budgetary impact for NYSPHSAA. It will be a cost savings to the Sections as Sections currently cover the cost of all Regional Champion and Finalist plaques. Finalist plaques cost $45 per plaque.

Notes:

- Only team sports would be affected by this change.
- The Championship Philosophy Committee supported the proposal 11-1 (Section VII voted no, Section IX was absent).
- Sport Committee Feedback is listed below for the committees who have met thus far. Committees not listed will provide feedback after their meetings.
    - Field Hockey (0-10 OPPOSED) – No additional information/comments.
    - Football (0-10 OPPOSED) – Would like to keep current regional plaque system.
    - Baseball (0-11 OPPOSED) – No additional information/comments.

FALL START DATES

_____ Action Item
__X__ Discussion Item
_____ Informational Item

Presenter:
Debra Ferry, NYSPHSAA 2nd VP, Committee Chair

Proposal:
Consider approval for all Fall sports to start 2 weeks before Labor Day and Football to start on the Monday of Week #7.

Effective Start Date:
2025-2026

Rationale:
Utilizing the National Federation of High School's (NFHS) Standard Calendar of Weeks provides a helpful framework. However, the NYSPHSAA designated fall sport start date has, at times, been either too early or too late to meet the needs of member schools. Allowing the start date to begin two weeks prior to Labor Day ensures consistency for the NYSPHSAA membership.

Proposal Originated:
NYSPHSAA Start Date Ad Hoc Committee on January 14, 2025

Budgetary Impact:
None

Notes:
It is important to note that a football start date of the Monday of Week #7 will require support from the New York State Education Department (NYSED), as Fall sports are currently limited to a 15-week season. Implementing this start date for football would extend the season to 16 weeks, necessitating a formal exception as was previously granted for the 2024 football season.

Vote Outcome: Motion Passed, 10-1
Vote Breakdown: I – No, 2 – Yes, III – Yes, IV – Yes, V – Yes, VI – Yes, VII – Yes, VIII – Yes, IX – Yes, X – Yes, XI – Yes

Sport Committee Feedback:
- Girls Tennis (10-0 in favor) – No additional information/comments.
- Boys FALL Golf (7-2 in favor) – No additional information/comments.
- Cheer Game Day (10-0 in favor) – Noted this was their original proposal from a year ago that got defeated.
- Cross Country (22-0 in favor) – No additional information/comments.

Date Revised: January 14, 2025

- Field Hockey (6-3 in favor) – Had concerns about extended contracts, vacations, family, short notice for 2025. Liked proposal due to extra week of conditioning, spread out schedule, more time for team building.
- Boys Soccer (8-0) in favor) – Noted they like the flexibility; possibly concern of summer school/vacations.
- Girls Soccer (6-1 in favor) – Did not get responses from all state committee members.
- Girls Swimming & Diving (in favor) – No objection at their state tourn. meeting but did not formally vote.
- Girls Volleyball (11-0 in favor) – No additional information/comments.
- Boys Volleyball (4-3 in favor) – Only concern was the time off between Sectionals and States but that can be solved with adjustments in schedule if necessary or not starting on the proposed earlier dates.
- Football (11-0 in favor) – Proposing football start date on the Monday of week #7 permanently, regardless of how the calendar falls.

Presenter:
Debra Ferry, NYSPHSAA 2nd VP, Committee Chair

Proposal:
Consider approval for all Spring Sports to start on the 2nd Monday of March.

Effective Start Date:
2025-2026

Rationale:
Although the NFHS Standard Calendar of Weeks provides a helpful framework, the NYSPHSAA-designated start date for spring sports has occasionally been misaligned with the needs of member schools. Establishing the start date as the second Monday in March creates a consistent approach that better accommodates the varying needs of Sections and ensures alignment across the NYSPHSAA membership.

FOOTBALL – Establish 8-Man Football Regional Championship on Week #21

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Dr. Robert Zayas, NYSPHSAA Executive Director

Proposal:
Consider approval for the 8-man Regional Championship to be held on Week #21 (11-Man Football Semifinal weekend).

Effective Start Date:
Fall 2025

Rationale:
The 2024 8-Man Regional Championship was held on Week #22 (11-Man State Football Championship weekend) resulting in several issues related to inclement weather, location of the game and confusion and concerns from schools and the general public.

In accordance with the NYSPHSAA Championship Philosophy 8-Man does not meet the threshold for Championship status (6 Sections with 4 participating schools).

Proposal Originated:
Internal staff discussion

Budgetary Impact:
Moving the event to week #21 reduces the cost of the game being played week #22 by itself or at the JMA Wireless Dome with the 11-man finals.

Notes:
The NYSPHSAA Football Committee does not support moving the 8-Man Regional Championship to Week #21 (11-Man Football Semifinal weekend); the Committee prefers hosting the 8-Man Regional Championship at the same venue as the 11-Man State Championship.

Cheerleading – Game Day Scoring Adjustment

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Jennifer Simmons, NYSPHSAA Cheerleading State Coordinator

Proposal:
Consider approval to adjust Game Day Sore Sheets for 2025-2027.

Effective Start Date:
Fall 2025 season

Rationale:

- These new score sheets better align NYS with the rest of the country in terms of the Game Day format and scoring categories.
- These new score sheets make each scoring element more clear to both coaches and judges, by just reorganizing and breaking down the scoring categories, while NOT changing any of the elements that we currently score in NY Game Day. The only true difference from what we are currently doing is requiring dismounts from stunts between the Sideline and Cheer.
- The scoring categories reflect both the UCA and NCA scoring elements.
- The point spread is a better representation of the length of elements in each section of the Game Day routine. For example, the current score sheet equally spreads 20 points across 4 sections, however, the situational sideline is significantly shorter than the other sections.
- There are minimal "combined" scoring elements. The current score sheet has scoring categories such as "Motion Technique & Crowd Leading Tools". It is difficult for judges to appropriately account for both of these elements in a single score and 5 points is not appropriate for 2 elements that are used throughout a given section of the routine. The new score sheet breaks these elements into 2 separate categories. Breaking these elements down also helps coaches to better understand the areas in which they excel or need improvement.
- No category is over 5 points, making it easier and more consistent for officials to score.

Proposal Originated:
Cheerleading Committee – after reviewing the first two State Competitions.

Cheerleading – Standard Practice for Fall and Winter Cheer

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Jennifer Simmons, NYSPHSAA Cheerleading State Coordinator

Proposal:
The NYSPHSAA Cheerleading Committee is seeking approval to set the following standard practice guidelines for competing teams in all sections.

- Fall Cheerleading - Teams are restricted to only practicing those skills allowable in Game Day Cheerleading. This then does not limit those teams who do not wish to compete, but allows schools to still have teams. It does restrict those schools from working on the more advanced skills and routines for the Winter Competitive Season in advance of the season, thereby negating any unfair advantage. It allows for schools building programs to do so in a safe manner.
- Winter Cheerleading- Since skills are more advanced for Competitive Cheer, there would be no restrictions for schools doing the lesser skills of Game Day during this season.
- Any school found violating this rule and practicing skills beyond what is allowed in Game Day during the Fall Season, would be ineligible for the postseason for the Winter Season.

Effective Start Date:
Fall 2025 season

Rationale:
While NYSPHSAA defines the seasons as "Fall Cheerleading" and "Winter Cheerleading" with Game Day and Competitive being "Events" within each of those, sections are interpreting this differently. Some are allowing both in each season. Some are allowing only Game Day in the fall and only Competitive in the winter. Some are allowing teams to forego competing in the fall and just prepare/practice their competitive routines/skills for the winter. As a result, the State Committee is concerned with the following:

- The differences from section to section are creating extremely unfair advantages and disadvantages for certain teams/sections in competitive cheer. These disadvantages are causing coaches and athletes to leave cheerleading and as this grows, it will likely cause entire sections of NYS to withdraw from competing in NYS cheerleading.
- Schools that allow teams to not compete in the fall but practice/prepare for the winter season are paying for a coach that isn't competing at all.
- Sections that do not allow Game Day in the winter prohibit teams from competing in Game Day nationally, as all national competitions for both Game Day and Competitive occur in January - March.

- If we were to move to only allow Game Day in the fall and Competitive in the winter, it would set us back nationally and affect our athletes ability to compete for college scholarships.

Proposal Originated:
This was a topic of discussion at the Cheer State Committee meeting at the State Competition and discussed at prior state committee meetings. While NYSPHSAA Executive Committee agreed to approve limiting beginning choreography prior to the start date, teams are not foregoing the fall Game Day season, and working on their winter season from August forward when the season truly for State Competition does not begin until November. This proposal gets all sections on the same page as to what is allowed and what isn't.

Budgetary Impact:
None

Notes:
Section representatives felt this yearly course was important training given the complexity of new skills added each year. They felt that the needed progression and trainings was a safety issue that needed to be addressed.

The Cheerleading State Committee voted unanimously in favor of this proposal at its December meeting.

BASEBALL: Allow Scrimmage after 6th practice day

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Al Roy, NYSPHSAA Baseball State Coordinator

Proposal:
The NYSPHSAA Baseball Committee is seeking approval to allow scrimmages to be conducted after the 6th practice day.

Effective Start Date:
Spring 2026

Rationale:
If this proposal is approved, we would implement a restriction on the # of pitches (30) a pitcher is allowed to throw during any scrimmage that takes place on days 7-10 of the first 10 required practice days. This is after 6 days of practice are completed by the individual player.

30 pitch-count limit on all pitchers in scrimmages that occur on practice days 7-10*
1-30 pitches thrown: 2 nights rest***

The same rules for tracking pitch count during the season would apply to scrimmages (home team is the official counter). Teams are responsible for keeping track of their pitch counts and checking in between innings. The penalty for going over the pitch limit would be determined by the section.

Once 10 days of practice have been reached, the current pitch limit rule would be in effect.

Proposal Originated:
NYSPHSAA State Committee January 8, 2025 from Section VIII (Sean Burns)

Budgetary Impact:

Notes:

2. NYSPHSAA Reports

Joe Altieri, Assistant Director

a. Stated he will provide hotel information on the state tournament after he huddles with Machell Phelps in Cortland. He welcomed feedback on hotels from 2024.

Todd Nelson, Assistant Director

a. Classification #'s for three classes were voted on at the October Executive Committee meeting and set for 2025-26 as proposed by the Flag Football Committee.
b. He reported we are looking at expanding to Modified with grants being offered by NFL teams. That will also mean we need a Modified rep for flag football. The Modified State Committee meets twice per year via Zoom and would be the liaison between the Modified Committee and Flag Football Committee. **QUESTION**: Frank asked if Mod 9 falls under Modified. Todd clarified if its grades 7-8-9 then its considered Modified and we'll need to establish rules for it.
c. Stated the Jets, Giants and Bills are interested in getting involved in offering Unified Flag Football in Fall 2025. More information will come out as it develops. Todd explained the Unified concept for all sports for those not familiar with it.

Kristen Jadin, Assistant Director

a. Met with Brian Taylor at Spalding regarding the ordering of balls this spring. The following will be shipped to each section:

- Section 6 - 31 balls (regional and state balls. Section VI bring to State Tourney)
- Section 11 - 11 balls
  Total balls - 86

Chris Joyce, Director of Marketing

a. Foundation – Reported there were numerous grant applications submitted for NYSPHSAA Foundation grants aimed at Flag Football. Since the Jets, Giants, Bills, have a money allocated to Flag Football, this was a more appropriate avenue for schools to seek funding. The NYSPSHAA Foundation is need-based an many grants submitted for flag football were to offset costs for schools who already had Booster Club support.

Lexi Swatt, Director of Sports Information

a. Updated the nysphsaa.org website with the three-classification schedule.
b. She will work with Marissa and Jen on badge creating and distribution.

4. State Tournament Items

a. The following schedule was updated on the NYSPHSAA website:

Saturday Semifinals:	Homer HS:	9:30, 11:30 - Class C
	Cortland HS:	9:30, 11:30, 1:30, 3:30 - Class A, Class B
Sunday Finals:	Cortland HS:	11 am – Class A Finals
		1:15 pm – Class C Finals

b. Jen discussed the regional schedule and noted coordinators are responsible for those games. Lexi will distribute a live Google doc to fill in regional dates, times and sites.

5. Committee business

a. Jen reviewed the proposals for the February 5th Executive Committee meeting.
b. Todd reported he spoke with the NFHS (he will represent NY on the national rules committee) about the upcoming meetings for Flag Football rules. A rulebook will be developed from scratch at the NFHS level. **QUESTION**: Brent asked if any rules developed by the NFHS in the coming months will be for 2025. Todd stated they will be for 2026.
c. Sports Seasons Start Date Ad Hoc Committee – This committee met last month and has a draft proposal out for discussion for fall and spring sports. For spring, moving start dates to the second Monday in March is being discussed. A draft of this proposal has been shared with all State Coordinators and we are seeking feedback from each committee. Moving spring to the second Monday in March does not necessarily mean it's earlier than usual every year but for most years it will fall a week earlier; depends on how the calendar falls. Kristen reminded the committee a school/section can always start later than the approved date.

This committee voted 6-2 in favor of this proposal.
This feedback will be provided to the Ad Hoc Committee/Executive Committee Feb 5th.

Lexi Swatt, Director of Sports Information

a. Records – She requested the committee review records on the NYSPHSAA website. We don't know if there are records that should be reflected on the website or not. She was specifically interested in coaches being identified as active or not on the baseball page. Link to records here. Also, the record reporting form should be used to submit records.
   RECORDS can be found here: https://nysphsaa.org/sports/2021/6/9/FH_0609213027.aspx
b. NFHS Network – NYSPHSAA, Bev and Section I people identified the Network didn't appear to have field hockey commentators on the broadcast. Joe Altieri expressed this concern to Blake Rivera, NFHS producer. Blake responded to Joe and Lexi also received a response as well. Lexi explained Blake had a baby and it shook up changes with announcers. Blake indicated they didn't have a lot of options at the time and will work on it earlier next year to ensure more field hockey experts are available.

Joe deGuzman, Director of Sales

3. Committee Business

a. 2025 State Championship
   - Rotation for the State Tournament schedule will be A, B, C
b. Regional Rotation
   - Bev discussed the 2025 regional rotation and announced the following:
     Sub Regional (4 v 9): Winners play in section 1. If Section 9 does not have a Class B team, the winner of section 4 v 1 Class B game will go on to the State Championships.
   - 8 @ 11
   - 3 @ 2
   - 5 @ 6

c. State Championships:

Field 2 (Maroon)	Field 1 (stadium)	
All Classes: 5/6 vs 8/11*	3/2 vs 4/9/1*	* is home team

Sunday: Visiting team on Saturday will be the Home team on Sunday.

d. Classification numbers – Bev reviewed the numbers in each class with each section. Barb has one team that is joining but she is not sure what class they will be in yet. Classifications numbers were reviewed with each coordinator to ensure accuracy for 2025

	Class A	Class B	Class C

Section 2	7	7	7
Section 3	6	9	14
Section 4	3	3	9
Section 5	4	6	1
Section 6	5	10	7
Section 8	7	7	5
Section 9	2	1	7
Section 11	19	13	5

4. Other Committee Business

a. NFHS rules
The federation will be meeting on the new rule proposals either this week or next.

b. Section reports/concerns:

- Section 11: see a drop in JV programs; 1 MS drop; lack of officials; transportation; double header affects JV completion because of lack of officials; BBP moving to a C
- Section 9: more officials needed; trying to grow the game and get back programs that have less numbers
- Section 8: lack of officials; trying to push getting a 4:30 start with bussing; restricted on number of games because of officials
- Section 6: lack of officials; lack of JV teams; Promotion Rule: Modified athletes to JV or V after the Modified season is over (state rule)
- Section 5: lack of officials; possible later start and having 6 practices; dropped/lower numbers MS and JV programs
- Section 4: should have even playing numbers (gentlemen's agreement); coaches communicate with each other based off their roster numbers; wants to grow the sport; unruly spectators; sportsmanship between teams at the end of the game
- Section 3: JV programs and numbers is a major concern; very successful they played evenly down (I.e. 7 v 7, 8 v 8, etc.); hoping to come up with an actual rule using 9 v 9 on the JV level; Schools looking to eliminate teams if they don't have 11 v 11 - we need to do better. Modified needs updating in the handbook, currently states halves, should be quarters
- Section 2: lack of officials; bussing issues and getting charged for late starts
- Section 1: lack of officials; decreasing number of JV teams

c. Modified-Plays without penalty corners; question came up if JV should follow suit

Bev asked Todd - Can we put something in the HS handbook about playing 7 v 7 up to 11 v 11 - this will ensure administration knows this is available. Katie can bring to modified and Bev can bring to Handbook committee for the Executive Board. Katie can bring to modified changing the state handbook to read quarters, not halves

- Monica: motion to have modified FH to play 4 quarters of 15 mins; Second Barb; all in favor; passes; Katie will bring it to Modified committee in March.

d. Miscellaneous matters
   - Nicky is working with USA hockey to help grow the game in NY. Hockey 5 will take place at Syracuse University, running a youth through club level. Nicky will be working with the officials about the hockey 5 rules. She will be sending an email out to all section coordinators hoping to share with all their coaches at every level.
   - Hall of Fame nomination from Section 4 Carla Tagliente. Player from Marathon, played on the USA national team, is currently head coach at Princton.

e. Alternative play to counter losing programs - Deb Beam asked about how 8 man football was started. Todd explained it was in the football rulebook and some sections started at the local level. Todd suggested you see who is interested in a 7 v 7 level division from each section. Bev mentioned you could lose teams at the class level which could affect the number of divisions at the state championships. We need to change the terminology of speaking with AD's and coaches in regards to whether you play 11 v 11 or 7 v 7, 9 v 9, etc.

NYSPHSAA FOOTBALL STATE COMMITTEE MEETING
MONDAY, JANUARY 13, 2025 @ 1:00PM
MINUTES

ATTENDANCE: Dr. Robert Zayas, Todd Nelson, Joe Altieri, Kristin Jadin, Chris Joyce, Ken Stoldt-Asst. FB Chairman; Mike Cring, Steve Luciana-Section 1; Sean Colfer-Section 2; Keith Kempney, Joe Corley-Section 3; Jeff Paske, Matt Hafele-Section 4; Scott Barker-Section 5; Ken Stoldt- Section 6, Pat Keleher-Section 7; Joe Martillotti-Section 8; Tom Cassata, Jason Semo-Section 9; Matt Tessmer-Section10; Tim Horan-Section 11; Ric Hamblin, Tim Arden, Patrick English-Officials, Steve Nolan- Modified, Paul Sealy-NYSHSFCA

START DATES: Dr. Zayas provided clarification regarding the 2025 and long-term fall sports start dates. He is working with the ad hoc committee to revise the language to state: **"All fall sports shall start two weeks prior to Labor Day. Football shall start on the Monday of Week 7." I**t's important to note that SED approval is required for football to start in Week 7, as this would extend the football season to 16 weeks. Currently, the fall sports season is limited to 15 weeks.

A separate proposal is being discussed specifically for the 2025 season. This proposal suggests that all fall sports, including football, start on Monday of Week 7 for that year only until the Ad Hoc Committee proposal can be fully discussed.

Additionally, Kristin Jadin presented a proposal from the Philosophy Committee to eliminate runner-up plaques in regional competition. The Football Committee unanimously supported maintaining the current format.

8-MAN FOOTBALL: The Football Committee discussed the site, date, and venue for the 2025 8-Man Regional Championship. There is support within the committee to hold this game in the Dome alongside the 11-Man Championships.

Currently, the Central Committee made the determination the 8-Man Regional should not be held at the same venue as the 11-Man State Championships. Currently, the NYSPHSAA staff is recommending scheduling the 8-Man Regional Championship during Week 21, to be played outdoors during the 11-Man Semifinal Week.

Section Chairpersons were asked to consult with their local sections to build support for holding the game in the Dome. Additionally, they were requested to provide Keith Kempney with projections for the number of 8-Man teams their section expects to have in 2025.

MODIFIED: No report

NYSHSFCA: Paul Sealy reminded everyone the state clinic will be held at Turning Stone on March 6, 7 & 8. 2-25. The 7 on 7 tournament will be held at SUNY Cortland in July.

OFFICIALS: Tim Arden noted they are heavy into recruiting season at this time. A concern was brought up by a committee member regarding the pants issue for 2025. Tim will look at options.

ROUND TABLE: Tim Horan inquired about two-man officiating crews on modified games. There is concern over site lines on special teams with two-man crews. Tim Arden noted that he would share these concerns with his officials. Keith Kempney is looking for someone to take over the spreadsheet to track teams looking for games throughout the season. Keith also has requested chairmen to complete his classification spreadsheet as well.

NEXT MEETING: Monday February 10 @ 1:00PM

Coordinators Attending: Jim Amen (Boys Lacrosse), Liz Parry (Girls Lacrosse)

Call to Order by Chair Greg Ransom at 10:07 am. He introduced Jamie Pereira, a member of the Student Athlete Advisory Committee (SAAC). Greg reminded the committee that our task is to vet proposals and represent the association and not schools or sections individually. He offered Dr. Robert Zayas and President Tim Mullins opening remarks/reports. Dr. Zayas stated he will discuss two items later in the agenda. President Mullins thanked Greg and the CAC for their continued service. He welcomed Jamie Pereira.

Greg asked for a motion to approve the minutes of the October 10, 2024 CAC meeting.
MOTION by Josh. SECOND by Mike. CARRIED 8-0.

PROPOSALS
(*These items will be presented as discussion or action at the next Executive Committee Mtg)*
Following proposal presentations by Sport Coordinators, Greg announced Sport Coordinators may depart the call so the CAC can discuss and vote on proposals.

GIRLS LACROSSE – Regional Rotation 2025-30 – Girls Lacrosse State Coordinator Liz Parry explained the proposal. No questions/concerns were raised.
MOTION by Kathy to support the proposal. SECOND by Carlos. CARRIED 7-1.

BOYS LACROSSE – Regional Rotation 2025-30 – Boys Lacrosse State Coordinator Jim Amen explained the proposal. No questions/concerns were raised.
MOTION by Eileen to support the proposal. SECOND by Jen. CARRIED 7-1.

FOOTBALL – 8-Man Regional Championship – Executive Director Dr. Robert Zayas explained the proposal from the NYSPHSAA staff and that the football state committee was opposed to this proposal. Greg stated until they get to a championship level, they should consider rotating to the east and west semifinal sites for this game. Todd noted it not always best when teams come from the same area. We had two Section IV teams (considered the east) qualify in 2024 but hey were supposed to travel east because that was established as the host site. A discussion ensued about how to establish a host site. Joe suggested voting on the Week #21 proposal and because we have good relationships with the east/west semifinals sites, we can

figure out a rotation as to who hosts at a later time.
MOTION by Mike to support the proposal. SECOND by Kathy. CARRIED 8-0.

CAC SUB-COMMITTEE – Regional Dates/Nights Rest Rule – Greg recapped the sub-committee discussion on this topic in September and how the language was developed. Joe reminded CAC this was brought up as a concern from Section 1 at the May Executive Committee meeting. Jen was concerned with a minimum of three nights due to venues hosting games and contracts with them that hold them to certain dates. Sue agreed with the concern but hoped sections/coordinators have that in mind as they set schedules. Jen suggested two nights rest. Sue noted two nights rest has been an issue in the past and she was under the impression all sports had a guideline for regional games but not all actually do. Mike indicated the idiosyncrasies of each section that play a role in scheduling.
MOTION by Sue to support the proposal. SECOND by Josh. CARRIED 7-1.

FOR REVIEW/INPUT/CHAMPIONSHIP SITE SELECTIONS:
Competitive Cheer 2026-28 – Joe A. explained the lone bid submitted by Visions Veterans Memorial Arena in Binghamton. He indicated both staff and committee agreed on the bid as the recommendation.
CAC expressed no concerns with the recommendation.

Wrestling (Boys & Girls) Individual 2026-28– Joe A. explained this was a re-bid from September due to the increased high costs of the MVP Arena (Albany) bid. In the re-bid, MVP secured a $50,000 donation to help offset the costs and reduced its rent by $13,000. He indicated both staff and state committee agreed on the bid as the recommendation. **CAC expressed no concerns with the recommendation.**

Outdoor Track 2026-28 – Joe A. explained no bids were submitted for this event and a re-bid is went out in November. No bids were submitted at that time either, therefore the staff is tasked with finding a site. He explained a revised RFP was sent out to nearly a dozen selected venues with a Saturday-Sunday option if a venue cannot host on a Friday-Saturday. Approval will be requested in April/May.

INFORMATIONAL:
3-Region Regional Rotation Concept – Dr. Zayas explained the proposal. Several applauded the efforts and concept to help solve equity and other issues. No concerns were raised.

Season Start Dates Ad Hoc Committee – 2nd Vice President Deb Ferry explained the meetings amongst this committee and the recommendations going to the Executive Committee in February.

2024-29 Championship Dates & Sites – Joe A. noted the updated championship documents in the packet.

ADJOURNMENT: MOTION by Josh. SECOND by Sue. CARRIED 8-0. The meeting adjourned at 11:25 am.

NEXT MEETINGS: Wednesday, April 16, 2025 @ 10:00 am
Wednesday, June 18, 2025 @ 10:00 am

Brian stated SC5 is a thermal bonded ball and TF5000 is hand-stitched. He added they are discontinuing the SC5 ball but would accept feedback to re-consider using it. Matty added input on the two models he was provided for testing for two months in an indoor league. Brian thanked both committees and asked for their continued feedback on the products.

2. NYSPHSAA Staff Reports

Dr. Robert Zayas, Executive Director

a. Reported on a new committee, Schools Without Boundaries Committee, which met on October 16th due to a membership concern from Section 1, then again on February 4th. This is to address the concern of private schools and placement. They recently reviewed eight proposals from committee members and it was decided to take back three of the proposals to sections to seek feedback as well gather data on the number of public schools in the NYSPHSAA membership who are accepting tuition-paying students outside their boundaries. The committee will meet again this spring.
b. Reported on a new concept being considered for regional rotations. He shared his screen and explained a 3-region concept with sections designated to a specific region.    Neither committee supports this recommendation. Their feedback will be shared.

c. Reported the Championship Advisory Committee (CAC) has presented a recommendation to the Executive Committee for a three-nights rest rule in regional play. If approved in May, host sections must give three nights rest between sectional finals, sub-regional games and regional finals. It would be effective Fall of 2025.
d. On behalf of Lexi Swatt, Director of Sports Information, he noted records are as good as the information submitted. He asked both committees to review the NYSPHSAA website and reach out to Lexi if there are changes needed. You can also complete the Records Report Form on the website to report records.
e. On behalf of Lexi, he stated Lexi is working with Matty A. and Joe V. on a live Google form for regional results for Fall of 2025. Same procedure, slightly different form. Lexi wanted to thank both committees for their cooperation in 2024.
f. Reported on the Sports Seasons Start Date Ad Hoc Committee. On Weds, February 5th the Executive Committee voted to approve all fall sports to start week #7 (August 18th), effective for the 2025 season only. Future fall season start dates will be voted on at the May Executive Committee meeting.

            4. Officials Meeting - 7:00 (Joe will check with German)
    b. Game protocols
        i. Peter asked about MVP awards and the announcements. Todd stated that nothing has been changed in the protocol regarding the awards ceremony.
        ii. Rose - officials need to start things on time. officials need to stick to the timeline. Joe will reiterate with German.
        iii. Chris recommended a 10 - 5 - 4 format
            1. officials mtg at 10 min
            2. teams off the field at 5 min
            3. walk out at 4 minutes
        iv. Peter suggested that the teams stay on the field after announcements and not go back to coach or also just announce starters. Rose likes the announcing of all players. Joe mentioned that we decided to announce all players a couple years ago. Jon reiterated that we need to keep the kids in mind. as much time on the field for warmups as possible. teams are used to seeing their coaches after the announcements. In Section V they do 4-2-1 minutes.
            Joe said that we will go with 10-5-4.
        v. Jon asked about the procedure for the national anthem. Before every game or once a day? and asked that the announcers be consistent and speed up. Todd stated that the state policy is a national anthem for every game and there are scripts for every announcer. Michelle requested feedback on the announcers and she will work on it.
    c. sectional Concerns

i. Spalding ball - concerns were addressed in joint mtg.
ii. Joe asked Todd to be added to the Regional rotation committee. Todd recommended that Joe should send Robert an email with that request.
iii. Diane raised concerns about the new regional rotations timeline if implemented for this fall. Not enough lead time for implementation and a huge change in what we currently have and what is proposed. Diane currently has a one night tournament and now possibly a three night tournament. (sub regionals, who is hosting, etc)n Dianne recommended that we should have the time to review the new proposal and implement it in 2026.
Joe asked Todd to relay our concerns to Robert. Todd reiterated that the NYSPHSAA office staff agrees 100%. Motion was made by Section VII from the floor and was voted through by a majority vote. Todd recommended that we as coordinators speak with our executive directors and executive committee members and let them know our thoughts.
Mike reiterated that what Todd said is accurate. He is on the committee that voted. He believes it passed with a 18-4 vote.
Joe reiterated that our current brackets should have been approved today, but with the vote in May, everything could change. Coming up with the new brackets and rotations will put stress on all fall sports.
iv. Todd stated that he enjoys working with our committee and Michelle. the sites are great and it is one of the best tournaments we have. Joe thanked Michelle for being an integral part of our successful tournaments. Joe also thanked the committee for working well together and doing the best we can for the sport.
v. Chris thanked Todd and the office for having the spalding rep at the meeting. The feedback both ways was very helpful.

d. Joe reviewed “plan A” and “plan B” for the state tourney. reviewed and approved by the state office. Thank you to Todd for all his help at the tourney.
e. Jon has concerns regarding the 3 day rest proposal. Section V is a large section with crossover games (split classes) and that could make them end their season earlier. Jon is opposed to affecting all schools in a regular season just to get teams set for a state tournament. Chris agrees with Jon, and asked the committee if any other sections split their classes? Pete stated that Section III eliminated split classes about 10 years ago. Only Section V and VI have split classes in Girls soccer. Jon stated he and Chris work well on the current regional structure but that the rest policy would adversely affect the schedule. Rich agreed that the rest proposal makes it very hard to put a schedule together.

Meeting adjourned 11:44 am

MOTION by Keith to accept this proposal, SECOND by Scott Barker (5). The vote was unanimous. Motion carried. Todd reminded the committee that in order to have an 8-Man Regional Championship in 2026, there must be a minimum of 4 sections that have at least 4 teams or 8-Man will no longer be recognized or paid for by NYSPHSAA. Report on Active Pilots:

Splitting of classes at seeding meeting.
We had a total of 8 teams opt out of sectional play this year. As a result, Class A and B dropped below the number of teams (18) required to split the classes. This is year two of the pilot and the committee would like to make this adaptation a permanent policy for girls soccer.

Problems Encountered/Concerns from this season:

We received several complaints/concerns regarding the combining of schools formula, and especially Falconer/CV MG (before they won the Class B title)

Semi Finals at home site Change.
Our committee was against the change of Semis to home sites. Our concerns were validated when we had 7 of our 11 Semifinals held at the 3:30 time frame. There was a problem finding officials available for the early game slot (21 officials). Concerns were also raised regarding the travel time and players missing school.

Wilson raised a concern (after the game) that the Frewsburg home goals were the incorrect size. Evidence was provided that the goals were in fact, not legal. This issue needs to be corrected for the 2025 season
