

2025-2026 Sonnesyn School Improvement Plan One-Pager

All Content and School Climate

Utilize Catalyst to provide a **safe, supportive and predictable** school climate and **instruction** that is **grounded in neuroscience**, decreases confusion and frustration and increases student engagement.

Strategy #1: All staff will implement the *Catalyst 12 Foundational Skills* in all classrooms.

Strategy #2: All staff will implement the *Catalyst strategies* in all **common spaces** using the *Sonnesyn Hallway Handbook and Cafe/Recess Handbook*.

Literacy

Strategy: Teachers will **collaboratively utilize preparation protocols** (from **Wit & Wisdom**) that are repeatable processes to help them understand and plan for literacy instruction.

Math

Strategy: Implementation of *Number Talks* 2 - 3 times a week

Science

Strategy: *Integration of mathematics and computational* thinking in science instruction.

Climate and Culture

Strategy #1: Implement *daily restorative practice community-building circles* in learning spaces across the school to build trust, strengthen relationships, and enhance students' social-emotional skills.

Strategy #2: Implement a schoolwide initiative, *Words Matter*, that explicitly **teaches students and staff how to use kind, inclusive, and restorative language** to build a safe, respectful school culture.
