

Honor Cord Information

Departmental honor cords recognize a student's academic accomplishments according to specific departmental criteria. There are several common requirements of students:

- Submit a departmental honor cord application and an unofficial transcript to each department chair.
- Enrolled at least 4 semesters at SHS and those courses are taken during the regular school year, no night school or summer school grades.
- Complete requested department courses with a grade of "B" or higher.
- Citizenship Marks without a "N" or "U"
- AP grades are considered weighted in terms of grade points, i.e., a "B" is equal to 4 points.

Students who meet requirements within each department will be presented with a color honor cord to be worn at the graduation ceremony.
