Peter Longo - Expressed concern over the \$62,000 salary for a position that used to be combined, questioning the high amount in light of recent budget cuts.

Anthony Rotundo - Stated that this board faces an unusually heavy workload, with significant losses in both administration and teaching staff. He criticized the decision to hire a Vice Principal from outside the district rather than promoting internal candidates and questioned how funding was found for a newly created position while other roles, such as the athletic trainer, were being eliminated.

Community member - questioned how Item #10 was introduced without the awareness of all board members. Additional concerns were raised regarding whether an Athletic Director would be in place for the upcoming school year, the overall status of hiring for open positions, and the current status of the student representative position.

Anieska Garcia - Noted that at least 13 administrators and staff members had resigned over the past three months and asked what actions were being taken to address ongoing staff turnover. She expressed concern about the transparency and ethics of hiring practices and questioned the decision to shorten the summer program for students who are academically struggling.

Italian National Honor Society Students - Asked for clarification on whether Italian will be offered again and, if so, how eighth grade students will be informed. They also inquired why Italian II will not be available in the upcoming school year.

Daniele De Feo- President of the American Association of Teachers of Italian (AATI). Thanked the board for reconsidering the Italian language program. He emphasized the academic and cultural value of offering multiple language options and asked how incoming eighth-grade students can opt to take Italian.

Maureen Tansey - Questioned whether any other districts employ both a Business Administrator and a Board Secretary as separate roles, noting that the current BA receives approximately \$10,000 more for performing Board Secretary duties. She also pointed out that this year's summer school program was reduced from 20 to 12 hours, yet \$62,000 was allocated for this new role. She cited the School Ethics Act in her comments.

Maria Alvarez - Referenced the Board Ethics Act and made a statement that it is unethical and a conflict of interest to hire friends or family members. She questioned the public notice of the recent Sunday meeting, which led to members of the public attending, and asked who was responsible for advertising it as a public meeting.

Community Members - raised concerns about the handling of Sunday's meeting, specifically why candidates were allowed to exit through a separate door while others had to use a different one.

Community Member - asked for more transparency in the superintendent hiring process and advocated for involving parents, teachers, and other community stakeholders in the decision-making.

Dr. Cirillo addressed several concerns raised during audience participation. He explained that the athletic trainer accepted a position with another district despite a more competitive counteroffer. Multiple discussions were held, but he chose to leave. Regarding the student representative role, voting results have been received and will be shared with the Board first; the position takes effect July 1st.

He acknowledged the difficulty of filling open positions this summer, noting the district's ongoing efforts. The summer program was shortened to 15 days due to reductions in federal and state funding. On the Italian program, Dr. Cirillo affirmed its cultural and academic value, stating that incoming eighth graders will receive course information.

Regarding the Sunday meeting, Dr. Cirillo clarified that the Board Secretary, Aleks Kondovski, manages public notices. He confirmed that the advertisement preview stated that the meeting would be for an Executive session.

Ms. Soo Chung addressed the superintendent search, stating that the Board is following proper procedures. While using a professional search firm was considered, the cost led to pursuing internal efforts instead. Some Board members are conducting outreach to other districts and researching best practices. The decision to have candidates exit separately during Sunday's meeting was made to avoid candidates crossing paths—not to obscure the process. She added that the update to Personnel Item #10 was mistakenly printed last minute by the Board Secretary, Aleks Kondovski, but the decision itself came after a thorough meeting with all nine Board members, seven of whom stayed through the conclusion and reached consensus.

Ms. Chung strongly refuted false rumors and accusations. She reiterated her commitment to transparency while maintaining necessary confidentiality in personnel matters. She encouraged Board members to stay involved in the hiring process and assured the public that decisions are being made ethically and with diligence.
