

STUDENT DRIVING REGISTRATION & RELEASE FROM LIABILITY FORM

All students attending LEAD Center are provided transportation by their home school district; therefore, student driving is a privilege and is granted on a case-by-case basis. Some sending high schools to LEAD do not allow student drivers. Students of these high schools are not eligible for an annual parking space and may not drive to LEAD.

Eligible students driving to LEAD will in advance (a) supply all information requested below and (b) agree to abide by the regulations listed in this agreement. Violation of any part of this agreement may result in the permanent loss of driving privileges without a refund of an annual permit and/or other disciplinary consequences.

When this form is complete including all signatures, each student driver will meet the sending school principal to review this form and its regulation. Permission to drive will be determined by the principal.
