

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: The O'Farrell Charter School

CDS Code: 37-68338-6061964

School Year: 2025-26

LEA contact information:

Cindy Wagner

Superintendent

cindy.wagner@ofarrellschool.org

(619) 263-3009

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2025-26 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue The O'Farrell Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for The O'Farrell Charter School is \$20,015,462, of which \$23,663,095 is Local Control Funding Formula (LCFF), \$3,228,447 is other state funds, \$840,000 is local funds, and \$868,732 is federal funds. Of the \$23,663,095 in LCFF Funds, \$3,323,268 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much The O'Farrell Charter School plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: The O'Farrell Charter School plans to spend \$25,779,419 for the 2025-26 school year. Of that amount, \$25,756,315 is tied to actions/services in the LCAP and \$23,104 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The following expenditures are not included in the LCAP include: administrative cost, authorization fees to authorizers, utilities, central support staff, transportation cost, service agreements.

## Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, The O'Farrell Charter School is projecting it will receive \$3,323,268 based on the enrollment of foster youth, English learner, and low-income students. The O'Farrell Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. The O'Farrell Charter School plans to spend \$3,565,191.00 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what The O'Farrell Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what The O'Farrell Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, The O'Farrell Charter School's LCAP budgeted \$\$\$3,277,391.00 for planned actions to increase or improve services for high needs students. The O'Farrell Charter School actually spent \$\$\$3,079,791.00 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$197,600 had the following impact on The O'Farrell Charter School's ability to increase or improve services for high needs students:

Some services were delivered later than planned due to staffing shortages of qualified candidates.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
The O'Farrell Charter School	Cindy Wagner Superintendent	cindy.wagner@ofarrellschool.org (619) 263-3009

## Plan Summary [2025-26]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Located in San Diego, California, the O'Farrell Charter School stands out for its commitment to academic excellence and community engagement. Serving students from transitional kindergarten through 12th grade, O'Farrell provides a comprehensive educational experience tailored to meet the diverse needs of its student body. With a demographic makeup reflective of the local community, O'Farrell celebrates diversity and strives to create an inclusive learning environment where every student feels valued and supported. Driven by the Falcon Way, O'Farrell's academic and extracurricular programs draw on the sustained efforts of motivated students, a talented and well-prepared faculty, and the ongoing commitment of supportive parents or guardians. Through innovative teaching methods and a rigorous curriculum, students are empowered to become critical learners and thinkers, ready to tackle the challenges of the future. Additionally, O'Farrell places a strong emphasis on character development, teaching students to act with integrity, treat others with respect, be resilient in the face of obstacles, and take responsibility for their actions. With a team of passionate educators guiding them, students at O'Farrell emerge as well-rounded individuals equipped with the knowledge, skills, and values needed to thrive in an ever-changing world.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The 2024 California School Dashboard for The O'Farrell Charter:

Chronic absenteeism “yellow” with 8.5% of students chronically absent—a slight increase of 0.1% from the prior year. Homeless students are in the red at 21.7%, while African American students (10.1%), Students with Disabilities (10.4%), and Socioeconomically Disadvantaged students (11.2%) fall in the orange range, indicating disproportionate impact. To address this, the LCAP is allocating funding for attendance intervention programs, enhanced family outreach, and mental health supports, particularly for high-need subgroups.

Suspension rate “orange”, with 3.6% of students suspended at least one day, a rise of 0.3%. Suspension disparities are evident for African American students (10.1%) and Long-Term English Learners (9.2%), both of whom are “red”. English Learners (4.3%), Hispanic students (3.3%), and Students with Disabilities (5.9%) are “orange category”. This will be addressed through expanded restorative practices, and increased socio-emotional learning support.

English Learner progress is “orange”, with only 46.8% of students making progress toward proficiency, a decline of 9.4%. Progress among Long-Term English Learners dropped even more sharply by 18.9%, to 47.7%. This decline aligns with the implementation from certificated feedback to provide professional learning and strengthened designated and integrated ELD instruction, greater teacher coaching, and intervention programs.

Graduation rate is “blue” with 99.1% of students graduating—a 2.8% increase. Subgroups such as English Learners (91.7%), Long-Term ELs (90.9%), and Students with Disabilities (94.7%) also achieved high rates, reflecting the school’s effective credit recovery, academic counseling, and student support systems. Further analysis on students who do not remain at the school who may have been identified as “at-risk” will be employed to ensure a tighter intervention system and avoid early drop out or move to alternative programs.

The College/Career Indicator is “yellow”, a decline of 8.5%, with only 63.8% of students identified as prepared. English Learners (33.3%), Long-Term English Learners (27.3%), and Students with Disabilities (5.3%), the latter showing a 22% drop. This reveals a greater need focused on career pathways and intervention programming for academics and SEL.

English Language Arts performance is “green”, with all students averaging 3.1 points below standard—an improvement of 11.8 points. Performance gaps persist for English Learners (-74.2), Long-Term ELs (-92.7), Students with Disabilities (-92.7), and African American students (-25.0) and homeless as “red”. These groups continue to require targeted interventions, differentiated instruction, and enhanced language support, which the LCAP addresses through curriculum-aligned resources and teacher professional development.

Mathematics performance is “yellow”. LTELs is “red”.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not applicable.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not applicable.

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not applicable.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not applicable.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
------------------------	------------------------

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

In accordance with the guidelines outlined for the development of the Local Control and Accountability Plan (LCAP), the LEA conducted a series of meetings with its School Site Council, which serves as the LEA's LCAP advisory committee, dedicated to discussing, revising goals, and assessing the effectiveness of actions within the LCAP. These meetings served as pivotal forums for engaging educational partners in the planning process and ensuring their voices were heard.

Educational partnership meetings occurred on specific dates throughout the academic year, including:

DELAC - 9/5/24, 11/17/24, 1/9/25, 3/6/25

SSC - 9/12/24, 10/24/24, 11/21/24, 1/23/25, 2/20/25, 3/20/25, 4/17, 25, 5/22,25

Leadership - 4/25/25

Certificated & Classified - 4/25/25

Parent & Community - 5/5/25

During these meetings, educational partners collaboratively reviewed the existing goals outlined in the LCAP, identified areas for improvement, and proposed strategies to address emerging needs and challenges. Through thoughtful discussion and analysis, the School Site Council members worked together to refine the LEA's new LCAP goals, create action steps outlined in the plan, and ensure alignment with the overarching vision and priorities of the school community. These meetings served as platforms for evaluating the effectiveness of actions implemented in the LCAP. By systematically assessing progress and outcomes, the LEA remained committed to continuous improvement and accountability, striving to achieve meaningful and sustainable results for all students.

During these sessions, educational partners had the opportunity to provide insights, offer feedback, and collaborate on strategies to support the academic success and holistic development of English Learner students. As the LEA has also been identified in "red" on for Dashboard Red- LTELS, an action on LCAP to address Math Performance Increase for Language Support and Content Support. Create and implement

intervention from University of Oregon for algebra readiness and in upper elementary math language support through EL assistance. Additionally, Dashboard Red- Homeless ELA Performance Increase for Language Support and Content Support. Employ high interest research based program focused on increasing Lexile and vocabulary that is personalized pathway. CA Dashboard LTEL & African American Suspension was also "red" and increased counseling and case management services has been incorporated.

Based on family feedback Families expressed a strong desire for more frequent and transparent communication with school staff. Suggestions included increasing opportunities for parent volunteering, hosting more family workshops, and ensuring parent voices are included in school decisions, resulting in translation services being employed locally to be more timely. More Parent Engagement opportunities are planned as this was a theme that emerged as the most requested area of improvement, as well as after school enrichment offerings. Based on staff feedback increase in training on ELD and intervention services is reflected in the ongoing expenditure for PD in goals 1 and 2, with a particular focus on SWD.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	The LEA will ensure academic excellence and college and career readiness for all students by promoting its AVID program, maintaining high achievement expectations, providing targeted interventions, and supporting English learners.	Broad Goal

State Priorities addressed by this goal.

<p>Priority 1: Basic (Conditions of Learning)</p> <p>Priority 2: State Standards (Conditions of Learning)</p> <p>Priority 4: Pupil Achievement (Pupil Outcomes)</p> <p>Priority 7: Course Access (Conditions of Learning)</p>
---

An explanation of why the LEA has developed this goal.

<p>This goal demonstrates the school's commitment to preparing all students for success in TK-12 and in higher education. By promoting initiatives such as the AVID program and maintaining high academic standards, the school aims to cultivate a culture of excellence and rigorous learning. Providing targeted interventions for "at-promise" students and supporting the success of English learners demonstrates the school's dedication to equity and inclusivity, and responsiveness to student outcome data. Ultimately, this goal ensures that every student has the necessary skills and resources to thrive academically and pursue their aspirations in each grade level and beyond high school.</p>
--

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	California Accountability Dashboard Academic Indicator: Academic Performance in English Language Arts	<p>All Students: 14.9 points below standard</p> <p>Students with Disabilities: 110.2 points below standard.</p>	<p>As per the 2024 California School Dashboard:</p> <p>All Students: 3.1 points below standard</p> <p>SWD: 92.7 points below standard</p>		<p>All Students: at standard</p> <p>Students with Disabilities: 40 points below standard.</p>	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.2	California Accountability Dashboard Academic Indicator: Academic Performance in Mathematics	All Students: 38.9 points below standard  Students with Disabilities: 139.7 points below standard.	As per the 2024 California School Dashboard:  All Students: 30.3 points below standard SWD: 114.9 points below standard		All Students: 22 points below standard  Students with Disabilities: 62 points below standard.	
1.3	California Accountability Dashboard Academic Indicator: English Learner Progress	56.2% making progress	As per the 2024 California School Dashboard:  46.8% of students are making annual progress		65% making progress	
1.4	California Accountability Dashboard Academic Indicator: College/Career Readiness	72.3% prepared	As per the 2024 California School Dashboard:  63.8% pf students prepared		85% prepared	

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The LEA implemented a broad range of actions to support improved academic performance, English learner progress, college and career readiness, and targeted support for students with disabilities. These actions were generally implemented as planned, with a few notable adjustments and challenges that influenced outcomes.

Actions 1.1, 1.2, 1.15: Teacher and staff salaries were funded to reduce class sizes. The district hired seven additional teaching positions using S/C funds. EL Assistants were fully staffed (funding for this position is in another goal), however IA vacancies remain unfilled due to staffing shortages. The LEA is exploring options to resolve.

Actions 1.3, 1.12 : Implementation of AVID strategies schoolwide and increased funding for high school counselors, CTE, and college field trips aligned with efforts to improve College/Career Readiness. However, a dip to 63.8% (from a baseline of 72.3%) indicated the need for stronger integration of AVID and college-going culture, especially among underrepresented students. There was strong student participation in Career Fairs and staff attendance in AVID Summer Institute.

Actions 1.10, 1.11 : ELD staffing and curriculum were implemented as planned. The EL progress metric fell to 46.8%, reflecting implementation gaps, especially in Long Term EL interventions. Completed training for ELD chairs, ELPAC data and implementation shows early indicators of increased LTEL reclassification.

Actions 1.7, 1.13 : RTI teams and SPED staff provided targeted support and served in appropriate classrooms. Continued challenges in consistent service delivery and the need for specialized PD and aligned metrics were not addressed this year.

Actions 1.4, 1.5, 1.16 : Professional development efforts were largely implemented as designed, focusing on high-impact instruction and data use. Core and supplemental curriculum purchasing remained consistent with planning.

Actions 1.6, 1.8: Technology rollouts and classroom supply purchases were completed on schedule. These actions supported hybrid learning options and student access to digital content, bolstering instruction across grade levels.

Action 1.9 : Stipends for leadership teams encouraged teacher leadership and collaboration, especially around MTSS and assessment practices. The implementation of this action is helping build confidence in data-informed instruction and aligning resources to student needs.

Action 1.14: VAPA teachers and materials were deployed as planned, enhancing student engagement and contributing positively to providing a Broad Course of Study. Metrics aligned to learning outcomes were not implemented this year.

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.2 Estimated expenditure exceeds (19,855) budgeted amount due to increases in hourly rates.

1.3 Budgeted amount exceeds estimated expenditures of \$70,087.40 due to unfilled tutoring positions and reduced materials costs.

1.4 Budgeted amount exceeds estimated expenditures by \$133,096 due to professional development implementation being slower and additional sessions and costs expected in the second semester costs came in under budget.

1.10 Budgeted amount exceeded estimated expenditures by \$328,782.00 due to unfilled aide positions.

1.12 Budgeted amount was exceeded expenditures about \$100,000 due to slower roll out of support system due to staffing issues.

1.13 Budgeted amount will exceed estimated expenditures by \$309,348 due to longer time to hire staffing to provide support.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

ELA Academic Performance (Metric 1.1)

The mid-year data reflects significant gains for both all students and students with disabilities (SWD). All students moved from 14.9 points below standard to 3.1 points below, and SWD improved from 110.2 to 92.7 points below standard. Continued support and differentiated interventions are needed to meet the desired outcome of students with disabilities closing the gap to 40 points below standard by 2027.

Mathematics Academic Performance (Metric 1.2):

All students improved from 38.9 to 30.3 points below standard, and SWD improved from 139.7 to 114.9 points below. Increased targeted intervention for SWD in math will be a focus next year.

English Learner Progress (Metric 1.3):

The mid-year percentage of English learners making progress 46.8% declined from 56.2%. Implementation of support strategies for long-term ELs and closer data progress monitoring will be built in this focus next year.

College/Career Readiness (Metric 1.4):

There has been a decrease in the percentage of students prepared for college and career from 72.3% to 63.8%. Full implementation and follow-through on field trips and additional CTE pathways will be implemented next year.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The 2024 Dashboard indicated that math performance for LTELs was “red”. Additionally ELA performance for Homeless was “red”. Looking further into this demographic revealed that many of the students are triple identified (EL, SWD, Homeless). Staff provided feedback to address this need by increasing general education & SPED collaboration and communication. A structure will be incorporated into the PLC structure. Two additional actions have been added to increase language support and content support, with embedded collaboration:

1.17 Math Performance Increase for Language Support and Content Support. Create and implement invention from University of Oregon for algebra readiness and in upper elementary math language support through EL assistance.

1.18 ELA Performance Increase for Language Support and Content Support. Employ high interest research based programs focused on increasing Lexile and vocabulary that is a personalized pathway.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Credentialed Staff	Employ credentialed staff in all applicable areas including teachers appropriately credentialed in the courses that they teach and administrators to carry out essential school practices and programs.	\$9,409,452.00	No
1.2	Classified Staff	Employ paraprofessionals to work with at-risk students and to offer further academic assistance to students in classrooms.	\$287,791.00	Yes
1.3	School wide focus on AVID	Conduct a school wide AVID program to improve student support and outcomes including but not limited to: The employment of AVID tutors. The purchase of materials necessary to carry out a school wide AVID program such as student binders and planners. Participation in AVID summer institute.	\$240,000.00	Yes
1.4	Professional Learning	Facilitate professional learning in critical and identified areas of need including, but not limited to: Instructional practices and curriculum adoption implementation MTSS Language Development Beginning teacher support and induction Socio-emotional and behavioral support Restorative practices College and Career Readiness Classified Staff Training	\$366,000.00	Yes
1.5	Curriculum	Purchase and maintain California common core aligned curricular materials and supplemental curricular materials in all grade levels and subject areas. Curriculum Renewals Math Adoption in 2025-26 (TK-8) ELA Adoption in 2026-2027 (TK-8)	\$550,000.00	No

Action #	Title	Description	Total Funds	Contributing
<b>1.6</b>	Classroom Materials & Supplies	Support student learning through creating inviting student-centered classrooms with necessary classroom materials, books, notebooks, furniture, and school supplies.	\$750,000.00	No
<b>1.7</b>	Supports for Special Student Populations	<p>Ensure support for special education and unduplicated students. This support includes the following:</p> <ul style="list-style-type: none"> <li>Special Education Credentialed and classified staff</li> <li>Educational programs and platforms</li> <li>Programs/materials</li> </ul> <p>Consultation with the LEA's SELPA on the adoption of new programs, as defined in EC Section 306 to ensure program alignment.</p> <p>Red Student Group Dashboard Indicators include: Homeless in ELA</p>	\$4,598,152.00	No
<b>1.8</b>	Digital Infrastructure, Devices, and Content	<p>Maintain a strong and safe technological infrastructure to enable student learning.</p> <ul style="list-style-type: none"> <li>The employment of IT professionals</li> <li>The purchase of student devices to maintain a 1-1 student-Chromebook or iPad ratio.</li> <li>The purchase of headphones, keyboards, and other devices to enable learning.</li> <li>Maintenance of a secure network to deliver essential services and ensure the highest level of cyber security.</li> </ul>	\$750,954.00	No
<b>1.9</b>	Educational Leadership Teams	Employ department chairs and team leaders to support teachers and students, with a focus on unduplicated students.	\$52,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.10	English Language Learner Support and Development	<p>Provide support for multilingual learners through, but not limited to the following:</p> <ul style="list-style-type: none"> <li>--Offer designated ELD courses and integrated ELD instruction to ELL students in all grade levels.</li> <li>--Monitor ELL student progress through the use of digital programs and interventions.</li> <li>--Purchase educational programs and platforms, in addition to core materials, with the intent to support English learners.</li> <li>--Employ EL Assistants to support English Learners and provide evidenced based interventions</li> </ul>	\$778,800.00	Yes
1.11	Long Term ELL Support and Acceleration	<p>Implement supports for students identified as long term English learners including additional curricular supports, before and after school tutoring, intersession support, and programs to monitor progress.</p> <p>LTELS currently performing red on the California School Dashboard.</p>	\$100,000.00	Yes
1.12	College and Career Readiness	<p>Facilitate college and career readiness and provide access and support for students as they learn about their college and career opportunities through:</p> <ul style="list-style-type: none"> <li>A teacher dedicated to College and Career coordination</li> <li>The employment of high school counselors.</li> <li>The facilitation of three Career Technical Education Pathways in high school.</li> <li>The facilitation of college field trips across grade levels.</li> <li>Career Fairs.</li> <li>Partnerships with workforce partnerships and organizations to provide additional knowledge and opportunities for students to engage in college planning and career exploration including field trips</li> <li>Homebase curriculum components that support college and career readiness.</li> </ul>	\$632,000.00	No

Action #	Title	Description	Total Funds	Contributing
<b>1.13</b>	Temporary Student Supports	<p>Use one-time monies to employ additional support staff to help students academically and carry out specialized programs. <b>1.14</b>	Arts Education	Supplement current arts programs with Proposition 28 funding to ensure arts education opportunities for all age groups.	\$278,400.00	No
<b>1.15</b>	Reduced Class Sizes	Maintain reduced class sizes and teaching staff to support unduplicated and at-promise students.	\$1,195,000.00	Yes
<b>1.16</b>	Curricular Support Programs and Software	Purchase and renew curricular support programs used in courses that support at-promise students, to remediate course credits, and to support English learners.	\$280,000.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	The LEA will foster a supportive, safe, positive, engaging, and inclusive school environment by strengthening relationships among students, staff, and families; enrichment opportunities; attendance support; educational pathways; extra curricular opportunities; and resources to support a comprehensive and engaging environment.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)
--

An explanation of why the LEA has developed this goal.

The goal of "Student Engagement and Positive School Culture" reflects the school's commitment to fostering a supportive, inclusive environment where students thrive. By prioritizing the strengthening of relationships among students, staff, and families, the school aims to cultivate a sense of belonging and community. Through the implementation of structures and strategies, the school seeks to enhance collaboration and communication, fostering a cohesive school culture. Additionally, by providing enrichment opportunities, attendance support, and educational pathways, the school empowers students to achieve their goals in a comprehensive and engaging learning environment.

## Measuring and Reporting Results

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 2.1: implemented as planned, with full integration of tiered academic and behavioral supports and attendance incentives. A difference of \$77, 310.34 from budget to estimated expenditure exists due to slow onboarding of support staff.

Action 2.3: on track, with trips completed or planned across all grade levels. Budgeted amount of \$80,000 was not fully expensed, \$25,161, remaining due to lower costs for trips than originally expected.

Action 2.6: athletic directors and coaches hired; however, due to time of hire the coaching stipends, which will be finalized at year-end.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 2.2: Student Voice and Connectedness is only partially implemented, with activities such as empathy interviews and homebase circles underway but the staffing challenges limited intended outcomes. This led to expenditures to be under the \$5,000 budget, resulting in a

difference of \$3,454.00. The low cost reflects the early stage of implementation or cost-efficiency in conducting these activities, such as relying on internal staff instead of external facilitators.

Action 2.3: Enrichment Camps and Field Trips has been fully implemented, with students in all grades participating in field trips and special retreats for grades 6, 9, and 12. Estimated actual expenditures are \$54,838.50, which is under the \$80,000 budget by \$25,161.50. While all activities are being carried out, the lower-than-expected spending may be attributed to over estimating cost in transportation, accommodations, or vendor agreements.

Action 2.4: Expanded Learning Opportunities TK–12 exceeded the planned budget. The estimated actual expenditure is \$1,326,506.40 compared to the \$1,291,381 originally budgeted. This overage of \$35,125.40 reflect higher-than-expected costs for staffing and time expenses of extended hours.

Action 2.6: Student Athletics is reported as fully implemented, but the estimated expenditure is low at \$452,102.00 with accounted for costs of coaching stipends. This is about \$50,000 below budgeted.

#### A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Chronic Absenteeism (Metric 2.1):

The chronic absenteeism rate improved, dropping from a baseline of 8.4% to 4%. This indicates effectiveness in the actions for student engagement and attendance. Tiered supports and targeted interventions appears to be a driving force behind the attendance gains and will continue.

Graduation Rate (Metric 2.2): The graduation rate remains high, increasing from a baseline of 96.4% to 99.1% in the 2024 Dashboard data. Highly Effective: Actions supporting graduation—particularly MTSS and connectedness strategies—are helping maintain a graduation rate above 99%.

#### A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action 2.1: feedback from staff and stakeholders points to the need for stronger integration of special education supports within the MTSS tiers. As a result:

Special education instructional assistants will receive ongoing professional development to better support Tier 2 and Tier 3 students.

A bilingual translator will be hired to support IEP meetings, parent communication, and family engagement, ensuring all families understand the intervention and support structures available.

Metrics will now include tracking the frequency of instructional strategies used in Tier 1 settings and the percentage of instructional assistants receiving training.

Action 2.3: All students benefit from real-world learning experiences, but feedback reveals some students with disabilities are not consistently included in off-campus learning opportunities. Changes will ensure universal design and accessibility planning are incorporated into all enrichment events.

Action 2.5: Feedback highlights that chronic absenteeism among students with IEPs remains a concern. Next year: Attendance teams will be trained to analyze attendance patterns for students in special education and coordinate with case managers for targeted intervention. A translator will assist in attendance meetings with families who speak a language other than English, ensuring clear and respectful communication. Metrics will include attendance improvement rates for students with disabilities, with disaggregated data reviews built into each monitoring cycle.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Multi-Tiered Systems of Support	Integrate an MTSS model within the LEA that supports tier 1, 2, and 3 students with varying levels of intervention. and addresses the socio-emotional needs of students through regular homebase lessons and restorative practices. Employ at least one MTSS TOSA to support the coordination of efforts and collaboration of staff.	\$180,000.00	Yes
2.2	Student Voice and Connectedness	Promote student voice and connectedness through the following: Provide opportunities for student engagement, team building and leadership activities Conduct regular empathy interviews with diverse student groups Facilitate homebase activities and student group meetings to increase a sense of belonging and connectedness Conduct regular student surveys to gain input from students on their perceptions and needs.	\$5,000.00	No
2.3	Enrichment Camps and Field Trips	Facilitate field trips at every grade level and enrichment camps at 6th, 9th, and 12th grade to provide real-world learning, increase a sense of	\$80,000.00	

Action #	Title	Description	Total Funds	Contributing
		belonging and connectedness, and to support student learning and socio-emotional well-being.		
<b>2.4</b>	Expanded Learning Opportunities TK-12	Support students before and after school, during Saturday school, and during intersessions and summer by providing academic and enrichment opportunities for them, as well as staff and programming to facilitate socio-emotional support and growth. This includes programs such as Expanded Learning Opportunities Program, ASES, and ASSETS.	\$1,301,381.00	No
<b>2.5</b>	Attendance Support	Support positive attendance by allocating staff to monitor attendance and conduct intervention meetings with families of chronically absent students. Provide attendance incentives to promote positive attendance.	\$223,000.00	Yes
<b>2.6</b>	Student Athletics	Support robust athletics and enrichment programs to promote school connectedness, sportsmanship, personal achievement, and engagement.	\$525,000.00	No
<b>2.7</b>	Well Maintained Facilities	Ensure well maintained, clean and inviting facilities including custodial, landscaping and maintenance staff and supplies.	\$655,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	The LEA will enhance student support services to address student social-emotional needs. This will involve promoting character development, creating restorative structures, increasing access to socio-emotional and behavioral support, implementing mental health initiatives, supporting positive behavior, and providing resources to develop resilience and coping skills.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement) Priority 8: Other Pupil Outcomes (Pupil Outcomes)
--

An explanation of why the LEA has developed this goal.

This goal was written to express the LEA's dedication to addressing the diverse social-emotional needs of students to cultivate a positive learning environment. Through character development initiatives and the establishment of restorative structures, the school aims to foster safety, respect, and inclusivity. By increasing access to socio-emotional and behavioral support services, including mental health initiatives, the school prioritizes the holistic well-being of its students. Additionally, efforts to promote positive behavior and provide resources for resilience and coping skills empower students to succeed academically and personally.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	California Accountability Dashboard Conditions and Climate Indicator: Suspension Rate	3.2% suspended at least one day  Two or more races: 8.9% suspended at least one day	3.6% of students were suspended at least one day as reported on the 2024 California School dashboard  Two or more races: 2.6% suspended at least one day		2% suspended at least one day  Two or more races: 3% suspended at least one day	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
			10.1% of African American students were suspended at least one.  9.2% of LTELs were suspended			
3.2	California Accountability Dashboard Conditions and Climate Indicator: Local Survey	California Healthy Kids Survey Data:  School Connectedness: 65% positive response  Perceived School Safety: 71% positive response	CHKS will be administered in the Spring of 2025.		California Healthy Kids Survey Data:  School Connectedness: 80% positive response  Perceived School Safety: 85% positive response	

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 3.1: was partially implemented, with a process of referrals to Cornerstone for clinical services established. All steps to meet action were impacted due to hiring a social worker and these efforts will continue to be in place by fall 2025. While initial staff training and student support systems are in place, the full programming and targeted interventions are still in development, leading to lower-than-expected expenditures at mid-year.

Action 3.3 and Action 3.4 : were fully implemented. The LEA has effectively provided all steps to meet the action including counselors in place at both the elementary and middle school levels.

Action 3.5: awareness was established with staff and ongoing training and curricular integration is in progress. Although partnerships with IIRP, El Dorado SELPA, and SDCOE are in place, all expenditures are reported under a separate funding stream (Goal 1), which may contribute to a lack of visibility in this action's specific financials.

Action 3.7 : was implemented and lessons are provided during homebase. The Second Step curriculum is in use for TK-8, and high school students benefit from ANew Project programming.

Action 3.8: was fully implemented, with four supervision staff and a middle school MTSS Coordinator supporting Tier 2 and Tier 3 behavior interventions. This action is nearly fully expended.

Action 3.9: has been fully implemented through ongoing professional development and administrative oversight by vice principals.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 3.1: challenges of hiring a social worker slowed implementation for the 24-25 school year, and efforts will continue to fill by fall 2025. This contributed to significant underspending relative to the planned budget disparity, with only an estimated \$14,700 projected to be spent by year-end against a budget of \$104,000—an underspend of \$89,300.

Action 3.2: is estimated to reach \$15,750.58 in expenditures, falling short of its \$100,000 allocation by \$84,249.42. Although training and supports have begun, full implementation of mental health and behavior intervention programming is still underway, contributing to this variance.

Action 3.8: shows strong alignment, with projected expenditures of \$336,133.20 out of \$340,000, underspending by only \$3,866.80.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Metric 3.1 – Suspension rate increased slightly from baseline (3.2%) to 3.6%. Students of two or more races showed improvement, decreasing from 8.9% to 2.6% suspended at least once. However, African American students (10.1%) and long-term English learners (9.2%) continue to experience high suspension rates above the target of 2%. The data supports continued investment in culturally responsive behavioral interventions and training.

Metric 3.2 – School Climate (California Healthy Kids Survey) Current-year data is pending (CHKS will be administered in Spring 2025), 2024 CHKS show: 80% positive response on school connectedness (up from 65%) and 85% positive response on perceived school safety (up from 71%).

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action 3.1: delayed rollout and underspending has resulted in a change in evaluation of current mental health services to prioritize early implementation in the new school year, including establishing partnerships with community agencies to ensure services are delivered.

Action 3 : will be prioritized to include additional Tier 2 behavior interventions as a result of staff feedback indicating moderate to high need for training in PBIS systems and socio-emotional supports—especially from middle school staff, where 33.3% identified a high need for training.

Action 3.5: feedback data showed that a significant portion of elementary and middle school teachers (33.3% and 19% respectively) still identify PBIS and restorative practices as high-need areas.

Action 3.7: Informed by teacher PD responses showing a high need for support in integrated ELD and self-management practices, the LEA will work to embed more culturally responsive and SEL-integrated content into homebase curriculum.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Mental Health Initiatives	Contract with outside providers including, but not limited to Cornerstone, BRIDGE, and social work services to provide mental health services to students.	\$75,000.00	Yes
3.2	Positive Behavior and Intervention and Support	Implement an intervention and support program that includes: Rewards to celebrate positive behavior and accomplishments Programming to support mental health and socio-emotional well-being Training for staff on implementation Targeted interventions to decrease exclusionary discipline incidents	\$60,000.00	Yes
3.3	Homeless-Foster Youth Support	Support students designated as homeless or foster youth by providing clothing, school supplies, fees to participate in programs that benefit their well-being, and monitoring to ensure their academic and socio-emotional success.  Homeless youth performance in suspension is red.	\$45,000.00	Yes
3.4	Counseling Services	Employ school counselors to provide mental health and socio-emotional support to students.	\$302,785.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>3.5</b>	Restorative Practices	Facilitate a restorative justice program that includes training for staff and curricular materials to support positive student behavior, decrease the use of exclusionary disciplinary measures, and provide socio-emotional support,	\$100,000.00	No
<b>3.7</b>	Homebase Curriculum and Support	Purchase homebase curriculum and provide student engagement events that address empathy, self advocacy, emotional regulation, and socio-emotional well being.	\$125,000.00	No
<b>3.8</b>	Student Support Staff	Designate support staff to assist in the implementation of restorative services and student behavior support including campus supervision staff.	\$260,000.00	No
<b>3.9</b>	Alternatives to Suspension	Use alternatives to exclusionary discipline measures for at-promise student groups including students with two-or-more races through adopting behavioral support programs and professional development.	\$60,600.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	The LEA will strengthen its ties with the community to enrich student educational experiences, including organizing community-building activities, and collaborating with local organizations, businesses, and families to provide opportunities for real-world learning and mentorship programs.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 7: Course Access (Conditions of Learning) Priority 8: Other Pupil Outcomes (Pupil Outcomes)
--

An explanation of why the LEA has developed this goal.

The school's goal of community engagement and partnerships aims to enrich students' educational experiences and bolster their success by fostering strong connections with the surrounding community. Through collaborative efforts with local organizations, businesses, and families, the school intends to provide opportunities for real-world learning, mentorship programs, and career exploration. By organizing community-building activities and leveraging external resources, students can gain valuable insights and practical skills beyond traditional classroom instruction. Ultimately, this approach reflects the school's commitment to creating a supportive and dynamic learning environment that prepares students for future endeavors.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	California School Accountability Dashboard Local Indicator: Parent and Family Engagement	Standard Met	Standard Met		Standard Met

		to be an active partner): 48% "agree" response.			encourages me to be an active partner): 65% "agree" response.	

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 4.1: Monthly family engagement events, including SSC and DELAC meetings, have occurred regularly, and supplies such as food and activities have been purchased. A challenge has been ensuring robust participation and impact.

Action 4.2 – Translation Services

DTS translation services are consistently used to ensure that communications are accessible in both English and Spanish. Challenges with this service are delayed delivery of translation documents and inability to use this service to support IEP. This highlights the need for a dedicated translator/interpreter.

Action 4.4: This action is fully implemented with an infrastructure in place for ongoing work next year. Contracts with Target River and Edlio support ongoing marketing efforts and website maintenance.

Action 4.5: PAL meetings and family advisory committee meetings have been facilitated. Challenges of trained translation services and support staff have ensured accessibility however may not have met the level of service desired by families.

Action 4.6 – Community Events

While some high school students have engaged in community service activities, broader community engagement and formal partnerships with local organizations are still in progress.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 4.1: With a total budget of \$80,000 the estimated year-end spend is approximately \$66,644.32. The lower early-year spend may have slightly limited the percentage of families reached during the first half of the year.

Action 4.2: This action has a budget of \$10,000 with year-end spend expenditure of \$2,293.56. Despite full implementation, this significant underspend may be attributed to inability to have consistent staff serving for interpretation.

Action 4.4: \$250,000 budget, and year-end spend of \$113,503.38. The current level of expenditure supports a consistent marketing presence, but a delayed ramp-up impacted early-year recruitment visibility and reach.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Metric 4.1 – California School Dashboard: Parent and Family Engagement (Local Indicator) The LEA has met the state standard for this indicator, indicated on the 2024 California School Dashboard.

Metric 4.2 – California Healthy Kids Survey: Family Engagement Perception The CHKS will be administered in Spring 2025. Most recent 2024 CHKS shows a 65% positive response from families agreeing that the school encourages them to be active partners, up from a baseline of 48%.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 4, Action 4.1: implementation feedback and family input, Action 4.1 will be refined to emphasize deeper, more culturally responsive engagement rather than solely increasing the number of events. Only 23% of parents felt the school made efforts to understand their child’s background. As such, future engagement events will intentionally center on relationship-building, student identity, and responsive learning experiences. A revised metric will track both attendance and feedback.

Goal 4, Action 4.2 Only a third of families rated translated communication as highly effective. For 2025–26, the action will be expanded to include proactive outreach in families' primary languages and usability checks for translated materials by hiring an LEA in house translator.

Goal 4, Action 4.5 : feedback showed families often felt heard but not fully empowered. Metrics will now track not only meeting participation but also documented integration of parent recommendations into school planning.

Goal 4, Action 4.6: family input emphasized the value of community-connected learning, and future metrics will include the number of student-led service projects, family participation in community partnerships, and cross-grade level involvement.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Family Engagement Events	Facilitate opportunities for families to become involved in the school's operations and their child's education including family engagement events, parent/guardian support classes, and educational partner meetings such as DELAC and SSC.	\$78,000.00	Yes
4.2	Translation/Interpretation Services	Use translation/interpretation service to ensure communications are sent out in more than one language if 20% or more of the school's population	\$110,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		speaks that language. Provide translation services for all parent/guardian and family meetings.		
<b>4.4</b>	Communications, Marketing, and Recruitment	Ensure ongoing communication and recruitment through the following: High Quality Website Targeted Marketing and Advertising Family Communication Tools Recruitment Events Recruitment materials such as magnets, pencils, water bottles, etc. Participation in community outreach events, recruitment events, and job fairs.	\$200,000.00	No
<b>4.5</b>	Family Needs Assessments, Voice, and Empowerment	Facilitate PAL meetings with families each year and family advisory committee meetings to ensure two-way communication with families and parents.	\$100,000.00	Yes
<b>4.6</b>	Community Events	Participate in community events and facilitate student community service projects and event participation by partnering with local businesses, the City of San Diego, SAY San Diego, and other community centered organizations.	\$2,000.00	No

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	<p><b>Action:</b> Classified Staff</p> <p><b>Need:</b> Students in unduplicated student groups need additional assistance to master grade level curriculum. The LEA's unduplicated student count is at 66.9%.</p> <p><b>Scope:</b></p>	There are students in this group present in all grade levels. The LEA is a single school site, thus making this both an LEA and school-wide action.	CAASPP ELA, CAASPP Math, and ELPAC student achievement levels will be used as a metric to monitor effectiveness of this action.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
1.3	<p><b>Action:</b> School wide focus on AVID</p> <p><b>Need:</b> At-promise students (66.9% of students at O'Farrell are in the unduplicated student count) in need of additional support to attain grade level mastery and skills to matriculate successfully to the next grade level.</p> <p><b>Scope:</b> LEA-wide</p>	The LEA aims to close the achievement gap by preparing all students for college readiness and success in a global society, including those who are at-promise and traditionally marginalized.	Course Grades and CAASPP student performance will be used as a metric to monitor effectiveness of this action.
1.4	<p><b>Action:</b> Professional Learning</p> <p><b>Need:</b> English Language Arts performance gaps persist for English Learners (-74.2), Long-Term ELs (-92.7). English Learner progress is "orange", with only 46.8% of students making progress toward proficiency, a decline of 9.4%. Progress among Long-Term English Learners dropped even more sharply by 18.9%, to 47.7%. Suspension disparities are evident for African American students (10.1%) and Long-Term English Learners (9.2%), both of whom are "red". Mathematics performance is "yellow". LTELs is "red".</p>	The LEA serves 16% EL and 66% SED which are integrated throughout classrooms at high numbers. Providing professional learning on tiered systems of support and research based effective strategies for EL and behavior for classroom teachers will increase student access to core content.	1.1 & 1.2

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Scope:</b> LEA-wide Schoolwide</p>		
<p><b>1.9</b></p>	<p><b>Action:</b> Educational Leadership Teams</p> <p><b>Need:</b> English Language Arts performance is "green", with all students averaging 3.1 points below standard—an improvement of 11.8 points. Performance gaps persist for English Learners (-74.2), Long-Term ELs (-92.7), Students with Disabilities (-92.7), and African American students (-25.0) and homeless as "red". Mathematics performance is "yellow". LTELs is "red".</p> <p><b>Scope:</b> LEA-wide</p>	<p>Cross department collaboration to develop support systems for LTEL and at-promise students is known to be a best practice with strong outcomes. Unduplicated students will have primary access to support courses to ensure performance success in and across core content areas.</p>	<p>1.1, 1.2, 1.3 1.4</p>
<p><b>1.15</b></p>	<p><b>Action:</b> Reduced Class Sizes</p> <p><b>Need:</b> Smaller class sizes are critical to addressing the learning needs of at-promise students. Students who need extra support, including English language learners, will receive more small group and 1-1 instruction via class sizes.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Unduplicated and at-promise students all grade levels across the LEA will benefit from this action. Unduplicated students are enrolled in various classes K-12 and therefore, maintaining smaller class sizes across the LEA is important to providing a supportive learning environment for these students. The LEA will dedicate these funds to hiring enough classroom teachers to maintain smaller class sizes to support students.</p>	<p>Course grades and CAASPP progress will be used to measure the effectiveness of this action.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.16	<p><b>Action:</b> Curricular Support Programs and Software</p> <p><b>Need:</b> CA Dashboard "red" homeless and "red" for mathematics LTEL. Data indicated that LEA homeless were dual identified as EL and SWD. Language Support and Content Support. Employ high interest research based program focused on increasing Lexile and vocabulary that is personalized pathway, and math content support.</p> <p><b>Scope:</b> LEA-wide</p>	Curriculum and supports for this action will be used in remediation courses, EL courses, math courses and in general education courses to support unduplicated learners across grade levels.	1.1, 1.2, 1.3, 1.4
2.1	<p><b>Action:</b> Multi-Tiered Systems of Support</p> <p><b>Need:</b> CA 2024 Dashboard "red" LTEL suspension and homeless chronic absenteeism. The coordination of services to ensure presence at school, alternative to removal via suspension, and family case management for homeless support services will be through MTSS system.</p> <p><b>Scope:</b> LEA-wide</p>	Identifying and addressing the root causes of absenteeism is critical. According to research, there are four main reasons students miss school: barriers such as illness or transportation issues; aversion to school due to academic or social struggles; disengagement caused by a lack of connection or support; and misconceptions about the importance of consistent attendance. Additionally, these also lead to behaviors in school that are often lead to suspension. These challenges are addressed through effective an ongoing systems of support and monitoring.	2.1 & 2.3
2.5	<p><b>Action:</b> Attendance Support</p> <p><b>Need:</b></p>	The coordinated efforts of staff as well as attendance based support systems across all grade levels is critical to ensure all red and orange student groups are supported and monitored.	Chronic absentee rates

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Chronic absenteeism for unduplicated students, especially homeless/foster youth who have a red indicator, is an area of need.</p> <p><b>Scope:</b> LEA-wide</p>		
3.1	<p><b>Action:</b> Mental Health Initiatives</p> <p><b>Need:</b> Unduplicated students have demonstrated a need for additional mental health supports including resources for families.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Agreements with outside agencies will be aimed primarily at unduplicated students, however be available to all students, as needed.</p>	<p>California Healthy Kids Survey Results</p>
3.2	<p><b>Action:</b> Positive Behavior and Intervention and Support</p> <p><b>Need:</b> LTEL red on CA 2025 Dashboard for math.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Providing interventions for access and support.</p>	<p>NWEA</p>
3.4	<p><b>Action:</b> Counseling Services</p> <p><b>Need:</b> Unduplicated students have demonstrated needs in the areas of academics and</p>	<p>Counseling services are accessible to all students, however counselors will focus on unduplicated student needs.</p>	<p>Academic indicators in ELA and Math Suspension Rates Chronic Absentee Rates</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>attendance. Homeless students and LTELS have a red indicator on the CA School Dashboard in academics. Homeless youth also have a red indicator in chronic absenteeism. African American students and homeless youth also have a red indicator in suspension rates.</p> <p><b>Scope:</b> LEA-wide</p>		
4.1	<p><b>Action:</b> Family Engagement Events</p> <p><b>Need:</b> Educational partners input indicated families are seeking increased options of school engagement, particularly families of unduplicated students. These families are more at risk of not being engaged as partners with the school and feeling disconnected. Thus, these actions are meant to involve and support these groups.</p> <p><b>Scope:</b> LEA-wide</p>	Unduplicated students and their families will be contacted specifically to participate in events and to partner with the school as educational partners to provide feedback and stay involved.	The school will monitor and record its parent engagement events and the percentage of families who attend.

## Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.2	<p><b>Action:</b> Classified Staff</p> <p><b>Need:</b></p> <p><b>Scope:</b></p>		1.1, 1.2, 1.3, 1.4
1.10	<p><b>Action:</b> English Language Learner Support and Development</p> <p><b>Need:</b> ELL achievement is below that of the "all student group". 17.5% of the LEA's students are identified as English learners.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	There are ELLs ELA-wide who need support in all courses and grade levels. This action will support their learning and give them support above and beyond that given to English only students.	ELPAC achievement and ELL Progress on CA Dashboard will be used as a metric to monitor effectiveness of this action.
1.11	<p><b>Action:</b> Long Term ELL Support and Acceleration</p> <p><b>Need:</b> Additional curricular support to increase language acquisition and academic performance in math for LTELs (CA Dashboard "red" 2024)</p> <p><b>Scope:</b></p>	These courses are specifically designed for students designated as ELL, which (17.5%), some of which are long-term English learners.	ELPAC achievement and reclassification rates will be used as a metric to monitor effectiveness of this action.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Limited to Unduplicated Student Group(s)		
1.13	<p><b>Action:</b> Temporary Student Supports</p> <p><b>Need:</b> Additional student support personnel to carry out additional supports both socio-emotional and academic for at-promise students.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	This will help facilitate small group academic support, socio-emotional groups and support, and SST meetings, student meetings, etc. for 66.9% of the student population (unduplicated count). MTSS TOSA to build systems of support for intervention and monitoring.	MAP scores and progress, suspension rates, climate survey, and student grades will be used to assess the effectiveness of this action.
3.3	<p><b>Action:</b> Homeless-Foster Youth Support</p> <p><b>Need:</b> Foster students represent 1% of the student population and have performed below the all-student group in CAASPP. They are at an increased risk of suspension and chronic absenteeism based on data extracted from the 2022-2023 California Accountability Dashboard.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	The action is designed to meet foster and homeless youth needs by providing additional monitoring and supplies needed to increase the likelihood of them succeeding.	Chronic absenteeism, school climate survey, graduation rates will be used to measure the effectiveness of this action.
3.9	<p><b>Action:</b> Alternatives to Suspension</p> <p><b>Need:</b> African American students, LTELS and Homeless students</p>	These student groups perform below the all-student group and have higher suspension rates. This will work to bring their achievement and suspension rates at level with the "all student" group.	Suspension rates will be used to monitor the effectiveness of this action.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>		
4.2	<p><b>Action:</b> Translation/Interpretation Services</p> <p><b>Need:</b> Translations/Interpretation for families not speaking English.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	This action will involve and assist families to become full educational partners with the school.	The school will monitor and record its parent engagement events and the percentage of families who attend. The school will also make sure that 100% of meetings requiring a translator will have one.
4.5	<p><b>Action:</b> Family Needs Assessments, Voice, and Empowerment</p> <p><b>Need:</b> Interpretation for families not speaking English.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	This action will involve and assist families to become full educational partners with the school.	The school will also make sure that 100% of meetings requiring a translator will have one.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding will be utilized to hire additional at-promise instructional assistants. These assistants will provide direct support to students to enhance educational outcomes by increasing the number of staff dedicated to addressing the unique needs of these students, ensuring they receive the personalized attention and resources necessary for their academic success.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	35:1
Staff-to-student ratio of certificated staff providing direct services to students	N/A	16:1

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## **Purpose**

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## **Requirements and Instructions**

### **General Information**

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### **Reflections: Annual Performance**

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
  - If the LEA has unexpended LREBG funds the LEA must provide the following:
    - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
    - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
      - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
      - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
        - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
    - Actions may be grouped together for purposes of these explanations.
    - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
  - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

### **Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

### *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

## Requirements

### *Requirements*

**School districts and COEs:** [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## ***Instructions***

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

### **Educational Partners**

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

### **Process for Engagement**

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### **Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

#### **Description**

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

#### **Type of Goal**

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

### Broad Goal

#### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

#### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
  - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> <li>• Enter the metric number.</li> </ul>
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
    - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

### Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

### Action #

- Enter the action number.

### Title

- Provide a short title for the action. This title will also appear in the action tables.

### Description

- Provide a brief description of the action.
  - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
  - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

### Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

### Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
  - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

## **Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students**

### ***Purpose***

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### **Statutory Requirements**

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### **LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Requirements and Instructions**

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

**Projected Additional 15 percent LCFF Concentration Grant**

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year**

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage**

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar**

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year**

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**Required Descriptions:**

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

### ***Total Planned Expenditures Table***

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## ***Contributing Actions Table***

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## ***Annual Update Table***

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## ***Contributing Actions Annual Update Table***

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## ***LCFF Carryover Table***

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## ***Calculations in the Action Tables***

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### **Contributing Actions Table**

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
