

MEASURE J UPDATE

July 24, 2017

MEASURE J BOND UPDATE

The South San Francisco Unified School District is completing the last projects as part of the Measure J Bond Program. Work is underway on the final buildings and parking area at Buri Buri ES.

Construction has also started at Parkway Heights MS to complete work on the center campus area, staff parking at the West Campus, and the exterior painting of most existing campus buildings.

Work is underway at Martin ES. The first phase projects include new accessible entry ramp, new fire hydrant, new modular restroom building and site work to repair drainage issues.
