

Dear Conrad School Community,

Welcome to the 2025–2026 school year! It is with great excitement and gratitude that I welcome our students, staff, and families back to Conrad Schools of Science. I hope your summer was filled with rest, joy, and time spent with loved ones. As we come together for another school year, I am reminded of what makes Conrad so special—our strong sense of family and community. At Conrad, you are never just a student or staff member—you are part of the Red Wolf family!

Our theme for this school year, “**Collaborate, Not Isolate,**” reflects our commitment to building meaningful connections across our school community. We know that students thrive when they feel supported, encouraged, and surrounded by a culture of care. By working together—students, staff, families, and community partners—we can create the kind of learning environment where every Red Wolf is seen, valued, and inspired to succeed.

At Conrad, our students are known for their compassion, determination, and pride. Our dedicated staff continue to provide rigorous, inclusive, and engaging instruction that prepares every student for success in college, career, and life. This year, we will focus on strengthening relationships, supporting student growth, and celebrating both individual and collective accomplishments.

I encourage every member of our Red Wolf family to get involved—whether through athletics, clubs, service opportunities, or community events. The more we collaborate and lift one another up, the stronger our Conrad family becomes.

We invite you to stay connected by visiting our school website and following us on Instagram and Facebook. If you ever have questions, ideas, or concerns, please don't hesitate to reach out to us at (302) 992-5545.

This is our year of collaboration, strengthened teacher impact, and student accountability. Together, Red Wolves, we will make 2025–2026 our strongest year yet!

Sincerely,
Kendra Todd-Dixon, Principal

Go Red Wolves!
