Online Registration & Payment Option

We use RegWerks for our online registration and payment option. There are no fees for paying online. Below is how to access the system:

1. Go to: www.maccray.k12.mn.us/communityed.
2. Click on "Register & Pay Here".
3. Log into the Web Store. You will need to set up an account initially to access the system. After that, just log in with credentials.
4. Setting up an account – one parent or guardian creates a family account and adds all family members. Registrations are recorded and tracked based on the Account Holder's email address. Once the data is entered, you will not need to do this every time you sign up for a class for yourself or your child.
5. From there, you will be able to see the classes offered for the current booklet. They are separated by Early Childhood, Youth, and Adult. Click on the category that fits what you are looking for. Fill out the required information and add to your Shopping Cart. When done, click on your Shopping Cart to pay.

Not comfortable with online options? NO WORRIES! You can still register through paper registration and cash/check payments. Contact Kati at 320-847-2154, Ext. 1106 with any questions.

MACCRAY Early Education Programs

Early Childhood classes, events, and services are held at the MACCRAY Elementary School and are for families with children **ages birth to not yet in kindergarten**. **Each class requires a minimum of five students to run. We will decide the day after the deadline if the class will run.**

Remember to pre-register for all ECFE classes!

Early Childhood Programs offered include:

ECFE

(Early Childhood Family Education)

ECFE is based on the idea that the family provides a child's first and most significant learning environment. Parents are the child's first and most important teachers. ECFE's goal is to enhance the ability of all parents and other family members to provide the best possible environment for their child's learning and growth.

Register online for all ECFE classes.

Early Childhood Screening

Early Childhood Screening is required for all children before starting kindergarten. Children may be screened beginning at age 3. More information about screening dates is in the next couple of pages.

Contact Kristine Klosterboer for early childhood screening questions and information.

School Readiness

MACCRAY school readiness/preschool is a program for children 3 to 5 years of age who are not yet enrolled in Kindergarten. The goal of our preschool program is to provide children with a fun and enriched preschool experience that will assist parents with the emotional, social, intellectual, and physical development of their child. More information in the next couple of pages.

Contact Kristine Klosterboer with questions about our school readiness programming.

Early Childhood Development

Milestones to age 5

Every child is unique. No two children develop, grow and learn at exactly the same pace. **And yet children develop in predictable ways.** The milestones indicated here are just some of the indicators that a child is developing typically. **Take notes as your little one learns.** Babies and toddlers are growing, learning and changing all the time. It's fun to watch! We suggest you keep track of the new things they do and the milestones they reach. If you are concerned about your child's growth, development or learning, we encourage you to contact us at HelpMeGrowMN.org or 1-866-693-4769

Track These Milestones

Early Childhood Preschool Screening

Is your child 3 years old? Then it's time for screening!

Screening dates for 2025-2026 school year:

**Friday, October 3, 2025 and Monday, February 2, 2025
at the MACCRAY Elementary School**

Did you know that screening is required in the state of Minnesota? Screening allows health and developmental concerns to be addressed at least one to two years before a child enters kindergarten.

Screening is an early look at a child's development and is conducted by qualified professionals to help identify specific needs a child may have in these areas:

- *Fine and gross motor skills
- *Vision and hearing
- *Speech and language development
- *Height and weight
- *Cognitive development
- *Immunizations

The state of Minnesota requires a health and development screening for every child before kindergarten entry in a public school. The MACCRAY School District offers this service at no cost. Screening should be completed before a child turns five years old and may be scheduled as early as three years of age.

****Please contact Kristine Klosterboer at klosterboerk@macCray.k12.mn.us or 320-847-2154, Ext. 1320 to schedule an appointment or if you are new to the district.****

New baby or new to the district?

Being on the census ensures you will receive ECCE, screening, and kindergarten information when your child is eligible. If you are new to the community, recently had a new baby, or moved to a new address, call Heather at 320-847-2154, Ext. 1306 or email shamla@macCray.k12.mn.us to ensure that you are on our school census list.

MACCRAY Preschool

Welcome to MACCRAY Preschool! MACCRAY preschool is a program for children 3 to 5 years of age who are not yet enrolled in kindergarten. The goal of our preschool program is to provide children with a fun and enriched preschool experience that will assist parents with the emotional, social, intellectual, and physical development of their child. Our preschool programs offer fun and meaningful experiences for the children through music, literacy, writing, math, science, technology, as well as fine and gross motor activities. We continue to implement Creative Curriculum for Preschool into the classrooms, along with the Teaching Strategies Gold to assess student progress throughout the school year.

WHERE DO THE PROCEEDS GO?

This event will benefit the Community Education & Recreation Department, directly supporting youth scholarships and instructor fees.

The Youth Scholarship Fund ensures that every child, regardless of financial circumstances, has the opportunity to participate in community education classes, recreational activities, and athletic programs.

Your support also helps cover instructor fees, allowing us to offer high-quality programs at an affordable cost. This is especially important when registration numbers fall short or to keep programs accessible for all.
