Comments:

Emergency funding needs to happen ASAP to get the El Camino baseball field safe enough to be played on. Padding the poles in the center field would be a great way to start. I understand the field has been like this for 50 years. The school really needs a new field but we have asked for years. The teams are now homeless. What happened on April 8th should never have happened to that player so what will it take for the board to fight for us to get the help we need? NOW!

Comments:

Why not just have a platform that's a few inches off the floor instead of a big stage. A lot cheaper and easier for excess. It is unfair for us seniors who have dreamed of crossing stage not our bleachers.

We have been working towards our dream of crossing that stage in front of our families for all 18 years of our life. For the district to take that away from us because they feel they don't want to spend a bit of extra money, you taking away the dream, opportunity, that HUNDREDS of students have worked so hard for. It's not right and we need changes

Comments:

As a senior graduating from el camino i am upset and saddened to see how our graduation will be set up. As the class of 23 we already lost so much due to the pandemic and this is what we get as a goodbye? I feel as though we should at least get a stage at the bare minimum. Walking the track feels like they just want to get our class over with and done. Please fix this and give us a proper graduation.

Comments:

I am not even a senior. I am an 11th grader who attends El Camino High School, and I can't imagine the disappointment the seniors and the families of the seniors feel because of their ceremony. Being on bleachers is not the right way to end on high school. They should be walking on stage, each senior getting their time to shine, waving and saying goodbye to their high school journey. Families should experience and feel amazed with their child walking on stage, taking pictures and cheering. Not having a stage doesn't just mean the seniors won't feel good about themselves. It means that they will feel like they aren't good enough to be walking on a stage, that their hard work amounted to the bleachers. A graduation ceremony should be a grand event, as it means the end of adolescence and the beginning of adulthood. I know that if I had to have my graduation ceremony in the bleachers, I would be infuriated, and my family would be disappointed. Anyway, this is all I have to say about this issue. I urge the board to please use some funding and arrange a beautiful graduation that these seniors will never forget. Thank you

Comments:

We worked our butt off for 4 years, in purpose of “crossing the stage,” not “crossing the bleachers.” It’s completely unfair that the graduating classes before us, besides 2020, to receive a stage for their graduation, but the board decides for OUR class of 2023, to not have a stage. There’s absolutely no good reason for this situation. I don’t remember people saying they’re excited to cross the track and field and bleachers. Even my parents said they remember crossing a stage when they graduated, why did it have to be us to deal with your choice of how we want to graduate.

Comments:

SSFUSD talks a lot about equity. However, there is nothing equitable about taking away instructional minutes for math and ELA at the middle school level, yet that is exactly what a recent vote-- a vote that is fraught with controversy-- to change the middle school schedule is aiming to do. First of all, there were no English teachers nor English Language Development teachers on the schedule committee. This is problematic, especially when over a third of our middle school students are English language learners. These students more than anyone need a BLOCK of time in which to learn to read, write, and speak English. Even our native speakers need time, at this tender age, to spend reading and absorbing literature, building their reading stamina, and growing their vocabularies. All the research suggests that students need a block of time to make gains in literacy. To take the time we have now and essentially cut it in half is doing our students a huge disservice.

Furthermore, the way the vote was worded the first time was so confusing that they had to reword it and have people vote a second time! This is outrageous: only 60 of 110 people voted in that second vote, many of whom (again: English and Math teachers) were at a conference (for bilingual learners!) and completely missed the second email. Was this omission of our ELA and Math teachers' votes purposeful? I sincerely hope not. However, the fact remains that many of these teachers were unable to vote, having thought they'd already done their civic and teacherly duty the first time around.

In fact, this harried and convoluted schedule change only passed by two measly votes-- a testament to the fact that most middle school teachers do not want the schedule to change. Since it's 'passing', several teachers at my school site have requested their walking papers. We absolutely cannot allow such a disputed and contentious vote for a misguided and wildly inequitable schedule change to let more of our teaching staff go to the wayside! I sincerely believe that this schedule change will be enormously detrimental to our students.

I protest the results of this vote, the schedule itself, and urge the district, cabinet, and board to reject all of it until a fair and truly equitable resolution can be found.

Comments:

Hello board and superintendent, I am noticing that as a part of the senior class of 2023, we do not agree with the upcoming plans for our graduation. Past years, graduates were on the field and parents were on the bleachers and we want it to stay that way. I understand that there are some students who can't walk up stairs but please build a ramp so that we can all graduate properly. Hear our voices!

Comments:

To the esteemed Board Members of the South San Francisco Unified School District , President Hsieh, and Vice President Murray, my name is Anthony Anderson, and I am a senior from El Camino High School. Today, I write to you to advocate on behalf of many El Camino Seniors regarding our graduation ceremony. As you may know, El Camino I has decided to hold the ceremony on the bleachers of our football field instead of having a stage due to accessibility issues faced by some of our students who would not be able to physically cross the stage. However, I strongly believe that every high school senior should have the opportunity to participate fully in their graduation ceremony, while having their physical abilities be met.

High School Graduation is an incredibly significant event in the lives of anyone who has ever graduated high school. It is crucial that we ensure all students, regardless of their physical limitations, can participate in this momentous occasion. I urge the district to allocate the remaining funds to make necessary accommodations such as installing temporary wheelchair ramps, providing accessible seating areas on the field, or ensuring adequate space for students with disabilities, to participate in the tradition of crossing the stage

If we fail to take these measures, we risk excluding many families from witnessing their child's most significant milestone to date.

I urge the district to prioritize accessibility and inclusivity by making the necessary accommodations to ensure that all students can participate wholeheartedly in their graduation ceremony without compromise.

Comments:

There has been a lack of communication between staff and the wishes of the graduating class at El Camino High School. We feel underwhelmed and disappointed by the change being made to our ceremony and find that the change in seating is unfair to us and our guests. How can we expect family members to see us graduate when they are seated on the other side of the field, especially older relatives who may be visually impaired or disabled? We have worked hard for four years just to be given the bare minimum that we can barely call a ceremony anymore. How would you feel if you had to spend your last day every of high school on the bleachers where the guests have always sat? We are not guests, we are the ones everyone came to see. And ironically, they won't even see us.

We would like to bring to your attention the increasing frustration of students and their families regarding the issue of bad seating during graduation ceremonies. It is disheartening to see how students, who have worked hard and achieved significant milestones, are not given the opportunity to celebrate their accomplishments with dignity and comfort. We understand that organizing large-scale events can be challenging, but seating arrangements should be prioritized to ensure that everyone has a fair chance to view and participate in the ceremony.

We urge the school district to review and improve the current seating plan, taking into consideration the needs and concerns of students and their families. Perhaps additional seating arrangements could be added, or the layout could be adjusted to provide better visibility and access. By addressing this issue, the school district can demonstrate its commitment to creating a positive and inclusive environment for all students.

El Camino High School faculty and the wishes of the graduating class have not been adequately communicated with. We view the adjustment in seating to be unfair to both us and our guests, and we are unimpressed and dismayed by the change being made to our ceremony. How can we expect our relatives, especially our elderly relatives who may be visually impaired or handicapped, to watch us graduate while they are situated on the opposite side of the field? We have labored arduously for four years simply to receive the bare minimum, which we no longer even qualify as a ceremony. Our guests who are attending won't be able to see us, in our one moment students and families have been waiting for 13 years. How would you feel if you had to sit in the bleachers where the visitors have always sat on your last day of high school? We are the ones that everyone came to see; we are not the guests. Ironically enough, they won't even notice us. Also THE PICTURES R GONNA BE TERRIBLE???? How is the choir and national anthem solist supposed to perform in these conditions.

I am writing on behalf of the frustrated students who are concerned about the bad seating arrangements for graduation. Many students have expressed their frustration about the lack of consideration given to the seating arrangements, which is causing discomfort and inconvenience during the ceremony.

It is essential to understand that graduation is a significant event in the lives of the students, and the seating arrangements should be suitable and comfortable. It is unfair that students are being forced to endure bad seating when they have worked hard to reach this milestone.

We urge you to take swift action to address this issue and ensure that appropriate seating arrangements are made for graduation. The students deserve to have a comfortable and enjoyable graduation experience.

Comments:

I am writing on behalf of the frustrated students who are concerned about the bad seating arrangements for graduation. Many students have expressed their frustration about the lack of consideration given to the seating arrangements, which is causing discomfort and inconvenience during the ceremony.

It is essential to understand that graduation is a significant event in the lives of the students, and the seating arrangements should be suitable and comfortable. It is unfair that students are being forced to endure bad seating when they have worked hard to reach this milestone.

We urge you to take swift action to address this issue and ensure that appropriate seating arrangements are made for graduation. The students deserve to have a comfortable and enjoyable graduation experience.

Comments:

Dear School District, I write on behalf of many frustrated students who have expressed their disappointment and dissatisfaction with the bad seating arrangement for graduation. Graduation is a significant milestone in every student's life, and we all look forward to celebrating it with family and friends. However, the current seating arrangement is causing undue stress and frustration, making it difficult for us to enjoy this momentous occasion. The cramped seating arrangement and lack of proper organization have left many of us struggling to find a good view or a comfortable spot. We implore you to consider our concerns and make the necessary adjustments to ensure that every student can fully participate in this important event. Please provide better seating options, more space, and proper organization to make graduation a memorable and enjoyable experience for all. Thank you for your attention to this matter

Comments:

In terms of the graduation for the ECHS, the students find the way that things are being handled unfair and frankly very disappointing. Not only will our friends and family attending not be able to see us where we are seated on the BLEACHERS, our seating complicates matters during the ceremony that otherwise would have been much more simple. For example, the seniors in choir will have to walk all the way around the fence multiple just to make it to their spots with their choir, creating an awkward transition that has created a problem that didn't exist in the past. This makes things stressful for the students who are not supposed to have work anymore and their teacher directing them. Had our seating been on the field AS IT HAS CONSISTENTLY IN THE PAST, this would not be an issue. And that's just the tip of the iceberg

I am writing to express the deep concern and frustration of the graduating class regarding the seating arrangements for the upcoming graduation ceremony. It has come to our attention that many students have been assigned to seats with obstructed views or uncomfortable seating arrangements, which greatly diminishes the experience of the ceremony.

As students, we have worked tirelessly throughout our academic careers to reach this milestone, and it is disappointing to have our celebration marred by poor seating. We urge the school district to reconsider the current seating arrangements and provide equal and fair seating to all graduating students.

We understand that planning a graduation ceremony can be challenging, but we believe that our hard work deserves to be recognized with adequate and appropriate seating arrangements. We hope that you will take our concerns into consideration and make the necessary adjustments to ensure that all students have an enjoyable and memorable graduation ceremony.

There has been a lack of communication between staff and the wishes of the graduating class at El Camino High School. We feel underwhelmed and disappointed by the change being made to our ceremony and find that the change in seating is unfair to us and our guests. How can we expect family members to see us graduate when they are seated on the other side of the field, especially older relatives who may be visually impaired or disabled? We have worked hard for four years just to be given the bare minimum that we can barely call a ceremony anymore. How would you feel if you had to spend your last day every of high school on the bleachers where the guests have always sat? We are not guests, we are the ones everyone came to see. And ironically, they won't even see us.

Comments:

People should be treated equally wether or not they are disabled. Even though this student might think that there isn't a way to get to the stage, the simple answer is to build a ramp instead of stairs walking up to the stage. We should definitely be allowed to have a stage for our graduation. We didn't work hard all 4 years not to have the ceremony we deserve. It is not fair that one student gets to have it their way and everyone else suffers. Why can't the school come together and build a ramp for this student so everyone can have their graduation the way it should be. Things can be made accessible for people in wheelchairs without changing the stage for others to walk up and get their diplomas. PLEASE DO NOT TAKE THIS AWAY FROM THE SENIOR CLASS WE DESERVE TO WALK ACROSS THE STAGE LIKE EVERY CLASS BEFORE US!! SHAME ON YOU SCHOOL BOARD FOR EVEN QUESTIONING THIS!!!

There has been little communication about the wishes of the graduating class at El Camino High School. High School Graduation is an incredibly significant event in the lives of anyone who has ever graduated high school. It is crucial that we ensure all students and guests, regardless of their limitations, can participate in this momentous occasion. I urge the district to allocate the remaining funds to make these necessary accommodations.

Many families risk the disappointment of not being able to see their child walk across the stage and receive their diploma because they were unable to secure a good seat. We demonstrate our commitment to creating an inclusive and supportive environment for all members to witness this ceremony, which is not even a ceremony at this point.

I urge the district to prioritize accessibility and inclusivity by making the necessary accommodations to ensure that everyone can participate wholeheartedly in their graduation ceremony without compromise.

You guys gotta fix this stuff with El Camino's graduation stuff. why not actually spend your money you got from Governor Newsome instead of giving yourself an increase in your pay and actually use it on something useful for once. These kids have been working incredibly hard for the past 4 years and they can't even get what they've achieved for? This doesn't even sound like a ceremony. As a disabled parent, I have to be there at 10 am just so I can get a good enough seat to see my kid graduate, and many other families might not even be able to do so. DO YOUR PART AND HELP THESE KIDS NOW!

The of communication and preparation for the class of 23" between staff and students. As a graduating senior of 2023 I feel disappointed with how messy and unprepared the walk through for graduation was. The seating arrangement seems unfair and safety hazard. Students who wear heels or any type of similar shoe wear will have trouble getting on and off the bleachers. Other than that students prone to tripping on each other. Another issue is we have students with disabilities and it's even harder if not possible to get on and off bleachers. We worked so hard for 4 years and suddenly the school break the tradition of students sitting in the field. Another issue is rumors of our stage not being up to par such as having no stage, and that the stage wont be as good as previous years.

As a student of the graduating class of ECHS, it is disappointing and humiliating to know that we will be seated on the bleachers rather than the field. In previous years this has never been an issue, even the ones that have been compromised by COVID-19. We have already experienced a difficult year missing the end of our freshman year and our entire sophomore year. We do not want our efforts at this school as well as our elementary and middle school years to be downplayed by our last ceremony. This is something we have been looking forward to for so long and the frustration we feel is immense. We have been given the excuse that we will have more guests this way, but that doesn't even matter when the guests will not be able to see us. There is a lack of accommodation for both ourselves and our guests.

Comments:

Hello to whom this may concern. I would like to bring to the discussion concerning the El Camino High school class of 2023 graduation ceremony. As you are aware we were told that we wouldn't have a stage for us to walk on during the ceremony. The class of 2023 has worked so hard during our high school years, through Covid and adjusting coming back to school and we deserve to have a stage to walk through to celebrate. The reason we need a stage is not only to walk on but it represents our accomplishments, saying farewell to our class who we've known for 4+ years and the start of our future. Besides what the stage would mean for us, what about our loved ones that plan on coming to our ceremony? They've also been waiting for us to graduate since we were born, they waited for us to graduate on that stage, not on the bleachers. Additionally either way the guests would still see us from afar no matter which place they sit. I would propose that the guests sit a few feet behind the graduates and/or the bleachers so there's more space. Also for the people who are not able to participate in the ceremony, we as a community need to offer more inclusivity because they also need to be able to celebrate with us without difficulty. So having a ramp for people will be a good inclusion to the ceremony. I hope this message has impacted your decision on preparing for the ceremony. I truly appreciate you for reading my message and have a good rest of your day.

- ☐ During the public comment section

Comments:

i don't understand why the gradation el camino high of 2023 is not experiencing the same gradation as previous years. these kids already missed out of in school learning and now you cant spend the money so that their families can see them on a stage. spend the money on the kids on some they worked hard and get the stage so we can see them. no on the bleachers where we wont be able to see anything since we will be level with them.

Comments:

i don't understand why the kids are graduating in the bleachers. these kids deserve to graduate on a stage so that their families can see them not be on the same level. spend the money and get a stage for these kids they worked hard and deserve the same recognition as previous gradating classes.

Comments:

The lack of accommodation by the faculty of ECHS in regards to the graduating class' ceremony and seating is unprofessional and very frustrating. They are not listening to our wishes and are ignoring the serious issues that come along with this pathetic excuse of a ceremony.

You're really going to have family members/guests attend a graduation where they basically have to fight to be able to see their kids???? This is these students last moment of high school, I would never want it to be under the sun, crying and knowing my family couldn't be in my last time on high school as a senior.

Graduation is a time for us to celebrate and relax and yet you're making families fight just to see their kids cross the track. Give us a ceremony, not a mile time.

Comments:

get a stage foe these kids to gradate on we should bw able to see our kids. what's the use if they are on the same viewing level as us how can we take photos or even see them. this should not even be an issue and has never been a problem before. the school district shoild already have the funds marked for this and shouldn't have been an issue

Comments:

As a student, I am thoroughly disappointed in the decision for the my class's graduation. Having guests seated on the field presents a huge accessibility issues for elderly and disabled. Furthermore, saying that the field provides for more guests shows that you're willing to throw us students under the bus for a chance to make more money. Not to mention the fact that we have students that are also disabled. It's not fair for them to endure a poorly-organized graduation nor for the students who can barely see their parents in a crowd of a thousand people. We don't need a thousand people. Listen to us. You taught us to speak up when there is a change to be made and that is what we're doing. Please make this change so I and others can graduate with ease and with those important to me.
