

Dear Parents and Guardians,

Welcome to Corinth Elementary! This syllabus outlines what your child will learn this semester and how you can support their success. As required by Texas law (Senate Bill 12), this document serves as the instructional plan and is available for your review.

What Your Child Will Learn

RESET addresses critical components from your child's grade level plan. We consider accommodations, modifications, and IEP goals to ensure mastery.

Positive Behavioral Supports

RESET creates a tailored point sheet to help your student practice and meet school-wide expectations. This point sheet is sent home daily. As a team, we will continue to monitor and communicate as your child advances to the various levels towards full independence.

Schedules shift and adapt to meet the needs of all students in the classroom.

Please click on your child's corresponding grade level for further information.

Thanks for all you do.

Ms. Rios
