CHOOSE YOUR FRS RETIREMENT PLAN

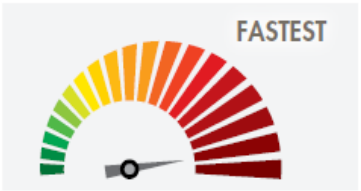

What to expect:

[New Hire Video]

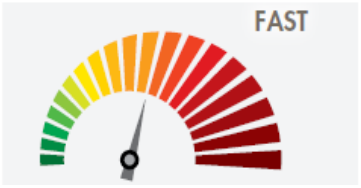

Approximately 60 days from the first contract day of employment, new employees receive an informational packet from FRS on the plan choice for retirement. Employees have eight (8) months from the first contract day to make a retirement plan choice. The Florida Retirement System (FRS) distributes a series of email reminders each month to employees who have not actively enrolled in an FRS retirement plan. The reminders are sent to the email addresses employees provided at their time of hire. If an employee does not make a choice within eight (8) months, the default retirement plan will be the Investment Plan.

Retirement plan options:	• **FRS Investment Plan** • **FRS Pension Plan**
