WHY BE THE ONE?

We believe that connections matter and meaningful relationships have the power to transform student success. By becoming a mentor, you can help strengthen a student's academic and social development while fostering a stronger connection between our schools and the community.

HOW DOES THIS PROGRAM WORK?

- **Student Selection:** Students identified as at-risk of dropping out are matched with a supportive adult mentor.
- **Mentor Role:** Mentors are either Beaumont ISD employees or community volunteers who commit to providing guidance and encouragement to students.
- **Mentor Support:** Mentors receive resources, training, and ongoing guidance from program coordinators to ensure they feel confident and prepared.
- **Mentoring Sessions:** Flexible mentoring models allow mentors and mentees to connect in ways that work best for their schedules, helping to build a meaningful relationship over time.
