Students in a home education/private tutoring program may participate in extracurricular activities, take academic courses equaling up to one quarter of the school day, and participate in a career and technical education (CTE) program, within the parameters of school board policies. These policies can be found at www.l-spioneers.org/academics/homeschooling. The procedures under which homeschooled students can participate in district programming are clearly outlined within each policy.

- 137.1 Extracurricular Participation by Home Education Students
- 137.2 Participation in Cocurricular Activities and Academic Courses by Home Education Students
- 137.3 Participation in Career and Technical Education Programs by Home Education Students

If you are interested in enrolling your child under these guidelines, please submit your request by **March 1** for the next school year. All requests must be submitted in writing, addressed to my office. Once your request is received, you will be given instructions on how to begin the enrollment process. As outlined in the policies, participation will require your child to be enrolled as a District student.

If you have any questions, please feel free to contact me.

Sincerely,

Dr. Michele Westphal

Michele B Westphal, Ed.D.
Assistant Superintendent
