

POLICY – VIDEO CAMERAS ON SCHOOL BUSES

6608

The Board authorizes the use of video cameras on District operated school buses for the purpose of reducing discipline problems, thus providing a safer environment for transportation of students. The reason for recording the transportation environment is to provide school officials, drivers and parents/guardians/custodians with documentation when dealing with inappropriate student behavior. Disciplinary action will be in accordance with policies and procedures as designated in the Student Rights and Responsibility Handbook.

The Superintendent will prepare procedures for use of video equipment on buses, the authorized review process for video, and the proper disposal of recordings.

Adopted:	October 19, 2010	North Thurston Public Schools Board of Directors
