Cloverleaf Elementary School Parent Engagement Policy

2025–2026

At Cloverleaf Elementary, we believe that a strong partnership between home and school is essential for student success. We are committed to engaging families in meaningful ways and supporting them as active participants in their child's education. Our goal is for every child to have a positive and successful learning experience, supported by ongoing collaboration between school staff, families, and the community.

To foster this partnership, we will provide a variety of opportunities throughout the school year that help families stay informed, involved, and empowered. These activities will offer guidance on understanding academic standards, curriculum expectations, assessments, and ways to support student learning at home.
