1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

In the 2024-25 school year, Prop 28 funding helped Birmingham Community Charter High School (BCCHS) grow and enhance our arts and music programs. We added 18 new class sections across visual, performing, and digital arts, including Computer Science, AP Studio Art, Advanced Tech Theatre & Acting, Strings Band & Music History, Honors Advanced Painting, Honors Film Studies, and Photography. To support our growing music program, BCCHS purchased new orchestra instruments, including violins, basses, cellos, bows, music stands, and essential supplies. We also upgraded the audio sound system in our performing arts center to improve performances and events. Our digital arts program received 22 Apple iMac 24" computers and a Mac Studio set-up, giving students access to professional tools for graphic design, animation, and video production. BCCHS remains committed to providing all students with creative learning opportunities and building a strong foundation for arts education, in line with California's standards and the goals of Prop 28.
