### **Lancer Lookout with Officer Jahns**

School is back in session!! And so are school zone speed limits!

Remember: A,B,C, it's as easy as 1,2,3

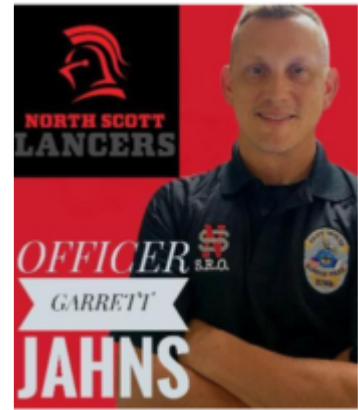

A = Acceleration: 25 miles per hour in school zones are now in effect.

B= BE the Example: Leave early, stay patient, and put the phone away.

C= Caution: You're sharing the road with kids, buses, and crossing guards. Stay focused.

1. Watch for children at crosswalks and bus stops.
2. Never pass a stopped school bus with flashing red lights.
3. No texting or scrolling while driving! HANDS FREE!

Let's work together to make this school year safe for everyone!  
This is Officer Jahns asking YOU to drive smart, drive safe, and drive like your family is on every corner.  
WELCOME BACK LANCERS!

## Travel Information

### Roadwork on 1st Street

Roadwork is taking place on 1st Street (see image attached). The contractors have another layer of asphalt to apply, which should take place the week of August 18th. Bus routes will try to avoid 1st Street. If you are a student driver, please also try to avoid 1st Street and plan ahead to allow yourself extra time to arrive at your destination on time.

The Regional Innovation Center commute throughout the day will also be altered and will take more time than the normal 3 minutes. Our teachers will be aware of students traveling to and from the R.I.C. to take attendance accordingly.

- Academic misplacement: Student is placed in the wrong level of class, has failed a class or is placed in a class without meeting the pre-requisite
- Missing an academic class or graduation requirement
- The course was already completed
- Two or more courses are scheduled during the same block and a conflict exists
- Inappropriate course load

## Drivers Education Registration Information

The [AEA Driver Education Program](#) follows the state-approved driver education guidelines. We provide 30 hours of classroom instruction and 6 hours of behind-the-wheel instruction. Included in the classroom component, students complete four hours of substance abuse education, 20 minutes on railroad crossing, information on organ donation, and instruction providing awareness about sharing the road with bicycles and motorcycles.
