#WPPROUD

WHITE PLAINS PUBLIC SCHOOLS

THE DISTRICT

The White Plains City School District has a long tradition of being recognized as one of the most forward-thinking school districts in the nation, in a community that vehemently supports public education.

Our primary emphasis is on embracing the whole child and tending to a child's overall well-being while focusing on social-emotional development, academic achievement, and civic responsibility. Our vision is to "aspire to unlock the infinite and unique potential of each student, every day." This is supported by a favorable ratio of students to professionals, as well as various programs that meet the diverse learning needs and interests of our students through enrichment, advanced course offerings, honors options, and mandated services (including Special Education and English as a New Language for eligible students).

Through grant funding and by partnering with community-based organizations as providers, the District offers Pre-Kindergarten to approximately 350 students each year. At the Kindergarten to Grade 5 level, there are five elementary schools. The District employs a Controlled Parent Choice Program, in which parent choice is one of the variables included in an algorithm used to place students in each school. The goal is to have schools that are well balanced and reflective of the diversity of the overall community. Full day Kindergarten is available in all five of the elementary schools.

There are K-5 Dual Language Programs at Church Street, George Washington and Post Road. Other innovations in recent years include an engineering program at the elementary level, Project Lead the Way LAUNCH, and the addition of Math Specialists in each building to work with students and teachers.

The configuration of all sixth graders at the Eastview Campus and seventh and eighth graders at Highlands has proven to be a very successful middle school model. This configuration better serves the needs of the students at a key transitional point in their educational journey and results in a stronger sense of community as well as an increase in academic and social emotional attention. Students at both campuses have access to many extracurricular and athletic activities.

White Plains High School, located on a 75-acre campus, with a swimming pool, modern TV studio and music recording lab, among other facilities, provides exciting and various educational and extracurricular opportunities. The school offers over 300 courses, with 73 at the Honors and Advanced Placement levels, 51 for college credit, five-year world language sequences, dual enrollment classes that lead to college credit, a Science Research program, Engineering and Computer Science courses, and many others.

At all levels, the District is committed to upholding the highest standards in all fields of study. Local as well as NYS assessments are utilized to monitor growth and achievement. Technology is used skillfully to enhance the teaching and learning experience and links students to a wealth of resources outside of the classroom. E-mail, text reminders, websites, and social media are used as communication tools between school and home. Partnerships with parents as well as community organizations are nurtured. These valued relationships make White Plains a special place for our teachers to teach and our students to learn and grow. We are #WPProud and looking forward to a new and exciting year.

PROJECTED ENROLLMENT 2025-2026

Total Projected: 6,887

Church St. School	599	Ridgeway School	594
George Washington School	599	Eastview Middle	514
Mamaroneck Ave. School	615	Highlands Middle	1,043
Post Road School	616	High School	2,176
		Alternative Programs	80
		Out-of-District	51

VISION

We aspire to unlock the infinite and unique potential of each student, every day.

MISSION

Educate and inspire all students, while nurturing their dreams, so they learn continually, think critically, pursue their aspirations and contribute to a diverse and dynamic world.

CORE BELIEFS

We believe that:

- All people have intrinsic value.
- Celebrating and embracing diversity enrich life.
- All people can learn, grow and contribute.
- Every choice matters, and that people are responsible for their choices.
- Respect, honesty and trust empower.
- When people serve the community, both the individuals and the community benefit.
- High expectations promote high achievement.

THE STRATEGIC PLAN

The District follows a Strategic Planning initiative to develop long-range plans for the future.

Community members were involved in the development of Core Beliefs, a Mission statement, Strategic Objectives and Strategies, listed below. The Board of Education accepted the Strategic Plan, as presented by the Core Planning Team, and the Superintendent made recommendations for each of the five strategies. <https://www.whiteplainspublicschools.org/Page/37>

Immediate Priorities

- Provide access to a deliberately designed, rigorous, enriched curriculum that challenges and meets the needs of each student.
- Reduce the number of chronically absent students.
- Welcome, engage and nurture relationships with our families and communities

Core Strategies

Continue to improve performance

1. Increase access to holistic wellness supports for all students so that they are ready to learn.
2. Recruit, hire and retain a diverse and talented staff.
3. Finalize, approve and implement the master facility plan and multi-year capital project.
4. Forge and sustain critical partnerships to increase opportunities available for students.
5. Publicly celebrate and highlight student and district successes.

District Professional Development will support our priorities and strategies.

BOARD OF EDUCATION

The Board is comprised of seven members, elected at large for three-year terms. It is responsible for establishing policies which govern the education of all children attending District schools, and for insuring adherence to state laws and regulations.

The Board encourages communication and invites the public to attend its meetings. Regular meetings are held at 6:30 pm on the second Monday of each month or as designated.

The 2025-26 schedule of meetings is as follows:

- Monday, September 8 Education House
- Tuesday, October 6 High School
- Monday, November 10 (7:30 pm)..... Education House
- Monday, December 8 High School
- Monday, January 12 Education House
- Monday, February 9 Education House
- Monday, February 23 (Budget) Education House
- Monday, March 9 Education House
- Monday, April 13 High School
- Monday, May 11 (Budget & Teacher Tenure)High School
- Wed., May 20 (Canvass 5:30 pm)..... Education House
- Monday, June 8 High School
- Wednesday, July 1 (Reorg. 6:30 p.m.). Education House

Additional meetings will take place on dates to be determined during the school year. Please contact the District Clerk, 422-2071, for further information.

BUDGET VOTE/ELECTIONS

On the third Tuesday in May (May 19, 2026) the public votes on the school district budget and the election of Board members. The budget is developed through a lengthy process with various opportunities for community input. The Board will adopt a proposed budget, which will be presented at a public hearing on May 11th.

Candidates for the Board must be qualified voters of the District and have lived in White Plains for one year. Petitions to be signed by at least 100 qualified voters are available from the District Clerk. They must be filed by April 29, 2026.

Residents who are registered to vote in general elections are eligible to vote, or they may register on the District's Registration Day, May 2, 2026, noon to 5 pm at Mamaroneck Avenue School. To vote in general elections, a resident may register with the Westchester County Board of Elections, 25 Quarropas Street, any time throughout the year.

Qualifications for voters are: a citizen of the United States, 18 years of age or more, a resident of White Plains for at least 30 days prior to the election.

Absentee and early ballots are available for those who will not be in the District during the voting hours and those who are disabled. Applications are available online and from the District Clerk, 914-422-2071. Elections email: elections@wpcsd.k12.ny.us

FROM THE SUPERINTENDENT

Welcome to the 2025-2026 school year! We hope you enjoyed a happy, healthy and fun summer recess and we look forward to greeting you personally in the weeks and months ahead. As the academic year progresses, please watch for messages from our schools with important updates throughout the academic year.

We have a fantastic year of learning and growing planned with an outstanding educational and extra-curricular program, as well as some exciting new initiatives. These include new courses at the High School, Dual Language improvements, K-5 Science and Engineering improvements and more. As is our tradition, we will also add to our arts programming and extracurricular and athletic offerings. In addition to improvements in our facilities, this year we will see the new addition of air conditioning in all of our schools.

As in the past, we will provide needed supports to our children so that each may grow socially and emotionally. We will continue to focus on helping every child to be successful. We strive to meet our goal of providing a welcoming environment where every student learns and practices kindness toward others. Our talented staff and supportive community all work together to accomplish our mission: to educate and inspire all students, while nurturing their dreams.

Our latest project is the new "Innovation Wing" or I-Building at the High School and we are excited to watch it rise in the coming weeks and months. We look forward to its opening in 2027.

On behalf of the Board of Education and the entire WPCSD community, I wish everyone an exciting, productive and enjoyable school year. I hope you will join with us in our commitment to providing an outstanding education with joy and fun in learning for all of our children. As always, I am just an email, or phone call, away if you wish to reach out to me. Have a great year and stay #WPProud!

Respectfully,

Joseph L. Ricca, Ed.D.

The Church Street School community takes pride in recognizing all students as learners. Our goal is to support students in reaching their potential to become self-motivated, life-long learners and contributing members of society.

At Church Street School we encourage students to take an active role in their learning. Students learn the importance of being kind, safe and responsible. We build community through various events such as school-wide morning meetings, Harvest Day and the One Book One School event.

As a school community, we work collaboratively to nurture and educate the whole child. We build on our students' strengths and support their areas of need through small group instruction and programs designed to provide interventions and enrichment. We integrate various hands-on experiences to engage students in their learning. Our garden provides students the opportunity to plant seeds in the spring and harvest vegetables in the fall. With the help of our PTA and students, we sell the vegetables at our own Farmer's Market; 100% of the proceeds are donated to a local charity. Our garden also serves as inspiration for the students in art class. Students have access to a greenhouse that serves as a resource to extend our growing season. Students also learn how to decrease their carbon footprint through their participation in the recycling program. Students sort lunch products to recycle and reduce waste. Technology is embedded in learning and our media center not only gives students access to a variety of books but also opportunities to code robots. Our goal is to provide students with a purpose for learning and make connections to real life experiences.

Parents are an integral part of our Church Street School family. A strong partnership ensures students' academic, social and emotional success at school. Through the support of our PTA, Church Street families participate in activities throughout the school year including: Family Reading Night, Multicultural Celebration, Family Picnics and trips to many interesting and educational destinations.

At Church Street School, we work as a community to help students soar to new heights!

The George Washington Elementary School is a beautiful three-story building situated on eleven acres of land. The original building, erected in 1927, has undergone two expansions to accommodate a growing population.

Our goal is to provide a solid foundation in literacy, numeracy and democracy for our Patriots. Toward that end, George Washington School offers a nurturing educational environment that supports all students on a journey towards personal excellence. Our students, in grades K through 5, are engaged in meaningful learning opportunities that encourage academic success and personal growth while preparing them to be citizens of our global society.

Our literacy approach—inquiry in Math, discovery in Science and exploration in Social Studies—is aligned with the NYS Learning Standards. Technology is embedded throughout the curriculum to further enhance and support student learning. Our Dual Language Program, available in all grades, provides an opportunity for students enrolled to become biliterate and bicultural by the end of grade five. Our Media Center provides a stimulating environment for students, teachers and parents to immerse themselves in rich literature and research.

At George Washington we believe that parent partnerships are an essential piece of the success of a student's educational journey. We are fortunate to have an active PTA with parent volunteers who are involved with enriching the educational experiences of all our students. The GWPTA coordinates community events such as International Children's Festival, the Talent Show and Family Game Night. They also fundraise throughout the year in order to provide opportunities and experiences for all grade levels such as author visits, field trips and assemblies. We welcome and encourage our families to partner with us on our students' educational journey towards excellence.

"Be a good friend, the choice is yours!" The MAS motto is proudly embodied by our students, staff and families each day as we promote the growth of the whole child with an emphasis on Social Emotional Learning, Responsive Classrooms, and, of course, FUN!

They say it takes a village - we know it takes a nation! Our "MAS Nation" benefits from an energetic and engaged PTA. The efforts of our devoted parent volunteers and generosity of our community members help make assemblies, field trips and other memory-making opportunities possible.

Our students' classroom learning experiences are enriched through activities such as Pick A Reading Partner (PARP), Math Night and our Health Fair, among many other exciting and educational assemblies, field trips and school-wide activities. Fun traditions new and old are hosted throughout the year, from our "welcome back" party in the fall and Spooktacular in October, to our springtime Family Picnic and end-of-year Carnival for students.

We believe strongly in creating meaningful and collaborative relationships with our students and their families. Values such as perseverance, empathy, honesty and kindness are celebrated as we recognize our Citizens of the Month throughout the year. Our Fifth Grade Safety Patrol promotes responsibility and role modeling, along with intra-grade friendship and respect.

Post Road is a beautiful facility, which boasts “green” features such as geothermal heating and cooling systems, extensive use of day lighting, and a green roof. We are proud to be a “We Future Cycle” school focused on waste reduction and recycling after meals. Our lab state-of-the-art theater, Library Media Center, and computer lab bustle with activity. Our classrooms are equipped with interactive Ben Q boards and iPads for every student, which enhance teaching and learning experiences. We support diverse learners, including those with special needs through an inclusive approach and support multilingual learners in our Dual Language Program, with the goal of students graduating as bilingual, biliterate and bicultural.

At Post Road, students, staff and families are proud members of an active learning community. We view ourselves as lifelong learners and engage the children in experiences that generate enthusiasm for learning. Our caring community understands the foundation for learning begins with strong relationships with students and their families. We believe every child can learn and succeed; we strive to unlock the potential of every child, every day. We encourage our Post Road champions to approach challenges they face with a growth mindset and to accept mistakes as opportunities to learn. We teach our students to develop agency when it comes to their learning, become responsible members of our school and contribute to the community at large. By participating in our annual SOUPer Bowl, which supports our food pantry, The Post Road Market, students make a difference for families experiencing food insecurity. Through all-school community meetings, our students learn important values and habits of mind, such as being a good friend and the importance of respect. Everyone is valued, accepted, and celebrated for who they are and we promote kindness and a safe place to learn with two simple rules, “our words are kind and our hands are for helping.”

Our PTA is an active, vibrant organization that welcomes new members. Through its outstanding efforts, students benefit from a variety of PTA-sponsored educational experiences, such as cultural events, assembly programs, author visits and field trips. Grants are awarded to teachers to extend the curriculum in meaningful ways and it is our strong partnership with the PTA which affords us the opportunity to establish newer traditions, such as our One School One Book initiative, and sustain longstanding ones, such as the senior trip to Nature’s Classroom, spanning more than three decades.

Post Road is a caring, nurturing, respectful, child-centered learning environment. The Responsive Classroom Approach, coupled with the practice of circles, fosters a sense of community in each classroom and throughout our school. We invite you to visit our school to witness a joyful and exciting place to learn like a champion!

Ridgeway Elementary School nurtures children's intellectual, moral and ethical development by building a community guided by the principles and practices of Responsive Classroom. We work to engage our students in activities that are reflective and provide a restorative approach to building relationships. We understand and support the role of students as active participants in their own learning.

Our goal is to foster literacy development and create a love for learning. We offer an inquiry-based, hands-on experience in mathematics, science, and social studies. We encourage children to develop as critical and creative thinkers. As they are exposed to the various types of arts, we invite them to participate in classrooms where they learn to perform and read music on their own and play in ensemble. Students grow as unique individuals as they synthesize abstract ideas into original visual art creations. We utilize a variety of resources such as iPads and BenQ (tech boards) as we teach students to become critical thinkers and inclusive citizens of our world.

We believe in educating the whole child. In addition to art, music and physical education, our students are enriched by numerous activities. Ridgeway's faculty and parents support various community events, such as American Education Week, College and Career Day, Read Across America Day, Global Dinner, Grandparents Day, Wellness Week, musical performances, assemblies, and class trips. We fully embrace parents in their child's education and rely on parent engagement and community partnerships.

WHITE PLAINS MIDDLE SCHOOL

“One School ... Two Campuses”

White Plains Middle School serves students on two campuses. Eastview is our Grade 6 Campus and the Highlands Campus is home to our 7th and 8th grade students.

Both Eastview and Highlands are organized using interdisciplinary teams at each grade level. As a basis for social-emotional development and learning, teams provide a nurturing, supportive environment to meet the needs of each student.

Eastview’s schedule runs on A-F letter days. Highlands runs on an alternating day schedule with days labeled “M” or “S”. Each school day is composed of nine, forty-two minute periods.

The AVID program is available at both campuses. Regents level mathematics courses are available to qualified students in grades 7 and 8. A wide variety of extracurricular activities is available at both campuses.

White Plains High School, located on a beautiful 75-acre campus, offers over 300 courses to ninth through twelfth graders. The District takes great pride in the school's rich diversity, unique breadth of educational opportunity, impressive facilities, and highly qualified staff. The school is committed to providing a challenging academic program and an enriching co-curricular program for all of its students.

The essences of White Plains High School is embodied in the District's mission statement: "to educate and inspire all students, while nurturing their dreams, so they learn continually, think critically, pursue their aspirations and contribute to a diverse and dynamic world."

From Honors and Advanced Placement courses in all academic subjects, dual enrollment courses, noteworthy electives, and excellent business and technology courses, the quality of the school's programs is reflected each year in the honors and awards achieved by individual students, teams and groups. Extracurricular programs include more than 60 athletic clubs, award-winning literary publications, performing arts groups, and over 50 athletic teams.

Our facilities include a state-of-the-art media center, science wing and a food court style cafeteria. The high school houses an auditorium and little theatre, PLTW classrooms, music technology lab, a photo lab with darkroom, extensive technology and training centers, two gyms and two fitness centers, 12 athletic fields including 2 artificial turf fields, one with a stadium and an eight-lane track, 11 tennis courts, a Project Adventure ropes course, and an indoor swimming and diving facility. In Summer 2025 the school will be undergoing a multi-million-dollar expansion including CTE and Fine Arts spaces which will feature a student art gallery and dance studio.

 Nathalie Forbes Office Manager
 nathalieforbes@wpcsd.k12.ny.us

Rochambeau, founded in 1971, offers an academic alternative to White Plains High School students. This school affords ninth through twelfth graders an individualized approach to an array of academics, including college preparatory courses.

Each year, the Rochambeau Alternative High School's nurturing and supportive approach helps guide more than 150 young people who might otherwise have been "lost" in a traditional school setting. Often students who are overwhelmed or overlooked in a larger setting flourish in this smaller, more personal atmosphere. At Rochambeau, the accent is always on a community atmosphere where the entire staff works together to promote the success of each child.

Students may expand their educational opportunities by taking courses at White Plains High School as well as take part in High School extracurricular activities and athletic teams. We are also fortunate to have a division of the White Plains Youth Bureau housed in our building, providing additional support in the areas of employment, the college process and character education.

In addition, we have two distinctive programs that serve under our organizational unit of Alternative Programs. The Community School and TASC Programs designed to meet each student's academic, social, and/or emotional needs.

Our mission is to provide a dynamic educational environment which

- reflects and respects individual differences and cultural diversity
- challenges all students to achieve a high level of academic success
- nurtures talent
- creates opportunities for the development of responsible and productive citizens

WHITE PLAINS PTA COUNCIL

wpptacouncil@gmail.com

PTA Council is the coordinating body and forum for the White Plains Public School PTAs. Its members are the Council officers, committee chairpersons, PTA presidents and council delegates from each school. The Council meets once a month to exchange ideas and concerns with one another, with the Superintendent of Schools and with members of the administration, Board of Education and staff, and to discuss and act on districtwide issues. The schedule for these open meetings is listed in this calendar.

(Election of new officers will take place in September)

EXECUTIVE COMMITTEE

Donna Keane..... Co-President

GENERAL INFORMATION AND POLICIES

ATTENDANCE

In the elementary and middle schools, a written excuse signed by the parent is required following any absence or tardiness. Written excuses also are necessary for dismissal of a child before regular closing time. Excused and unexcused absences are defined in a policy that is distributed to all parents at the start of the school year.

Parents are required to telephone the school if a child will be absent. Check with the school for the appropriate number to call.

The school office must be notified if anyone other than a parent or guardian is to pick up a child for either early or regular dismissal.

At White Plains High School, following an absence, the student should bring a note or letter signed by a parent or guardian. The note or letter must include the student's name, the date(s) of absence, reason for the absence, and the parent's/guardian's signature. High School students whose absences are excused are responsible to make up work missed.

Secondary school parents and students will be informed about specific attendance policies that pertain to their schools.

A summary of the Attendance Policy is enclosed in the calendar mailing.

CODE OF CONDUCT

In keeping with requirements of the Project SAVE legislation (Safe Schools Against Violence in Education Act) enacted by the State, the Board of Education adopted a Code of Conduct in June of 2001. The Code was developed around the belief that a dynamic educational environment is one that creates opportunities for the development of responsible and productive citizens, where everyone is treated with respect and dignity, and where decisions are based solely on what works best for students.

The District has a long history of high expectations for acceptable behavior and this comprehensive document incorporates and expands upon many of the policies and programs that have been in use in the District for some time. It was designed around six core principles that govern its implementation:

- A safe and orderly school environment is essential to learning.
- Students, staff and visitors will be held responsible for their own actions.
- Home/school partnerships are critical to success.
- School rules and their implementation should be fair, just and reflect an anti-bias mindset.
- Progressive consequences and restorative justice provide opportunities for students to learn from their mistakes.
- Respect must be given for each person's unique needs.

The document has been updated to insure compliance with the Dignity for All Students Act and includes Rights and Responsibilities, Dress Code, Student Conduct, Reporting of Violations, Student Disciplinary Penalties, Procedures and Referrals, Discipline of Students with Disabilities, Corporal Punishment, Student Searches and Interrogations, and Public Conduct on School Property.

A copy of the full Code is available on the District website or from the office of the Assistant Superintendent for Special Education and Pupil Services, 422-2034.

Drug Policy

The Board of Education policy and administrative regulations regarding drugs reflect a concern for all students. They provide a framework to promote healthy life styles for students and staff in order to prevent the use/abuse of tobacco, alcohol and controlled substances.

The policy covers possession and use/abuse of tobacco, alcohol and illegal drugs. It expressly prohibits the carrying, possession, use, purveyance, or placement anywhere on Board-owned premises of any dangerous drugs or implements associated with their use as defined in New York State Penal Law. The same prohibition applies to school-sponsored activities.

Administrative regulations aim to secure any help

which may be needed by an individual student or staff member. The policy provides for suspension where warranted.

Dignity For All Students Act

Following enactment of this Statewide legislation, the District adopted a policy relating to Dignity For All Students Act (DASA). In White Plains, all forms of discrimination, harassment, hazing and/or bullying are strictly prohibited. Instruction concerning awareness and sensitivity to these issues is included in the K-12 program. Students, parents and staff who observe bullying behavior are expected to report such incidents. If appropriate, disciplinary action will be taken by the administration in accordance with the District's Code of Conduct.

A copy of the complete policy is posted on the District website, along with a bullying complaint form.

CODE OF ETHICS, GIFTS

A Code of Ethics, adopted by the Board of Education, sets forth the standards of conduct expected of members and employees. The Code deals with conflict of interest, private employment, disclosure of interest in legislation, confidential information, and other matters. Copies of the Code of Ethics are available at the Board of Education offices, 5 Homestead Lane.

The administration also has adopted a policy of discouraging the collection of money or giving of gifts to teachers and other staff members. Items of little value or items made by students are appropriate.

FAMILY INFORMATION CENTER

The Family Information Center is a resource for families whose children attend our schools and for individuals who are thinking of moving to White Plains. Staff provide information on the school district and the Controlled Parents' Choice Program and assist families in the District with school-related questions or concerns. All new entrants to the District enroll here. (See Registration section.)

The Center (914-422-2038) is open year round. The office is closed from 12-1 pm. The primary entrance is located at 17 Amherst Place.

FOOD AND NUTRITION PROGRAM

Students in the White Plains City School District receive breakfast and lunch meals free of charge. Breakfast meals will be "Grab & Go" to the classroom and are available as students enter school or on the cafeteria serving line.

Although all meals are free, student ID cards are issued to track and count meals. Students grades K-5, receive a "bus pass", to be secured to the backpack to access grab & go breakfast upon entering school. A student ID card

is issued to the student, in class, to access lunch meals. Students in grades 6 - 12 are encouraged to use their issued student ID card in the cafeteria but may also enter their student ID number. Funds can be added to student lunch accounts, online, through www.myschoolbucks.com, for 2nd meals or a la carte snack purchases. We encourage a "cashless" cafeteria to increase speed of service, but accept cash and checks made payable to WPCSD Food & Nutrition.

All WPCSD families are encouraged to complete a Household Income Benefit Eligibility Form (formerly school meals application). A new form must be completed each year, after July 1. Completing this form is vital for obtaining district-wide educational programs including, but not limited to grants, funding, and other benefits such as waived test fees, reduced instrument pricing and internet connectivity assistance. The form is available online at www.myschoolapps.com.

Monthly menus are available online at schools.mealviewer.com to assist students and parents with meal planning. Menus include a variety of hot and cold entrées, featuring student favorites, along with a variety of fresh, local New York State fruits and vegetables, with every meal. Healthy snack choices are available as an a la carte purchase.

Allergies? The Food & Nutrition Department will work with parents, medical providers, school nurses, and a Registered Dietitian to develop a modified menu for your student.

For more information, please visit the Food & Nutrition Office page on the WPCSD website: <https://www.whiteplainspublicschools.org/district-offices/food-services>

Questions or comments? Please call the Food & Nutrition Office at 914-422-2054. (Se habla Español)

Dawn McGinn, Food & Nutrition Program Director
Milagros Vargas, Sr. Clerk & Office Manager

FRIENDS OF WHITE PLAINS PUBLIC SCHOOLS

The Friends of White Plains Public Schools, now in its 29th year, is dedicated to supporting the White Plains Public Schools by funding academic and cultural enrichment programs and projects not included in the District's budget and by encouraging greater involvement in and support for the schools by alumni, parents, and the community.

The Friends have donated more than \$600,000 to over 230 projects and activities that have enriched the educational experiences of thousands of students in all District schools. In the 2024-25 school year the Friends made 15 grants, including Beyond Broadway Dancing for all 5th graders, nature, art and reading programs in elementary schools, access to professional theater performances for high school students, and a Philadelphia educational and performance weekend trip for the high school band and orchestra.

The Friends welcomes grant requests from teachers, principals, subject area coordinators and staff. The Friends, a 501c3 non-profit organization run entirely by volunteers, relies on contributions from parents, residents of White Plains, local businesses, and foundations. For more information and to donate, visit www.FriendsofWPPS.org or call 860-4945.

HEALTH

New York State mandates and Board of Education policies regarding immunizations must be met prior to a child being admitted to school. More specific information may be obtained from the Family Information Center, 914-422-2038, or the Office of Medical and Health Services, 914-422-2011.

State Education Law requires a physical examination for children entering grades PreK, K, 1, 3, 5, 7, 9 and 11, and for new entrants to the school district. As of July 2018, all physical exams must be on the state-approved form. Please send a copy of the physical exam to the School Nurse as soon as it

is completed. Results of state-mandated health screenings will be sent to parents/guardians if follow-up with a physician is necessary. A certificate of dental examination is requested as well. If your child has a serious medical condition or allergy, please discuss this with the School Nurse at the beginning of the school year.

Requests for the administration of any type of medication must go through the School Nurse. An Administration of Medication form must be signed by a parent/guardian and the prescribing physician. This medication should be provided in a labeled container with the student's name on it. This includes Epinephrine Auto Injectors, Asthma Inhalers, Insulin, and Glucagon.

Parents are requested to notify the School Nurse if their child develops a contagious disease. A physician's note is required when the child returns to school stating he/she is no longer contagious.

The Board of Education requires a physical examination prior to participation in interscholastic sports. This exam may be performed by the student's own physician or by a school physician. Private physician exams must be submitted on the state-approved forms. These exams are valid for 12 consecutive months. Highlands and High School students who wish to play interscholastic sports must register on **Family ID** and submit required documentation through the program. Instructions may be found on the Athletic and Health Services websites. <https://www.familyid.com/pages/home>.

Blank Physical Examination forms and Administration of Medication forms may be obtained from the Office of Medical and Health Services, Family Information Center or the School Nurse. All school district health-related forms are available and may be printed from the District website, www.whiteplainspublicschools.org.

Student health information is confidential and will not be shared with others unless it is necessary for the health and safety of the child.

HUMAN RESOURCES

The Human Resources Department has responsibility for all issues related to the personnel area involving teachers, administrators, managers, substitutes, and Civil Service staff members. All aspects of recruitment, hiring, fingerprinting, and health benefits are coordinated by the department. The recruiting and interviewing process is open and inclusive, and every attempt is made to involve staff and parents on interviewing committees for administrative and teaching positions.

In addition, the department coordinates employment decisions regarding tenure and permanent status for staff members. Stringent tenure standards are maintained, with the goal of awarding tenure to teachers who have demonstrated a superior level of knowledge, skills and professional commitment.

The District also sponsors various programs for professional growth and development and supports the Staff Development Center located at 350 Main Street.

Information about employment opportunities within the White Plains City School District may be found on the Human Resources portion of the District's website.

NONDISCRIMINATION POLICIES

In compliance with federal and NY State requirements, the Board of Education of the White Plains City School District and its officers and employees shall not discriminate

against any student, employee or applicant on the basis of age, race, creed, color, national origin, sexual orientation, military status, sex, disability, religion, or marital status.

Any individual who believes that his or her employment rights have been violated may file a charge of discrimination with the United States Equal Employment Opportunity Commission. Any student who believes that his or her educational opportunities have been violated may make inquiries or complaints to the Title IX on Section 504 Coordinator for the White Plains City School District, 5 Homeside Lane, White Plains, New York 10605, 914-422-2000.

Individuals who need auxiliary aids for effective communication or reasonable accommodations to participate and benefit equally from programs and services are invited to make their needs known to the Section 504 Coordinator for the White Plains City School District, 5 Homeside Lane, White Plains, New York 10605, 914-422-2000. Parents desiring auxiliary aids or reasonable accommodations to attend school events involving their child(ren) shall make such requests no later than two (2) weeks prior to the event.

POLICIES AND REGULATIONS

Board policies and regulations are available at each school and Education House. These are matters of public record and any interested citizen may peruse them. The books themselves, however, must remain within the building.

PTA

PTA is an active and enthusiastic partner in the educational system in White Plains. Each school in the District is supported by a PTA unit which provides, among other things: family-oriented activities, assembly programs, lunchtime enrichment activities, in-school volunteers, parent education and support programs. These and other activities are financed through membership dues and fundraising activities conducted by the PTAs.

The White Plains Special Needs PTA Committee, an arm of the PTA Council, is open to any parent, administrator, teacher, student, or person who is interested in Special Education issues and advocacy.

PUPIL SERVICES

Pupil Services are specialized social, emotional, medical and educational services, which help a child have a successful and rewarding school experience. Professional assistance and support are provided to students, their families and staff in the following areas: guidance and counseling, health services, special education services, and homebound instruction.

REGISTRATION

All new entrants register at the Family Information Center located at 17 Amherst Place or online on the Family Information Center's website.

Kindergarten students for 2026-2027 must be five years old on or before December 31, 2026. Children eligible for kindergarten in September 2026, must register at the Family Information Center, in accordance with the procedures established as part of the Controlled Parents' Choice Program.

Learn about registration requirements at www.whiteplainspublicschools.org/registrations.

REPORT CARDS/PARENT CONFERENCES

Report cards are issued three times a year for all students from kindergarten through fifth grade and four times a year for Middle School through High School. Elementary report cards are sent home with students. Middle and High School report cards are mailed home and posted in the online Parent Portal.

Parent/Teacher conferences are scheduled twice during the year, both in the afternoon and evening, for students at the elementary level. In addition, parents may request a conference as needed at any level.

RESIDENCE

According to State Education Law, a child's legal school district residence generally is considered to be the legal residence of the parent, unless there is evidence that the parent has relinquished parental control.

Questions of residence for children who do not reside with their parents, and who have not been placed in a foster home by a recognized social service agency, should be referred to the Family Information Center. The school district is vigorous in its pursuit of nonresident students and will seek tuition reimbursement from families who illegally send their children to schools in White Plains.

SCHOOL INFORMATION

Families are encouraged to sign up to receive email and phone messages from the District and the schools. ParentSquare is the communication system used to send announcements and attendance calls (grades 6-12). ParentSquare can call cell phone numbers, send email and/or text messages, and has a convenient app. You may update your phone and email contact information in the Infinite Campus Parent Portal.

Through the Parent Portal in Infinite Campus, parents have access to the following information about their children: Attendance, Student Schedule, Immunizations, State Exams, Grades, Progress Reports, and Report Cards.

Access information, directions and help for both ParentSquare and Parent Portal can be found on the District website, www.whiteplainspublicschools.org.

SCHOOL RESOURCE OFFICERS

The White Plains Public School District utilizes the nationally-accepted, proactive program of School Resource Officers in our schools. In this program, White Plains police officers work in our schools to help deal with the pressures facing today's youth.

There are two School Resource Officers, in cooperation with the City, and funded by the School District. One is located at the High School and Rochambeau School and the other is shared by the two campuses of the Middle School and other schools as needed.

The SROs are involved in a variety of functions geared toward prevention of problems and can answer questions from students, parents and staff. The officers have positive relationships with students and staff and often informally counsel our students. They serve to maintain a safe school climate and to foster cooperative relationships between the schools and the police. The SROs are also resources for parents, faculty and the administration.

SPECIAL EDUCATION

Special Education services are provided to students who are residents or students who attend private schools within the White Plains Public School District boundaries* and have been identified as having a disability by either the Committee on Preschool Special Education (CPSE) or the Committee on Special Education (CSE). The CPSE serves students three and four years of age and the CSE serves students who are kindergarten-eligible through high school graduation or twenty-two years of age, whichever comes first. A referral for initial evaluation may be made in writing for students suspected of having an educational disability by:

a student's parent or person in parental relationship; a designee of the school district in which the student resides, or the public school district the student legally attends or is eligible to attend; the commissioner or designee of a public agency with responsibility for the education of the

student; or a designee of an education program affiliated with a child care institution, or a licensed physician; or a judicial officer; or a student who is 18 years of age or older.

Once a child is classified, an Individual Education Program (IEP) is developed and reviewed at least annually by the CPSE or the CSE. Re-evaluation reviews are conducted on at least a three-year basis.

The District is committed to providing educational services to students who are classified in the least restrictive environment and offers a full continuum of special education programs and services which include, but are not limited to, the following: speech/language, occupational therapy, physical therapy, counseling services, resource room, consultant teacher, integrated co-teaching, special classes in and out of district, and home instruction.

Students classified by the CSE are provided equal opportunity to participate in all instructional services and extracurricular activities, sponsored by the school district.

Concerns about a child's possible need for special education supports or services should first be discussed with the child's teachers and/or other professional staff members in the child's school. For further information about the CPSE referral process, please call 914-422-2435; for the CSE process, please call 914-422-2037. The Special Needs Committee of the PTA provides additional opportunities for parental support and information.

Under Chapter 378 of the Laws of 2007, the White Plains City School District is responsible, upon request, for individual evaluations, conducting the Committee on Special Education (CSE) meetings, developing Individualized Education Services Programs (IESPs) and providing special education services to students with disabilities who are parentally placed in non-public schools within our district boundaries.

The Board of Education of the White Plains City School District does not discriminate in the educational programs and activities which it operates as per the requirements of the Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973. If you are aware of a child who might have a disability that may require special education services or accommodations in order to access our educational and/or extracurricular programs contact Assistant Superintendent for Special Education & Pupil Services, 914-422-2034.

STUDENT ASSIGNMENT

The assignment of incoming kindergartners is governed by the rules of the Controlled Parents' Choice Program, an assignment procedure established in 1988 by the Board of Education. An Assignment Manual, available at the Family Information Center, describes the details of the program.

The procedures and rules are also described in the Manual.

Staff at the Family Information Center, 914-422-2038, are happy to answer any questions about the District's placement policy.

STUDENT RECORDS AND PHOTOS

Under the Family Education Rights and Privacy Act of 1974, parents or guardians of a student under 18 may inspect their children's school records, including material that is incorporated into each student's cumulative record folder. The law grants a similar right to students 18 or older to inspect their own records. Applications to inspect or review records must be made in writing to the building principal.

The law also enables parents to seek amendment of student education records that they believe to be inaccurate, misleading or otherwise in violation of the student's privacy rights. If the District decides not to amend the record as requested, the parent or adult student will be notified of the decision and advised of the hearing procedure to challenge the contents of a child's school records.

The Act provides parents with the right to consent to disclosures of personally identifiable information contained in the students' education records. Exceptions permitting disclosure of personally identifiable information without parental consent include disclosure to school employees, officials and certain State and Federal officials who have a legitimate educational need to access such records. In addition, the District will, upon request of parents or adult students, or if otherwise required by law, disclose student records to officials of another school district in which a student seeks to enroll.

The District may also release "directory information" without parental consent. "Directory information" includes students' names, parents' names, addresses, participation in school activities or sports, weight and height of members of athletic teams, dates of attendance, and degrees and awards received. The release of "directory information" applies equally to military recruiters, the media, colleges and universities, and prospective employers, among others.

Parents, guardians and eligible students may choose not to allow the District to release "directory information" by notifying the Superintendent's Office in writing, 5 Homeside Lane, White Plains, New York, 10605, by October 1st of each school year. Parents of High School students will receive a separate letter regarding the release of directory information to military recruiters.

During the school year photographs may be taken and videotapes may be made of classes or activities involving various students. These photos may become public. Parents or guardians who wish their children to be excluded from such photos or videos must notify the school office in writing by October 1st of each school year. This also applies to photos which may be used on the District's website.

SUPPORT & ENRICHMENT PROGRAMS

The District offers a wide variety of programs and services to supplement or enrich the curriculum. Among these are programs such as Artists-in-Residence, English as a New Language, Learning Strategies, Dual Language, and AVID.

We offer enrichment in English Language Arts, Mathematics, and Visual Reasoning at the elementary and secondary levels as well as Project Lead the Way

Launch to all elementary students and Project Lead the Way elective courses in Engineering and Computer Science to secondary students. We offer more than 19 different Advanced Placement courses and 27 Dual Enrollment courses at the high school level that allow students to earn college credit.

We collaborate extensively with nearby universities and corporations and make the District's Cablevision Channel 77 and Verizon Channel 46 available for school related use. In addition we use social media including FaceBook as well as our website and various apps to communicate with our families.

For further information on any of the above, please check the "For Easy Reference" guide on the inside back cover of this calendar.

TESTING

Students in grades 3 through 8 take the New York State English Language Arts (ELA) Test and the New York State Math test in April-May. These tests assess the New York State Next Generation Learning Standards and include multiple choice and short answer questions and extended responses. In 2026, all students in grades 3-8 will take the computer-based form of the ELA and Math tests.

In 2026, our fifth graders will be taking the New York State Science Exam. This is an updated exam that is aligned with the New York State Science Learning standards.

English Language Learners take the New York State English as a Second Language Achievement Test (NYSESLAT) in April and May.

All high school students are required to take Regents-level exams. In addition, all eighth-grade students take the NYS Regents Exam in Earth Science and many seventh and eighth grade students take the NYS Regents Exams in Geometry and Algebra if they are enrolled in these High School level courses. Information about middle and high school testing can be found in the White Plains Middle and High School Course Booklets.

AUGUST 2026

TEST DATES FOR COLLEGE ADMISSIONS & SCHOLARSHIPS - 2025-2026

College Board Tests

HIGH SCHOOL CODE – 335955

The SAT REASONING TEST will be administered on the test dates listed below at White Plains High School, Center Number 33-994. All tests will be administered in the morning.

It is recommended that Seniors take the October, November, or December SAT REASONING TEST. It is recommended that Juniors take the March, May or June SAT REASONING TEST. Please consult the Guidance Department's website for specific information regarding the most appropriate timetable for taking these college-level tests and for information on standardized testing. Registration materials are available in the Guidance Offices in September. Students may also register on-line at www.collegeboard.org

TEST DATES	REGISTRATION DEADLINES
Oct. 4, 2025	Sept. 19, 2025
Nov. 8, 2025	Oct. 24, 2025
Dec. 6, 2025	Nov. 21, 2025
Mar. 14, 2026	Feb. 27, 2026
May 2, 2026	Apr. 17, 2026
June 6, 2026	May 22, 2026

ACT - High School: Code: 335955

The American College Test, similar to the SAT and accepted by many colleges and universities, has four parts: English, Reading, Mathematics, and Science.

The ACT will be offered at WPHS (Test Center Code 154520) on the following dates:

TEST DATES	REGISTRATION DEADLINES
Oct. 18, 2025	Sept. 12, 2025
Apr. 11, 2026	March 6, 2026
June 13, 2026	May 8, 2026

Other Important Test Dates

Oct. 22, 2025 Preliminary Scholastic Assessment Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

This test will be offered at White Plains High School. The White Plains School District will sponsor this examination for sophomores and juniors.

May 4-15, 2026 Advanced Placement (AP) Examinations

PLEASE NOTE: All students enrolled in an AP class must take the ADVANCED PLACEMENT examination. Registration and payment of fees take place at WPHS during the month of October.

IMPORTANT NOTE: It is the student's responsibility to register or apply on time for tests. Counselors are available to answer questions.

TRANSPORTATION

The Board of Education transports students in grades K-5 who reside more than 1/2 mile from their schools and students in grades 6-12 who reside more than 1 mile from their schools. As mandated by state law, students with disabilities are entitled to transportation, as specified in their IEP, to and from special classes or programs up to 50 miles from the home of such student.

Additionally, as per State Law, the District provides transportation to students attending non-public schools within the City of White Plains. Parents of private or parochial school students who desire transportation must file an application for each student by April 1 for service to begin the subsequent school year, or in the case of new residents, within 30 days of moving to White Plains. Applications are available at the schools and the District's Transportation Office and must be submitted yearly if transportation is needed. Written requests for transportation to or from a childcare location must be submitted by the parent or legal guardian no later than April 1 of each school year. To provide for the safety and welfare of students, District buses are equipped with video cameras. Parents are encouraged to support the safety practices and procedures such as: students use of seat belts; students carrying ID at all times and using it to enter and exit the bus, to ensure their whereabouts.

New for 2025-26 School Year – all Elementary Schools (Church Street, George Washington, Mamaroneck, Ridgeway and Post Road) will have the same start time of 8:40 AM and dismissal time of 3:20 PM. Bus route information will be made available through the Parent Portal of Infinite Campus in August.

Parents and guardians are encouraged to check the District Transportation web page regularly for the latest updates on transportation schedules and to review the Transportation Handbook for guidance and FAQ.

Questions regarding transportation should be directed to the Transportation Office at 914-422-2110

VISITORS

Throughout the year, there are many opportunities for parents to visit classrooms, including parent/teacher conference days and American Education Week. Parents who wish to meet with their child's teacher/principal should either call the teacher/principal or send a note or email requesting a meeting. When requesting the appointment, parents should indicate when they are available to come into the school.

To ensure the safety of our students, all visitors must report to the school office upon entering a building and present photo identification to receive a visitor's pass. The District will inform parents of any necessary changes in visitor policies to ensure the health and safety of our students, staff and families.

VOLUNTEERS AND COMMUNITY SERVICE

Students are encouraged to volunteer through a Community Service Program at White Plains High School in which they receive recognition and Community

Service credit on their transcripts for 60 or more hours of service. Assistance is provided to secure placement in local agencies and organizations.

Adult volunteers are welcome in the White Plains Schools. For further information, call 422-2013.

WEATHER EMERGENCIES

Families will be notified of school closings or delayed openings in bad weather via ParentSquare. Tune in to radio station WFAS (1230 AM, 103.9 FM), the District's cable TV stations - Cablevision Channel 77 or Fios Channel 46 - or the District's website, www.whiteplainspublicschools.org. Please do not call the schools or the Board of Education. For delayed openings, buses (including those for private schools and special education) will operate one or more hours later than the usual schedule, as announced.

Bulletins will be broadcast by radio stations Mets Radio and WINS (1010 AM), Television stations WNYW (Channel 5), News 12 (Channel 12), WNBC-TV (Channel 4), WABC-TV (Channel 7), and WCBS-TV (Channel 2).

Parents who are not home during the day should make provisions for their children to go to the home of a friend or neighbor if bad weather requires an early closing. An alternate emergency phone number should be given to the child, filed with the school and updated with ParentSquare when there are any changes.

When District schools are closed due to bad weather, no transportation will be provided for BOCES, private/parochial or special education schools normally serviced by the school district.

When private or special education schools announce a delayed opening that is in conflict with the District's schedule, the District will do its best to accommodate the delay, but cannot guarantee that buses will run at the time announced by the specific school.

If schools are closed for more than three days due to weather, schools will be open in the following order: March 30, 31 and April 1.

If no snow days are used, schools will be closed on May 21, 22, and 26.

If one snow day is used, schools will be closed on May 22 and 26.

If two days are used, schools will be closed on May 26.

Yandel - Grade 11

Jeremy - Grade 11

Veeda - Grade 8

WORKING PAPERS

Working papers are required for the employment of any boy or girl from the age of 14 to 18. Middle School students may obtain an application form from the School Nurse; High School and Rochambeau School students from their Main offices.

To secure working papers, the applicant needs the signature of a parent/guardian on the application form, proof of age and a physical fitness certificate (not more than one year old) from a private or school physician.

Applications and permits also may be obtained at the Family Information Center located at 17 Amherst Place. Call 914-422-2038 for further information.

YOUTH BUREAU PROGRAMS

The White Plains Youth Bureau of the City of White Plains provides a range of youth development services for White Plains youth throughout the year. Before school programming is available at all elementary schools and Afterschool Centers are run at all elementary schools and at Eastview and Highlands Middle Schools. These provide homework help, recreational activities and a variety of special programs including Science, Technology, Engineering, Art and Math (STEAM). The Centers are in session from school dismissal until 6 pm (extended day is also available).

The Youth Bureau offers many opportunities for our youth – most of them FREE! These range from Boxing to Capoeira to Open Gym. The Youth Bureau's Youth Employment Services provide White Plains youth between the ages of 14 to 24 with referrals for full and part-time employment throughout the year, career exploration programs and job readiness training. A Y.E.S. staff member is available at White Plains High School in the H Cafeteria, Monday through Friday, 9 am – 12:30 pm.

The Youth Bureau also offers programs that provide career pathways into fields of Aviation, Manufacturing, Retail Service, and more. The Aviation Academy offers youth "real life" experience using a flight simulator! These programs may also provide opportunities for internships to get hands-on experience. Juniors and Seniors can take fall and spring college courses for free and receive college credits through a partnership between the Youth Bureau and the College of Westchester. Counseling services are also offered for children, students and families.

During the summer, the Youth Bureau has a variety of 6-week camps and programs and job opportunities that run at various school and community locations. The Bits N' Pieces Tutorial Summer Camp is for children entering 1st – 5th grade, the White Plains Youth Bureau Community Youth Court for 9th – 11th grade students, a Health & Wellness program for students entering 6th – 8th grade, the Greening & Community Garden programs for Middle and High School students, the Entrepreneur Summer Program and the Summer Career Academy for youth entering the work force and a Middle School STEM Camp. All these programs are designed to provide students support as well as be fun and hands on.

For further information, visit the Youth Bureau webpage: whiteplainsyouthbureau.org or call 914-422-1378, Mon. – Fri., 9 am – 8 pm (school year) & Saturdays, 12 pm – 8 pm / Mon. – Fri. 9 am – 5 pm (summer hours). Spanish speaking staff is available Monday – Friday, 9 am – 5pm.

ACADEMIC SUPPORT SERVICES PROVIDED BY THE WHITE PLAINS PUBLIC LIBRARY 100 Martine Ave., White Plains, NY 10601 For full information visit whiteplainslibrary.org

The Trove is the place for children and families through Grade 6 to find books, movies, and helpful resources. Youth can enjoy fun and educational programs such as book clubs, arts and crafts, STEM classes and more!

The Edge is the Library's welcoming and inclusive space for Grades 7-12. Teens can come to this space to hang out and do homework, or attend our various programs, including video games, volunteering opportunities, crafting sessions, movie nights, and more!

Tutoring and Homework Help: During the school year, stop by the Library for homework help (check the Library's website for dates and times) from our Teacher in the Library program or access FREE real-time online tutoring at any time through the Library's subscription to tutor.com.

Books, Reading, and Literacy: The Library is committed to supporting reading and literacy skills for all youth. Talk to a librarian about finding your perfect read, or visit whiteplainslibrary.org/reading-lists to browse online.

After Hours for White Plains Teens is a monthly program just for White Plains teens grades 9-12 to enjoy various activities like karaoke, trivia and more! Mark your calendars for the first Friday of each month during the school year.

Connect with us!   @WhitePlainsLibrary

STATE TAX CODE NUMBER

New York State Resident Income Tax forms IT 200 and IT 201 require you to enter the name and code number of the public school district where you resided as of December 31st of the tax year. State distribution of financial aid is based on this data, as reported by taxpayers.

The White Plains City School District Code Number is **699**.

FOR EASY REFERENCE

The following is a listing of districtwide administrators. You may call these people directly by using the 422 exchange and the extension listed next to their names. School administrators and their phone numbers are listed on the individual building pages.
