

Siblings of Current Student Policy

TLC Academy is required as an Open-Enrollment Charter School to hold a lottery on available positions in the school. As stated in the original charter application approved by the Texas Education Agency, *"Vacancies in each class are then determined and the siblings of returning students are given priority in admission."* TLCA defines siblings as a family member permanently residing within the same household as a currently enrolled student. Furthermore, a sibling is also defined as any full, half or step-brother/sister of a currently enrolled student regardless of the status of custody, so long as the brother/sister lives within the boundaries set forth in the Charter Application or any Amendments thereto.
