WHO TO CONTACT

The purpose of this information is to make clear to students and parents the policies and procedures of La Junta Junior/Senior High School. We hope you will take time to go over it carefully so you can be informed and supported.

Should a problem or concern arise regarding a particular teacher, we encourage you to follow these steps:

1. **Contact the teacher.** The teacher is the best person to clarify and resolve concerns in the classroom. Do not fear a question or a complaint. You benefit when you show enough interest to contact a teacher. Email is a more efficient way of contacting teachers. However, if necessary, you can call 384-4467 to contact a teacher. All staff email addresses can be found on our website, www.lajuntaschools.org.
2. **The Infinite Campus Parent Portal** is a valuable tool that students and parents can use to monitor student progress. Contact our Student Advocate for help in getting set up on the portal.
3. **Contact an administrator.** If you have discussed the problem with the teacher and still have concerns, feel free to contact the appropriate administrator. If the problem concerns discipline or attendance, please contact the Assistant Principal or Dean of Students.
 - a. **Note:** Teachers are expected to keep parents informed of any concerns they have regarding student behavior and academic progress. Consequently, a teacher may contact the parent to arrange a conference or to discuss the student’s behavior.

RAISING THE BAR - CREATING A CULTURE OF LEARNING

Our Expectations for Student Achievement and Behavior

Building a Successful School

The East Otero School District is investing heavily in some of the key elements that make schools successful:

- Curriculum - carefully laying out “what we teach” our students
- Learning - shifting our focus on “how we teach” our students
- Assessment - creating measurements of “how well we taught” our students

We are committed to having high expectations of ourselves, and we also have high expectations of all our students and believe you can succeed.

Establishing a Culture of Learning

We make education our top priority! That is the reason we come to school every day. Our staff firmly believes that all students can pass their classes and be successful. We maintain high expectations for our students so we can create a productive culture of learning.

How We Raise the Bar

- We want to protect the rights of all students in a classroom so each can receive their education.
- We want to maintain a culture of learning in classrooms where students value what has been prepared for them that day, and they allow their teachers to teach.
- We want parents to be confident in the fact that their student is coming to school and learning every day and not having their right to an education interfered with by students who refuse to be focused in classrooms.

We commit to involving students and parents in this process. **When a teacher has to issue multiple redirects to a student and the student’s behavior is not changing, the teacher will contact the parent about the situation for assistance with improving it.** If this situation continues and works its way up to administration, administration will contact the parent again to work together on resolving the situation. We intend to convince students to change this kind of behavior before they get suspended for it.

We will also teach all our students about our high expectations for them. We will gather students together in the first week of school, by grade levels, and talk through this process. We want students to know how this process works and how to succeed.

We want our students to succeed, and schools can’t do it alone. We need parents to be involved with students and the school. Research has shown that when parents are involved, students perform better at school. Parents should regularly monitor students' grades and attendance. We want to work together to create a successful school and incredible futures for ALL!

Join us in working together for our children

We all want our kids to succeed, and schools can not do it alone. We need you as parents to be involved with your student and the school. Talk to them about the fact that we are “raising the bar” at school. Check their grades, check their attendance. Your child may try to push you away when it comes to school, but all the research has shown that when parents are involved, kids do better at school. WE appreciate the challenges that you face as parents in raising this generation - they are smart and tough! This is why we want to work together with you to create our successful school and incredible futures for your children.

ATTENDANCE POLICIES

Report Time is 7:50 am to 4:00 pm

General Attendance Procedures

The Board of Education believes that attendance is a key factor in student achievement. Consistent attendance fosters an environment conducive to learning and personal development. The primary responsibility for ensuring regular attendance lies with the student and their parent/guardian. The objective of the following procedure is to encourage students to be in class and to increase self-discipline by requiring them to take responsibility for their actions. These procedures should prove difficult for any student who is committed to coming to school to learn.

I. Clearing Absences

- A. Absences must be cleared promptly to ensure accurate record-keeping and to address any potential issues swiftly. The following outlines the procedure for clearing absences:
 1. **Same Day Clearance:** Absences must be cleared on the same day they occur. This can be done via phone or email.
 2. **Next Day Clearance:** If same-day clearance is not possible, the student must bring a note signed by the parent/guardian on the following day.
 3. **Contact Information:**
 - a) **Phone:** Parents/guardians can call the attendance line at 719-384-4467, available 24 hours a day.
 - b) **Email:** Parents/guardians can also clear absences by email.
 - (1) Amanda Baker: abaker@lajunta.k12.co.us
 - (2) Renee Good: rgood@lajunta.k12.co.us
 4. **Planned Absences:** For planned absences, calls, notes, and/or emails can be made in advance.
 5. **In-person Clearance:** Parents/guardians may also come into the attendance office personally to clear absences.
 6. **Doctor's Notes:** Doctor's Notes must be submitted within two days of the absence. Notes received after this deadline will not excuse the absence, leaving it marked as unexcused.

II. Signing Out

- A. Students must sign out in the office anytime they leave the building during school hours. This process includes the following steps:
 1. **Permission Required:** A parent/guardian must contact the office and provide permission for the student to be released. *(9th-12th students only)*
 2. **Truant:** Leaving the school without permission is considered truant. The missed period will be marked as an unexcused absence and cannot be changed to excused.
- B. **Specific Procedures for Junior High Students**
 1. **Parental Presence:** A parent/guardian is required to come into the office to sign out the student in person.

III. Unverified Absences

- A. If a student is absent and no contact has been made to explain the absence, the attendance secretary will take the following actions:
 1. **Home Contact:** The attendance secretary will contact home to inquire about the nature of the absence.
 2. **Unexcused Absences:** If the school cannot verify the reason for the absence, it will be recorded as unexcused.

IV. Decision-Making Authority

- A. Decisions regarding unexcused absences are made by the principal and truancy officer, not the attendance secretary. If a student or parent/guardian believes that an absence should be excused but was not, they can present their case during the 8-day review meeting.

Truancy Court Procedures

According to the Colorado Revised Statutes (C.R.S. 22-33-107 (3)), a child is considered habitually truant if they have attained the age of six on or before August 1 of the year in question and are under the age of seventeen years, having:

- Four unexcused absences from public school in any one month, or
- Ten unexcused absences from public school during any school year.

I. Procedure for Addressing Truancy

A. Four Unexcused Absences

1. **Notification:** The school will mail a letter to inform you that your student has reached four unexcused absences.
2. **Action Required:** If you have any questions about your student's attendance, you should contact the school immediately.

B. Eight unexcused absences

1. **Meeting Scheduling:** The school will call you to schedule a meeting to discuss a plan to improve attendance.
2. **Formal Notification:** A formal letter will be mailed to you with the meeting information.
3. **Meeting Objective:** The meeting will focus on understanding the reasons for the absences and developing a strategy to improve attendance.

C. Ten or More Unexcused Absences

1. **Truancy Filing:** Truancy will be filed with the court.
2. **Summons Issued:** You, the parent/guardian, will be served a summons to appear in court regarding your child's truancy.

D. Support and Resources

1. The school is committed to supporting students and families to prevent habitual truancy. If your student is experiencing difficulties that affect their attendance, please do not hesitate to reach out for assistance. Our goal is to ensure every student has the opportunity to succeed academically and personally.
 - a) **Student Meeting:** A School Representative will meet with your student to discuss the reasons for their absence, implement strategies for success, and offer any necessary support.
 - b) **Parent/Guardian Outreach:** A School Representative will also reach out to the parent/guardian to offer support for both the student and the family in order to improve attendance.

Tardy Procedures:

- I. **Importance of Punctuality:** Being in the classroom when class begins is paramount for academic success. Students benefit greatly from hearing the day's lesson and tasks explained by the teacher. Additionally, the school is legally obligated to ensure the whereabouts of students during the school day. Understanding the significance of punctuality is crucial for maximizing learning opportunities.
- II. **Policy JH Guidelines:** Tardiness is defined as the appearance of a student without proper excuse after the scheduled start time of class on time.
- III. **School Tracking of Tardies:** While the school may not have legal obligation to track tardies, it is nonetheless a priority for us to ensure students are present and engaged in their learning. Therefore, the school will be diligently monitoring tardies.
- IV. **Notification Process:** Upon accumulation of tardies, a formal letter will be mailed to parents/guardians, detailing the number of tardies accrued by the student.
- V. **Support and Intervention:** Recognizing the importance of addressing tardiness promptly, the school will offer support and intervention to assist students in arriving to class on time.
- VI. **Penalties for Excessive Tardiness:** Due to the disruptive nature of tardiness and its impact on the learning environment, appropriate penalties may be imposed for excessive tardiness. These penalties may include loss of privileges or other consequences aimed at fostering behavioral change.

VII. Procedures:

A. Reporting Tardiness:

1. Students are expected to be in class before the tardy bell rings for each period.
2. Any student arriving late to school for the 1st period must report to the main office and sign in.

3. Students tardy to class from 2nd to 7th period are required to report to their classroom immediately where the teacher will note the time of arrival.

B. Teacher Discretion: Teachers may exercise their discretion in managing tardiness within their classrooms.

C. Consequences for Tardiness: Students accumulating more than six tardies per quarter will face the loss of privileges, including attending dances, field trips, or other activities deemed appropriate.

Chronic Absenteeism Policy

- I. Importance of Daily Attendance:** The educational process thrives on consistent, daily instruction, enabling students to actively participate in classroom discussions, debates, and receive direct guidance from their teachers. Recognizing these, maintaining regular school attendance is fundamental to fostering an environment conducive to academic success.
- II. Legal Obligations:** In accordance with Colorado Revised Statute (C.R.S. 22-32-104), parents are mandated to ensure their child(ren) attend school regularly. This legal requirement underscores the importance of consistent school attendance in the academic journey of students.
- III. District Policy JH Guidelines:** Policy JH (Student Absence and Excuses) delineated the impact of excessive absences on a student's academic progress. Specifically:
 - A. Identification of Chronic Absenteeism:**
 1. A student who occurs 10% or 15 total absences throughout the school year, regardless of their classification as excused or unexcused, may be deemed "chronically absent" by the principal or their designee.
 2. Notably, absences resulting from suspension and/or expulsion are not included in the calculation of total absences for determining chronic absenteeism.
- IV. Intervention and Support:** Recognizing the detrimental effect of chronic absenteeism on academic achievement, a formal meeting may be convened to discuss the student's absence percentage and to devise a comprehensive plan aimed at improving their attendance.
- V. Truancy Intervention:** In cases where chronic absenteeism persisted unabated and its severity warrants further action, truancy may be filed to address the issue effectively.

Online Attendance Guidelines

- I. Check-In Procedures:** Students participating in online learning have received detailed instructions regarding attendance protocols. These guidelines specify the times for students to connect with their teacher or online representative.
- II. Monitoring Capabilities:** Administrative oversight includes monitoring students' online activity, tracking login times, duration spent on coursework, and logout times.
- III. Check In Frequency:** Generally, online students are expected to check in twice during the morning. However, accommodations tailored to individual student needs may result in various issues with this schedule.
- IV. Accommodation Details:** Specific accommodations, if applicable, are outlined within the online agreement, ensuring clarity and consistency in attendance expectations for all online learners.

STUDENT DRESS CODE

A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to encourage school pride and unity, and thereby help students concentrate on schoolwork, reduce discipline problems, and improve school order and safety. The Board of Education recognizes that students have the right to express themselves through dress and personal appearance; however, students shall not wear apparel that is deemed disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school. Therefore, rules concerning student dress may be established by the school administration to ensure that student dress meets standards of cleanliness, healthfulness and safety and does not disrupt the educational process.

Any student deemed in violation of the dress code shall be required to change into appropriate clothing or make arrangements to have appropriate clothing brought to school immediately. The Board of Education directs school administration to establish discipline guidelines to follow when a student does not abide by the dress code, especially for repeat offenders.

Unacceptable Items

The following items are deemed disruptive to the classroom environment or to the maintenance of a safe and orderly school and are not acceptable during regularly scheduled school hours:

- 1) Shorts, dresses, skirts or other similar clothing shorter than finger-tip length
- 2) No slippers or pajama pants allowed
- 3) Sunglasses, Baseball caps, stocking caps, hoodies, leg, arm, and bandannas are not permitted in the building. Caps are only permitted to be worn on Orange and Black days (Thursdays) throughout the school year.
- 4) Inappropriately sheer, tight or low-cut clothing (e.g., midriffs, halter tops, backless clothing, tube tops, garments made of fishnet, mesh or similar material, muscle tops, etc.) that bare or expose traditionally private parts of the body, including, but not limited to, the stomach, buttocks, back and breasts.
- 5) For grades K through 12, sleeveless shirts for both boys and girls.
- 6) Any clothing, paraphernalia, grooming, jewelry, hair coloring, accessories, or body adornments that are or contain any advertisement, symbols, words, slogans, patches, or pictures that: Refer to drugs, tobacco, alcohol, weapons or are of a sexual nature; by virtue of color, arrangement, trademark, or other attribute, denote membership in gangs which advocate drug use, violence, or disruptive behavior, are obscene, profane, vulgar, lewd, or legally libelous
 - Threaten the safety or welfare of any person
 - Promote any activity prohibited by the student code of conduct
 - Otherwise disrupt the teaching-learning process

Exceptions

Appropriate athletic clothing may be worn in physical education classes. Clothing normally worn when participating in school-sponsored extracurricular or sports activities (such as cheerleading uniforms and the like) may be worn to school when approved by the sponsor or coach.

According to policy JICF-R, the type of dress, apparel, and activities displayed by students must not cause school officials to reasonably believe that they are gang-related and would disrupt or interfere with the school environment. The administrators are empowered to make this decision, and it is typically done on a case-by-case basis. If a student is asked by the administration to correct this issue, they will only be asked once. The second time it occurs, the student will be formally written up on the district gang policy, with parents being notified. After that, an immediate 5-day suspension will result.

Appropriate athletic clothing may be worn in physical education classes. Clothing normally worn when participating in school-sponsored extracurricular or sports activities (such as cheerleading uniforms and the like) may be worn to school when approved by the sponsor or coach.

ELECTRONIC DEVICES

The Board of Education believes personal technology devices may be useful tools for students in the educational environment and can play a vital communication role during emergency situations. However, ordinary use of personal technology devices in school situations must be regulated to ensure that the use of such devices does not disrupt or interfere with the educational process or school operations.

For purposes of this policy, "personal technology device" (PTD) includes any privately-owned portable technology device, including but not limited to cell phones, earbuds, Smartwatches, pagers, tablets, laptops, cameras, audio and/or video recorders and players, and all other hand-held electronic communication and data storage devices.

Students may use PTDs as a designated tool for learning if authorized by the student's teacher. It is the student's responsibility to ensure that the PTD is turned off or placed in silent mode during unauthorized times in a pocket or backpack before entering the classroom.

Student use of PTDs with cameras and/or video recording capabilities is prohibited in locker rooms, bathrooms or any other location where such use could violate another person's reasonable expectation of privacy.

Students shall not use PTDs to engage in, promote, or facilitate any other conduct that violates the student code of conduct, other Board policies or regulations, or state or federal law.

Violation of this policy or any other district, school, or classroom rule or regulation on student use of PTDs may result in disciplinary measures and/or temporary confiscation of the PTD. Confiscated devices shall be returned to the student only after a conference with the parent/guardian, student, and school personnel. If the building principal or designee believes a student's possession or use of a PTD may involve a violation of the law, the building principal or designee may also refer the matter to law enforcement.

The district shall not be responsible for loss, theft, or destruction of PTDs brought onto school or district property or while the student is attending district or school-sponsored activities or events.

If they are visible (on a desk or in hand) it is a violation. PTD violations of these electronic devices will be combined as one for purposes of consequences:

1. 1st offense - Device will be confiscated, and students can pick up the device in the office after school.
2. 2nd offense - Device will be confiscated, and parents will have to pick up the device after school.
3. 3rd offense - Device will be confiscated, parents will have to pick it up, and have a meeting with the admin.
4. 4th offense - One Day OSS
5. 5th offense - 3 days OSS
6. 6th offense - 5 days OSS

Be aware that the school is NOT responsible for your private property! You bring and use these devices at school at your own risk! If you choose to bring your private property to school, please be responsible with your items. We will not be able to assist you if your private property is stolen!

3. Classroom Checkout: Students are required to scan their identification card when leaving the classroom (e.g., for bathroom use or other approved purposes) and again upon returning.

Lockers will be available upon request at registration or in the front office. It is the student's responsibility to keep lockers clean and in good condition. Lockers are the property of the school and are loaned to the students for their personal use. Lockers are subject to inspection at any time by the administration. The school assumes NO responsibility for personal property located in lockers. To avoid theft, it is advised not to set your combination. You should keep your combinations confidential and secure. We suggest that large amounts of money and/or other valuables not be kept in lockers.

The parking lot is off limits to all students unless you are entering or leaving campus. Please abide by the following procedures.

1. No students may park in the north faculty parking lot or the east side of the lot between the school and the gym. These areas are only for faculty.

All students are required to have a signed statement indicating they and their parents have read the policy before they are allowed to participate in any interscholastic activity. Parents only have to sign this policy once, regardless of the number of activities the student participates in, or the number of students the parent has in school. See policy JICH and JICH-R for a more thorough explanation of the district's drug and alcohol policies.

MakeUp Work

Students are responsible for making up any work missed during an absence. They should check their Google Classrooms for assignments and advocate for themselves by requesting any additional work from their teachers. Students are allowed one class day for each day of absence (up to a maximum of five days) to complete and submit missed assignments.

Following an excused absence of 5 days or more, a maximum of 10 school days will be allowed for the student to submit missing work unless otherwise addressed by the administration.

Students are expected to adhere to the project deadlines as communicated. If a student is present on the day the project deadline is announced but is absent in the days leading up to the deadline, they are still responsible for submitting their assignment on time. Absence before the deadline does not grant an extension, as the deadline has been communicated several days in advance.

If a student knows in advance they will be absent, they should check with their teachers prior to the absence to see what they will be missing on those days, especially for any extracurricular activities.

Any excused absence where the work is not made up in the required time frame can be made up for partial credit under the teacher's discretion.

During a suspension, a student must make up the work on Google Classroom. All work will be due the day the student returns to class after the suspension.

Extra-curricular Activities

Every student is encouraged to participate in Extracurricular Activities. Join activities that interest you! When you commit yourself to an activity, you owe it your best efforts, not only to benefit the club, but yourself. If you fall behind in your schoolwork, extra help and teacher conferences take precedence over any Extracurricular activity, and you may be requested to drop extracurricular activities. Students must be eligible to travel with the team to attend an activity.

Clubs

Band	Knowledge Bowl	Choir	NHS/NJHS	Pawsitive Impact
FBLA	Journalism	Forensics	Drama	Student Council
FCA	Hi-Teens	Dungeons & Dragons	eSports	FFA

Calendar/Scheduling Conflicts

We applaud you for being a student who gets involved in school activities! If you find yourself in a situation where there is a conflict between two or more of your activities, you are responsible for:

1. INFORM your teacher (s), coach (es,) and sponsor(s) of the conflict.
2. ACT immediately! Don't hope that this situation will just go away. If you delay, it leaves all of your coaches/sponsors in a tough situation.
3. You may be faced with making a CHOICE between two activities. Unfortunately, sometimes this cannot be avoided. The Athletic Director will help you through the decision-making process and inform your coaches/sponsor.
4. If you take an online course instead of the same course that we offer at the high school, the student is responsible for the payment of that class.

Assemblies

Pep assemblies will be held in the gym. Please sit by class (freshmen, sophomores, juniors, seniors). All students are expected to attend. Fine Arts and educational assemblies will be held in the Auditorium. Students are expected to display proper behavior in all assemblies.

School Spirit

School spirit may be divided into three categories:

1. Courtesy toward teachers, fellow students, and officials at athletic events.
2. Pride in everything our school endeavors to accomplish and has accomplished.
3. Sportsmanship - the ability to win and lose gracefully. School spirit means loyalty to all functions of the school. A loyal student supports the school and does the utmost to keep scholastic and activity standards at the highest possible level.

Athletic/Activities School-Wide Eligibility

All participants in interscholastic athletics are subject to the eligibility rules of the Colorado High School Activities Association. Also, all La Junta Jr/Sr High School students, grades 7-12, will be placed on the weekly eligibility report, which will be printed on the first day of each week. Those students who participate in clubs, extra-curricular activities, and athletics are subject to meeting our requirements. Each sponsor, leader, or coach will be responsible for confirming that students are eligible to participate.

1. Eligibility is checked on a weekly basis.
2. Teachers are required to have an average of two grades per week.
3. A student failing two or more classes in the same week or the same class two consecutive weeks is ineligible for one week.
4. Eligibility reports are pulled on Monday at 7 am, and the list is completed by the 2nd hour.
5. Students declared ineligible will not be allowed to compete, perform or travel with their group from Monday through Monday of the week.
6. Ineligible students may continue to practice with the team or group.
7. All participants in interscholastic activities or athletics must earn a minimum of 2.5 credits each semester in order to be eligible to participate the following semester.
8. This eligibility policy applies to all sports, clubs, organizations, and all dances.
9. If drama students are ineligible during a production week, they will be allowed to participate during the scheduled production. They will, however, be ineligible for the following production.

NCAA Eligibility

If one of your goals is to play athletics in a Division I or Division II college or university, it is very important that you begin academic planning as early as possible. Please talk to your counselor or visit the website www.ncaaclearinghouse.net

Eligibility to Hold Office or be a King/Queen Candidate

To hold a school office or to be a King/Queen candidate, a student must:

1. Be in good standing in the school
2. Have and maintain a 2.0 cumulative GPA
3. The principal and/or designee has full authority to remove a student from office or place a student on probation
