ECISD Children's Center – Supporting Teen Parents and Their Children

The ECISD Children's Center is dedicated to providing a safe, nurturing, and high-quality learning environment for the children of our teen parents attending ECISD schools. In the picture is senior, Jalissa Jimenez, dropping off her baby at the children's center on the first day of school. Jalissa said, " What I like about the daycare is seeing my baby smile every time I walk in and when I pick him up. The teachers and staff are very wonderful and helpful and I know my baby is in good hands."

The goal is to support young families by offering convenient, childcare that allows student parents to focus on their education to graduate high school.

The ECISD Children's Center is Texas Rising Star Certified.

ECISD Childrens Center
