DENMARK HIGH SCHOOL

Decision to Accept or Deny Self-Pay GAVS or any Online Course Credit for Transcript

According to Forsyth County Regulation JBC(4) –R(0)

Students who take Georgia Virtual School or any online tuition-based courses, have an option to have the course grade and credit posted to their transcript; however, if the course(s) is to be used to satisfy prerequisite and/or graduation requirements, the course must become part of the student's official transcript. Once credit is posted on the high school transcript, it cannot be removed.

Denmark High School will receive the course name and official grade directly from GA Virtual School. We must also receive this signed document requesting the grade be added to the student transcript before it can become a part of their official high school record.

Please return this form IN PERSON to **Danelle Zacholski-Hayes**, Counseling Secretary, in the DHS Counseling Office. **DO NOT EMAIL THE FORM**. Please indicate below if you are accepting the grade and credit/want them added to the student transcript or if you are denying the grade and credit/do not want them added to the student transcript. Once accepted/denied, the decision is final.

Complete one (1) form per Semester for the one (1) course you would like posted:

Print Student Name: _____ Student ID#_____

GA Virtual or Any Online Course Name: _____

Semester the course was completed (for example, Summer 2025): _____

_____ YES, I am accepting the final grade and credit for the above-named class.

_____ NO, I am not accepting the final grade and credit for the above-named class.

Student Signature: _____ Date: _____

Parent Signature: _____ Date: _____

Forms must be completed and turned in by December 1, 2025 in order for your online final grade to be added to your Denmark High School transcript
