

## How we got here.

Over the past year, District 115 navigated through the planning stages of a facilities master plan by providing numerous opportunities for community input. District 115 has remained committed to ensuring that many voices were heard throughout the planning process and held community forums, staff engagement opportunities, and listening sessions to gather feedback and ideas from all stakeholders. A dedicated webpage was created as a repository for information, an FAQ form, and videos as the planning and meetings progressed.

The challenges Y115 faces as a growing district are clear, and every idea possible needs to be captured as these innovative changes will shape our district for years to come. The following is a timeline of the planning and progress so far to date:

- **August 2024:**
  - Board of Education Facilities Workshop with Studio GC, the district's architectural firm.
- **October 2024 - February 2025 (Community Listening Sessions):**
  - The district hosted 17 Listening Sessions for various groups to gather community insights, suggestions, and ideas about the district's future growth and needs.
    - 10 Neighborhood School Building/Community Sessions
    - 4 Community-at-Large Sessions
    - 3 Staff Only Sessions
- **October 2024 - May 2025 (District Steering Committee Meetings):**
  - The District Steering Committee, composed of Community Members, Business Owners, Board of Education Members, Yorkville High School Students, and Y115 Staff Members, met seven times and reviewed the community suggestions and created the framework for next steps.
- **April - May 2025 (Community Feedback Sessions):**
  - The district hosted three Community Feedback Sessions for community members to review the progress made by the District Steering Committee based on the community's suggestions captured during the Community Listening Sessions. Additional community feedback was collected.
- **June 2025:**
  - The Board of Education approved four tentative options to be presented.
- **August 2025 (Community Engagement Sessions):**
  - Help finalize the Facilities Master Plan to support all students and staff. This is your chance to make an impact that will last for generations of Yorkville Foxes. Join us in prioritizing the projects suggested during the Community Listening and Feedback Sessions.
