## Parent and Family Engagement Policy

### 2025-2026

#### Parent & Family Engagement (PFE) Program

#### What is it?

Turlington Elementary is dedicated to providing a quality education for every student in our district. In support of the district mission to enable today's students to thrive and compete in the "twenty-first century workplace," Turlington will develop and nurture partnerships with parents/caregivers, students, and community stakeholders. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, school districts promise to meet the expectations laid out by the Texas Education Agency and the United States Department of Education.

#### Expectations & Objectives

Parents and families are a child's first teacher. Children imitate parents from the moment they are born. Therefore, a mutually beneficial relationship between school and home is in the best interest of every child. The expectation of our PFE Program is to foster communication and decision-making with parents about student performance and to collaboratively support learning. Our objectives are:

- effective two-way communication between school and home
- actively recruit parents/caregivers to participate in parent advisory capacity
- schedule meetings at convenient times and locations, including virtual meetings to participate in a comprehensive review of policy, budget, and programs for parent engagement
- establish campus level contacts to implement parent engagement activities and initiatives
- offer a flexible number of meetings, such as meetings in the morning or evening, as such services relate to parental engagement
- facilitate communication between parents/caregivers and Title I campuses in native language as represented by district demographics

#### Waller ISD will:

- Create a Parent Engagement Committees (PEC) to plan, develop, evaluate, support, and revise school improvement plans
- Hold regular meetings where the PEC will seek input of families, community members and educators
