SAFETY POLICY STATEMENT OF SENECA FALLS SCHOOL

We consider the safety and well-being of students, employees and the general public of prime importance in all school activities. Consequently, we must strive to provide a safe school environment by ensuring that:

1. All students and employees are provided all reasonable safeguards to insure safe educational and working conditions.
2. All instructional material, equipment, tools, machines and vehicles are maintained in good working condition.
3. Any unsafe condition or practice noticed by an employee will be corrected and/or reported to the safety coordinator immediately.
4. We continue to study and develop safe work methods and train students and employees in these methods.
5. We continue to comply with federal, state and local laws regarding accident prevention.

Responsibility for developing, directing and coordinating all safety policies and activities rests with the Safety Coordinator, Brian Heitmann.

The success of our accident prevention program depends on the continuing and sincere efforts of all employees and students and their active participation and support.

Dr. Michelle Reed, Superintendent
