## Maurita Coleman Simpson

Transportation Supervisor

---

**Welcome to the 2025-2026 school year!**

**We're so glad to have you back!**

The "Bus Route Information" tab in the [Infinite Campus Parent Portal](#) will show your child's bus stop location and time. The arrival time for the bus is an estimate for the first few weeks of school until normal routines are established by the bus driver. When after-school activities begin, your child will be eligible for an "after-school activity bus." These bus routes are abbreviated versions of the regular bus routes that children use. You will find your child's activity bus route number on his/her Infinite Campus Portal. Please visit your child's [school website](#) to identify which corner bus stop is closest to your home for the activity bus route that your child has been assigned.

The following guidelines are in place for everyone's safety. Please ensure your child is aware of these safety protocols and understands how to follow them.

- To responsibly manage the transportation budget and follow all safety requirements, it is important that **bus stops and routes established by the District be strictly adhered to.**
- Students must **arrive at the bus stop 10 minutes prior** to the estimated bus arrival time.
- Students need to be at their assigned bus stop *only* since each seat is accounted for.
- Students are **not to wait inside their homes** for the bus to arrive; students who are not at their assigned bus stop when the bus arrives will risk missing their bus. For everyone's safety and the efficient operation of the transportation program, bus drivers cannot delay the route while waiting for a student to arrive at the stop.

**For students assigned to a big bus, we offer a parent app called Stopfinder**, which enables you to see when the bus is approaching your child's assigned bus stop. Instructions and further details will be shared when the app is activated on Monday, September 29, 2025.

The beginning of any new school year comes with the typical arrival, loading and unloading delays; we appreciate your patience with us and each other. Bus riding is a privilege and may be suspended or revoked for inappropriate or dangerous conduct. Our buses are equipped with video and audio recording devices, which may be used to assist the District in identifying instances of questionable behavior.

Should you have concerns regarding routes, pick-up/drop-off, drivers or safety, please visit the [transportation page](#) of the District's website to access a "[Help Form](#)" (found within the "Contact Us" drop-down menu). Submitting your inquiry electronically through this "[Help Form](#)" is the most efficient way to receive a response. Please be aware that there will not be any bus stop changes for at least 30 days after school starts. For matters related to student behavior concerns on the bus, please contact the appropriate building's Principal or Assistant Principal.

We appreciate your cooperation and look forward to a wonderful school year!

Sincerely,

Ms. Maurita Coleman Simpson  
Transportation Supervisor
