referendum projects*

WHAT'S NEW?

The designs for both Farnsworth and Urban Middle Schools have now settled into their proposed footprints as the project reaches the 50% complete design milestone. While the overall layout is now in place, the design team remains actively engaged with staff and building users—shifting from broad conceptual discussions to more detailed conversations focused on individual rooms and specific functions.

As the floor plans settle, we're excited to share some of the preliminary renderings included with this progress report. These early visuals were presented to the Board of Education on May 27 and will be shared with the community during upcoming information and feedback sessions at both middle schools on June 3. We encourage all community members to attend, hear the latest updates, and share their feedback on the preliminary designs!

PLANNING & DESIGN UPDATE

Bray Architects has initiated coordination with the City of Sheboygan to align on necessary approvals and timelines to begin construction in spring of 2026. Meanwhile, the design and engineering teams are working with the City on utility connections and stormwater management plans for both sites.

Looking ahead, the design team will begin focusing on the interior design phase—developing cohesive, thoughtful interior environments that reflect the unique identity of each building.

NEXT STEPS

- Continued user group meetings
- Ongoing exterior design discussions
- Continued engineering coordination

COMMUNITY INFORMATION/ FEEDBACK SESSIONS

June 3rd

Farnsworth Middle School - **5:30 PM**

Urban Middle School - **7:00 PM**
