## SHEBOYGAN AREA SCHOOL DISTRICT PROJECT PROGRESS REPORT

*March 2025 Update*

Farnsworth Middle School Site Plan

### WHAT'S NEW?

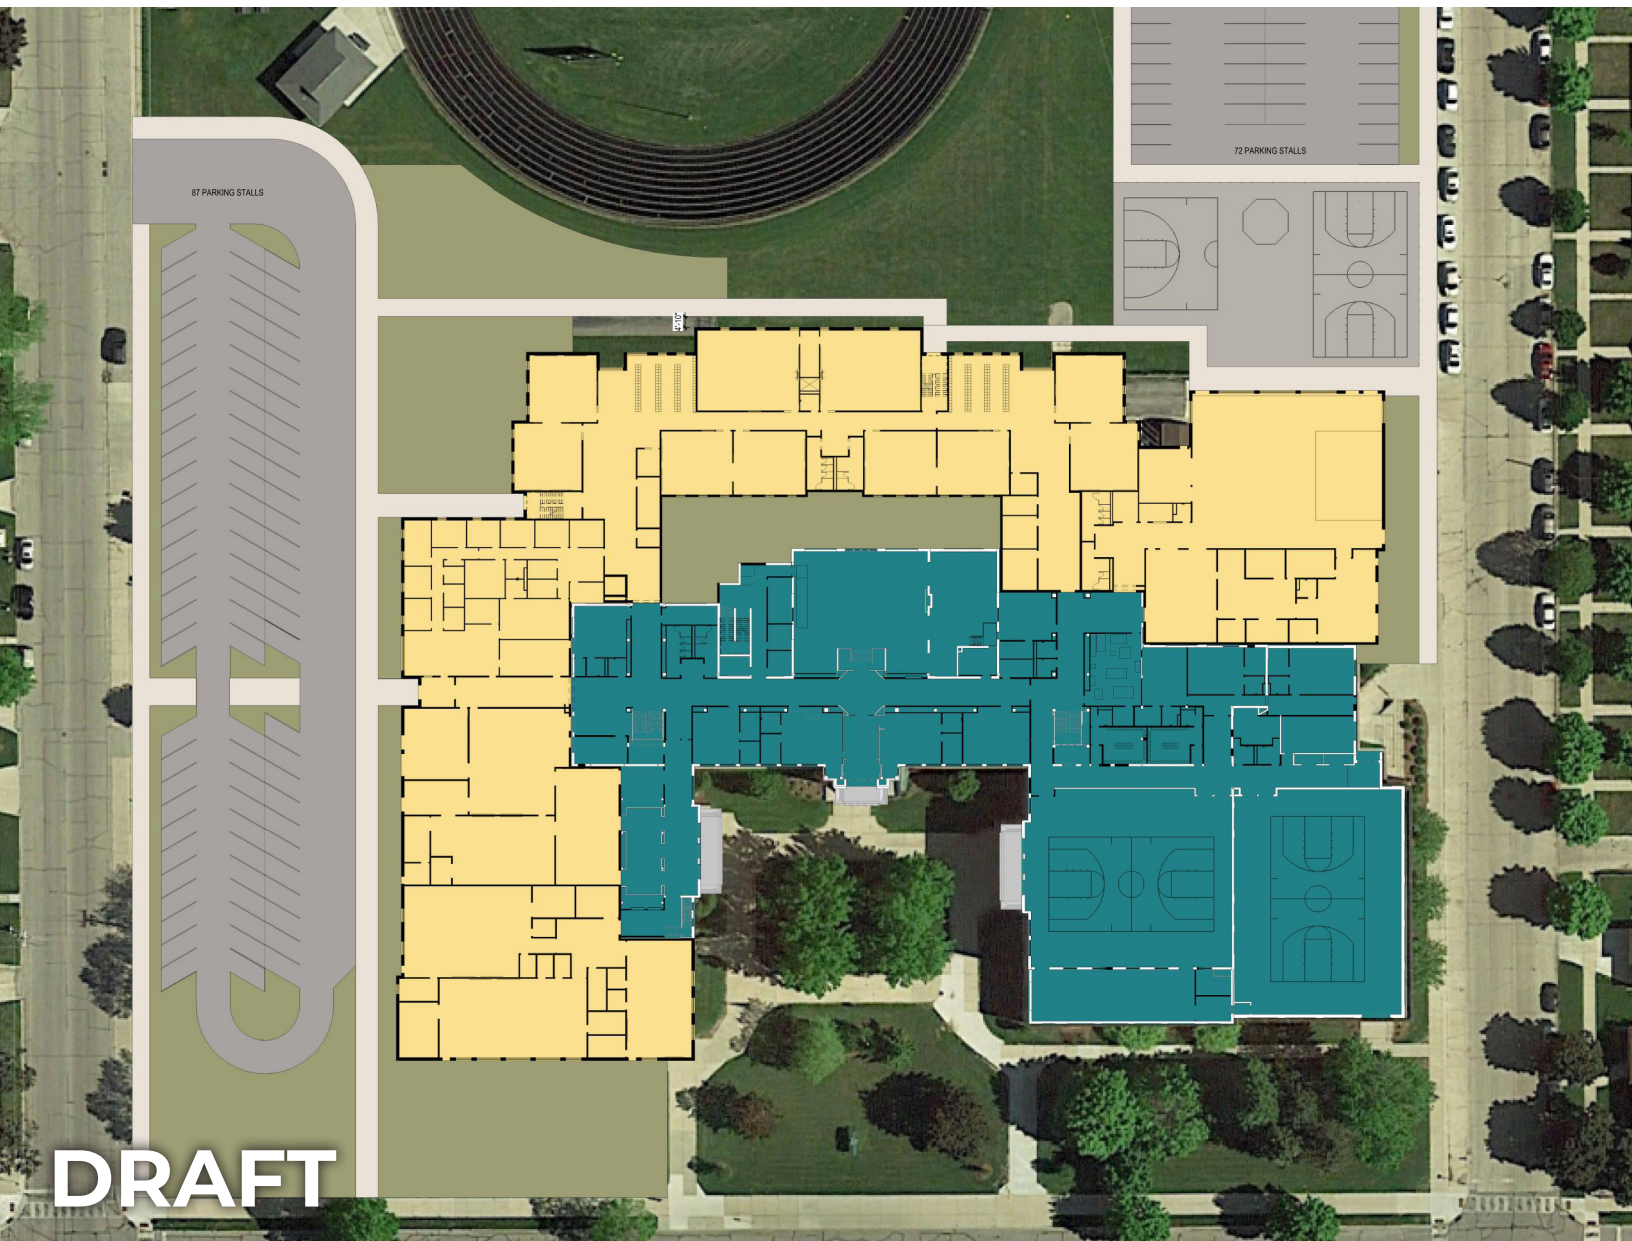

Design progress for both Farnsworth and Urban Middle School is well underway, with significant developments shaping the Farnsworth building. The design process has been highly iterative, leading the Core Planning Team to refine building layouts that will guide the next design phase. With the overall floor plan now taking shape, Bray Architects has begun engaging with staff and key users of each space. These meetings will take place monthly through August, providing opportunities for continuous refinement as the design evolves.

## PLANNING & DESIGN UPDATE

With the building footprint established, Bray Architects and engineering teams have started analyzing the site for grading considerations and exploring initial concepts for the buildings' exterior design. The Sheboygan Area School District is collaborating closely with Bray Architects to develop an exterior design proposal, which is expected to be presented to the School Board in May. Following this, community meetings will be held to share updates and gather feedback on the design.

## NEXT STEPS

- Ongoing user group meetings
- Development of exterior design concepts
- Continued engineering assessments

Urban Middle School Site Plan
