

Jasper Junior High School : 205-221-9277

Counselor: Patrick Rider, prider@jasper.k12.al.us

The Jasper Junior High School Counseling Program is designed to support every student's academic, career, and character development through a comprehensive, data-driven approach. Guided by the results of the annual administrative conference, the program emphasizes the four ASCA components—foundation, management, delivery, and accountability—to ensure that services meet the unique needs of our student population. Through classroom guidance lessons, individual and small group counseling, and system support initiatives, the program works collaboratively with teachers, administrators, families, and community partners to create a safe, inclusive environment where all students can thrive and reach their fullest potential.
