Bison Supporters,

As the 2025 football season is upon us, we wanted to make our community aware of several game night considerations for operation at our facilities this football season:

1. All children under high school age must be accompanied by a parent or guardian upon entry to the event.
2. Reserved seating has been sold by the Bison QB Club. Please be respectful of this seating which can be identified by names listed on the reserved seat.
3. Backpacks are not allowed inside the stadium.
4. No outside food or beverages can be brought into the stadium. The administration will ask that these items be thrown away before entry.
5. School personnel, emergency personnel, and approved media are the only people allowed at the field level inside the gate before and during the event.
6. Fans are not allowed on the field at any time.

Thank you for your consideration of these requests and your support of Station Camp High School. Go Bison!

Best Regards,

Station Camp High School Administration
